(ii) a week for which there is a state "on" indicator; and

(B) ends with either of the following weeks, whichever occurs later:

(i) the third week after the first week for which there is both a national "off" indicator and a state "off" indicator, or

(3) There is a "national 'off' indicator" for a week if the U. S. Secretary of Labor determines that for each of the three (3) most recent completed calendar months ending before such week, the rate of insured unemployment (seasonally adjusted) for all states was less than four and one-half per cent (4 ½%).

(4) There is a "state 'on' indicator" for this state for a week if the commission determines, in accordance with the regulations of the U. S. (A) equaled or exceeded one hundred and twenty per cent (120%) of the average of such rates for the corresponding thirteen (13) week period ending in each of the preceding two (2) calendar years, and

(B) equaled or exceeded four per cent (4%).

(5) There is a "state 'off' indicator" for this state for a week if the commission determines, in accordance with the regulations of the U. S.

HeinOnline -- 1975 vol. I 5 1975

Secretary of Labor, that for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this act—

(A) was less than one hundred and twenty per cent (120%) of the average of such rates for the corresponding thirteen (13) week period ending in each of the preceding two (2) calendar years, or

(B) was less than four per cent (4%).

(6) "Rate of insured unemployment," for purposes of paragraphs (4) and (5) of this subsection, means the percentage derived by dividing

(i) the average weekly number of individuals filing claims in this state for weeks of unemployment with respect to the most recent thirteen (13) consecutive-week period, as determined by the commission on the basis of his reports to the U. S. Secretary of Labor, by

(ii) the average monthly employment covered under this act for the first four (4) of the most recent six (6) completed calendar quarters ending before the end of such thirteen (13) week period.

(7) "Regular benefits" means benefits payable to an individual under this act or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits.

(8) "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provisions of this section for weeks of unemployment in his eligibility period.

Provided, that, for the purposes of this subparagraph an individual shall be deemed to have received all of the regular benefits that were available to him although (i) as a result of a pending appeal with respect to wages that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits.

(B) his benefit year having expired prior to such week, has no, or insufficient, wages on the basis of which he could establish a new benefit year that would include such week; and

HeinOnline -- 1975 vol. I 6 1975

(C) (i) has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, the Automotive Products Trade Act of 1965 and such other federal laws as are specified in regulations issued by the U. S. Secretary of Labor; and (ii) has not received and is not seeking unemployment benefits under the unemployment compensation law of the Virgin Islands or of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law he is considered an exhaustee.

(11) "State law" means the unemployment insurance law of any state, approved by the U. S. Secretary of Labor under section 3304 of the Internal Revenue Code of 1954.

(b) Effect of state law provisions relating to regular benefits on claims for, and the payment of, extended benefits. —Except when the result would be inconsistent with the other provisions of this section, as provided in the regulations of the commission, the provisions of this act which apply to claims for, or the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits.

(c) Eligibility requirements for extended benefits. —An individual shall be eligible to receive extended benefits with respect to any week of unemployment in this eligibility period only if the commission finds that with respect to such week:

(1) he is an "exhaustee" as defined in subsection (a)(10),

(2) he has satisfied the requirements of this act for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

(d) Weekly extended benefit amount. —The weekly extended benefit amount payable to an individual for a week of total unemployment in his eligibility period shall be an amount equal to the weekly benefit amount payable to him during his applicable benefit year.

(e) Total extended benefit amount. —The total extended benefit amount payable to any eligible individual with respect to his applicable benefit year shall be the least of the following amounts:

(1) fifty per cent (50%) of the total amount of regular benefits which were payable to him under this act in his applicable benefit year;

(2) thirteen (13) times his weekly benefit amount which was payable to him under this act for a week of total unemployment in the applicable benefit year.

(f) (1) Beginning and termination of extended benefit period. —Whenever an extended benefit period is to become effective in this state (or in all states) as a result of a state or a national "on" indicator, or an extended benefit period is to be terminated in this state as a result of state and national "off" indicators, the commission shall make an appropriate public announcement.

HeinOnline -- 1975 vol. I 7 1975

(2) Computations required by the provisions of subsection (a)(6) shall be made by the commission, in accordance with regulations prescribed by the U. S. Secretary of Labor.

(3) The effective date of subsection (a)(4) of this section shall be January 1, 1972.

(b) An individual disqualified by and pursuant to section 87-106, subsections (a), (b) and (c), shall have his maximum weekly duration reduced by the number of weeks equal to the number of weeks of disqualification.

(c) Effective with respect to compensation for weeks of unemployment beginning before December 31, 1976, and beginning after December 31, 1974, the determination of whether there has been a state "on" or "off" indicator beginning or ending an extended benefit period shall be made under this subsection as if paragraph (a) did not contain subparagraph (4)(a)(4)(A) and (4)(a)(5)(A) thereof.

(d) Effective with respect to compensation for weeks of unemployment beginning before December 31, 1976, and beginning after December 31, 1974, the determination of whether there has been a national "on" or "off" indicator beginning or ending any extended benefit period shall be made under subsection (a) as if the phrase "4.5 per centum", contained in paragraphs (4)(a)(2) and (4)(a)(3) read "4 percent (4%)"."

CHAPTER NO. 8

AN ACT TO CLARIFY SECTION 84-202, R.C.M. 1947.

WHEREAS, in 1973 several bills were introduced which proposed amending section 84-202, R.C.M. 1947. Two bills passed in 1973 and appear as chapters 266 and 361, Laws of 1973. These two chapters amended 84-202 by extending the tax exemption to unprocessed fruits and vegetables in farm storage and to freeport merchandise. Another bill amending section 84-202 was introduced in 1973 and held over until the 1974 session. This bill did not contain the 1973 amendments to section 84-202 and such amendments were never added to the bill. The bill was

HeinOnline -- 1975 vol. I 10 1975

passed and signed into law in its introduced form and appears as chapter 376, Laws of 1974. Therefore, to ascertain the present status of section 84-202, R.C.M. 1947, it is necessary to read the 1973 and 1974 session laws in conjunction with one another. The R.C.M. pocket supplements do not presently correctly reflect the status of section 84-202. Therefore, the purpose of this act is merely to clarify the law, and does not amend it in substance.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 84-202, R.C.M. 1947, is amended to read as follows:

"**84-202. For the purposes of this section, unless otherwise qualified, the term "public agency" includes municipality, as defined in this act, any agency of the state government and of the United States, and any municipality, political subdivision and agency of another state; and the term "governing body" means the governing body of a county or municipality, and the head of the agency if the public agency is other than a county or municipality. All powers, privileges and authority granted to any municipality by this act may be exercised and enjoyed jointly with any public agency of this state, and jointly with any public agency of any other state or of the United States to the extent that the laws of such other state or of the United States permit such joint exercise or enjoyment. If not otherwise authorized by law, any agency of the state government when acting jointly with any municipality, may exercise and enjoy all of the powers, privileges and authority conferred by this act upon a municipality.

(b) Agreement. Any two or more public agencies may enter into agreements with each other for joint action pursuant to the provisions of this section. Concurrent action by ordinance, resolution or otherwise of the governing bodies of the participating public agencies shall constitute joint action. Each such agreement shall specify its duration, the proportionate interest which each public agency shall have in the property, facilities and privileges involved, the proportion to be borne by each public agency of preliminary costs and costs of acquisition, establishment, construction, enlargement, improvement, and equipment of the airport or air navigation facility, the proportion of the expenses of maintenance, operation, regulation and protection thereof to be borne by each, and such other terms as are required by the provisions of this section. Each such joint board shall organize, select officers for terms to be fixed by the agreement, and adopt and amend from time to time rules for its own procedure. The joint board shall have power to plan, acquire, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect and police any airport or air navigation facility or airport hazard to be jointly acquired, controlled and operated, and such board may exercise on behalf of its constituent public agencies all the powers of each with respect to such airport, air navigation facility or airport hazard, subject to the limitations of subsection (d) of this section.

(d) Limitations of joint board.

(1) Expenditures. The total expenditures to be made by the joint board for any purpose in any calendar year shall be determined by a budget approved by the governing bodies of its constituent public agencies.

(2) Acquisitions beyond sums allotted. No airport, air navigation facility, airport hazard, or real or personal property, the cost of which is in excess of sums therefor fixed by the joint agreement or allotted in the annual budget, may be acquired by the joint board without the approval of the governing bodies of its constituent public agencies.

(3) Eminent domain. Eminent domain proceedings under this section may be instituted only by authority of the governing bodies of the constituent public agencies of the joint board. If so authorized, such proceedings shall be instituted in the names of the constituent public agencies jointly, and the property so acquired shall be held by said public agencies as tenants in common until conveyed by them to the joint board.

(4) Disposal of real property. (5) Police regulations. Any resolutions, rules, regulations or orders of the joint board dealing with subjects authorized by section 1-815 shall become effective only upon approval of the governing bodies of the constituent public agencies provided that upon such approval, the resolutions, rules, regulations or orders of the joint board shall have the same force and effect in the territories or jurisdictions involved as the ordinance, resolutions, rules, regulations or orders of each public agency would have in its own territory or jurisdiction.

(e) Joint fund. For the purpose of providing a joint board with moneys for the necessary expenditures in carrying out the provisions of this section, a joint fund shall be created and maintained, into which shall be deposited the share of each of the constituent public agencies as provided by the joint agreement. Each of the constituent public agencies shall provide its share of the fund from sources available to each. Any federal, state or other contributions or loans, and the revenues obtained from the

CHAPTER NO. 13

AN ACT TO AMEND SECTION 11-2707, R.C.M. 1947, TO PROVIDE THAT AN ORDINANCE CREATING A BOARD OF ADJUSTMENT MAY RESERVE CERTAIN DECISIONS TO THE CITY OR TOWN.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 11-2707, R.C.M. 1947, is amended to read as follows:

"**11-2707. Board of adjustment.** Such city or town council or other legislative body may provide for the appointment of a board of adjustment, and in the regulations and restrictions adopted pursuant to the authority of this act may provide that the said board of adjustment may, in appropriate cases, and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purposes and intent and in accordance with the general or specific rules therein contained.

An ordinance adopted pursuant to this section providing for a board of adjustment may restrict the authority of the board and provide that the city or town council, or other legislative body, reserves to itself the power to make certain exceptions to regulations, ordinances, or land use plans adopted pursuant to this chapter.

(1) The board of adjustment shall consist of five (5) members, each to be appointed for a term of three (3) years and removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

(2) The board shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to this act. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Such chairman, or in his absence the acting chairman,

HeinOnline -- 1975 vol. I 16 1975

may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

(3) Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board, or bureau of the municipality affected by any decision of the adminstrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all papers constituting the record upon which the action appealed was taken.

(4) An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

The board of adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by attorney.

(5) The board of adjustment shall have the following powers:

To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this act or of any ordinance adopted pursuant thereto.

To hear and decide special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance.

To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.

(6) In exercising the above-mentioned powers such board may, in conformity with the provisions of this act, reverse or affirm, wholly or partly, or modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

(7) The concurring vote of four (4) members of the board shall be

HeinOnline -- 1975 vol. I 17 1975

necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance.

(8) Any person or persons, jointly or severally, aggrieved by any decision of the board of adjustment, or any taxpayer, or any officer, department, board, or bureau of the municipality, may present to a court of record a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty (30) days after the filing of the decision in the office of the board.

(9) Upon the presentation of such petition the court may allow a writ of certiorari directed to the board of adjustment to review such decision of the board of adjustment and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten (10) days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

(10) The board of adjustment shall not be required to return the original papers acted upon by it, but shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(11) If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

(12) Costs shall not be allowed against the board unless it shall appear to the court that it acted with gross negligence, or in bad faith, or with malice in making the decision appealed from."

Approved February 21, 1975.

Section 1. Section 59-1614, R.C.M. 1947, is amended to read as follows:

"**59-1614. Mediation of disputes — fact-finding proceeding — arbitration.** (1) If after a reasonable period of negotiation over the terms of an agreement, or upon expiration of an existing collective bargaining agreement, a dispute concerning the collective bargaining agreement exists between the public employer and a labor organization, the parties shall request mediation.

(2) If upon expiration of an existing collective bargaining agreement, or thirty (30) days following certification or recognition of an exclusive representative, a dispute concerning the collective bargaining agreement exists between the employer and the exclusive representative, either party may petition the board to initiate fact-finding.

(3) Within three (3) days of receipt of such petition the board shall submit to the parties a list of *five (5)* qualified, disinterested persons from which list the parties shall alternate in striking *two (2)* names, and the remaining person shall be designated fact finder. This process shall be completed within five (5) days of receipt of the list. The parties shall notify the board of the designated fact finder.

The fact finder may make this report public five (5) days after it is submitted to the parties. If the dispute is not resolved fifteen (15) days after the report is submitted to the parties, the report shall be made public.

(6) The public employer and the exclusive representative shall be the only proper parties to fact-finding proceedings.

(7) The cost of fact-finding proceedings shall be equally borne by the board and the parties concerned.

(8) Nothing in this section prohibits the fact finder from endeavoring to mediate the dispute in which he has been selected or appointed as fact finder.

(9) Nothing in this section prohibits the parties from voluntarily agreeing to submit any or all of the issues to final and binding arbitration, and if such agreement is reached the arbitration shall supersede the fact-finding procedures set forth in this section. An agreement to arbitrate, and the award issued in accordance with such agreement shall be enforceable in the same manner as is provided in this act for enforcement of collective bargaining agreements."

Section 2. This act is effective on passage and approval.

Each witness who shall appear by order of the *division* shall be entitled to receive, if demanded, for his attendance the same fees and mileage allowed by law to a witness in civil cases in the district court, which amount shall be paid by the party at whose request such witness is subpoenaed, unless otherwise ordered by the *division*. When any witness, who has not been required to attend at the request of any party, is subpoenaed by the *division*, his fees and mileage may be paid from the funds appropriated for the use of the *division* in the same manner as other expenses of the *division* are paid. Any witness subpoenaed, except one whose fees and mileage may be paid from the funds of the *division*, may at the time of service demand the fee to which he is entitled for travel to and from the place at which he is required to appear, and one day's attendance. If such witness demands such fees at the time of service and they are not at that time paid or tendered, he shall not be required to attend before the *division* or referee, as directed in the subpoena."

The *division* before whom the testimony is to be given or produced, in case of the refusal of any witness to attend or testify or produce any papers required by such subpoena, may report to the district court in and for the county in which the proceeding is pending, by petition, setting forth that due notice has been given of the time and place fixed for the attendance of said witness, or the production of said papers, and that the witness has been summoned in the manner prescribed in this act, and that the witness has failed and refused to attend, or produce the papers required by the subpoena before the *division* in the case or proceeding named in the notice and subpoena, or has refused to answer questions propounded to him in the course of such proceedings, and ask an order of *the* court compelling the witness to attend and testify or produce said papers before the *division*. If it shall appear to the court that *the* subpoena was regularly issued by the *division* and regularly served, the court shall thereupon enter an order that *the* witness appear at the time and place fixed in *the* order, and testify or produce the required papers, and upon failure to obey *the* order, *the* witness shall be dealt with as for contempt of court. The remedy provided in this section is cumulative, and shall not be construed to impair or interfere with the power of the *division* to enforce the attendance of witnesses and the production of papers, and to punish for contempt, in the same manner and to the same extent as courts of record."

In any court proceeding, wherein the question as to whether or not an employer or employee has complied with and is operating under or bound by the provisions of the *Workers'* Compensation Act of the state of Montana, is a question for determination, a certificate by a member of the *division*, or by the secretary under the official seal of the *division*, certifying that such employer or employee has or has not complied with, and is or is not operating under, and is or is not bound by the provisions of the *Workers'* Compensation Act of the state of Montana, shall be prima facie evidence thereof."

"**92-832. The court may, upon the hearing, for good cause shown, permit additional evidence to be introduced, but, in the absence of such permission from the court, the cause shall be heard on the record of the *division*, as certified to the court by it. The trial of the matter shall be de novo, and upon such trial the court shall determine whether or not the *division* regularly pursued its authority, and whether or not the findings of the *division* ought to be sustained, and whether or not such findings are reasonable under all the circumstances of the case."

If the court *finds* from *the* trial, as aforesaid, that the findings and conclusions of the *division* are not in accordance with either the facts or the law, or that they ought to be other or different than those made by the *division*, or that any finding and conclusion, or any order, rule, or requirement of the *division* is unreasonable, the court shall set aside *the* finding, conclusion, order, judgment, decree, rule, or requirement of *the division*, or shall modify or change the same as law and justice shall require, and the court shall also make and enter any finding, conclusion, order or judgment that shall be required, or shall be legal and proper in the premises."

When any such cause is so appealed it shall have precedence upon the calendar of the supreme court, and shall be tried anew by *the* supreme court upon the record made in *the* district court and before *the division*, and judgment and decree shall be entered therein as expeditiously as possible."

Requiring security of employer.** If *the division finds* that *an* employer *does* not *have the* financial responsibility for the payment of the compensation herein provided to be paid, which might reasonably be expected to be chargeable to *the* employer during the fiscal year to be covered by *the* permission, *the division* must require *the* employer, before granting to him permission, or before continuing or engaging in such employment, subject to the provisions of compensation plan No. 1, to give security for such payment, which security must be in such an amount as *the division finds* is reasonable and necessary to meet all liabilities of *the* employer, which may reasonably and ordinarily be expected to accrue during *the* fiscal year. *The* security must be deposited with the *division*, and may be a certain estimated *percent* of *the* employer's last preceding annual payroll, or a certain *percent* of the established amount of his annual payroll for *the* fiscal year or *the* security may be in the form of a bond or undertaking executed to *the division* in the amount to be fixed by it with two *(2)* or more sufficient sureties, which undertaking must be conditioned that *the* employer will well and truly pay, or cause to be paid, all sums and amounts for which the employer shall become liable under the terms of this act to his employees during *the* fiscal year; or such security may consist of any state, county, municipal, or school district bonds, or the bonds or evidence of indebtedness of any individuals or corporations which the *division deems* solvent; and every such deposit and the character and amount of such securities shall at all times be subject to approval, revision, or change by the *division* as in its judgment may be required, and upon proof of the final payment of the liability for which such securities are given, such securities, or any remaining part thereof, shall be returned to the depositor. And to these ends, and for these purposes, the *division* shall be deemed to be the owner of *the* deposit and security and the obligee in *the* bond in trust for the purposes, and may proceed in its own name to recover upon *the* bonds, or foreclose and liquidate *the* securities."

Such agreement shall be construed to be a direct promise by the insured to the person entitled to compensation. Before issuance of any policy by an insurer as herein authorized, such insurer must deposit with the *division*, bonds of the United States or the state of Montana, or of any school district, county, city or town in the state of Montana, or a corporate surety bond made out to and approved by the *division*, in an amount not less than five thousand dollars ($5,000.00) or more than one hundred thousand dollars ($100,000), as the *division* may determine. If any insurer *fails* to discharge any liability after the amount thereof shall be determined by the *division*, and within the time limited by the *division, the division shall* convert *the* bonds, or such part thereof as is necessary, into cash, and from the proceeds liquidate such liability; and thereafter *the* insurer must make an additional deposit to meet any deficiency caused thereby. (2) On or before July *1* of each year, the *division* shall assess and each insurer shall pay to the *division* not to exceed three and one-fourths per cent (3 ¼%) of its gross annual direct premiums collected in Montana on policies of insurance insuring employers who elected to become bound by compensation plan No. 2 during the previous calendar year, less return premiums. No such assessment shall be less than two hundred dollars ($200). The *division* shall pay the amounts so collected into the state treasury. (3) Pension accumulation fund. The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and from which pensions and benefits in lieu thereof shall be paid to or on account of beneficiaries credited with prior service. Contributions to and payments from the pension accumulation fund shall be made as follows:

(b) If the employer is a district or community college district, the trustees shall budget and pay for the employer's contribution under the provisions of section 75-7204.

(c) If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system or the Montana state deaf and blind school, the legislative assembly shall appropriate to each employer an adequate amount to allow the payment of the employer's contribution.

(d) If the employer is a county, the county commissioners shall budget and pay for the employer's contribution in the manner provided by law for the adoption of a county budget and for payments under such budget.

(e) All interest and other earnings realized on the moneys of the retirement system shall be credited to the pension accumulation fund and the amounts required to allow regular interest on the annuity savings fund, and the annuity reserve fund shall be transferred to the respective funds from the pension accumulation fund.

(f) All pensions and benefits in lieu thereof, including pensions payable under section 75-6218, shall be paid from the pension accumulation fund.

(g) The retirement board may in its discretion transfer to and from the pension accumulation fund the amount of any surplus or deficit which may develop in the reserve creditable to the annuity reserve fund, as shown by actuarial valuation, and also such expenses as hereinafter provided.

(4) Expense fund. The expense fund shall be the fund to which shall be credited all moneys for the administrative expenses of the retirement

system and from which the expenses of administration of the retirement system shall be paid exclusive of amounts payable as retirement allowances or other benefits. The retirement board shall determine annually the amount required for the expense fund to defray the administrative expense in the ensuing fiscal year and shall credit such an amount to the expense fund from interest and other earnings realized on the moneys of the retirement system."

Section 3. Section 75-6208, R.C.M. 1947, is amended to read as follows:

"**75-6208. Benefits.** The retirement, disability and other benefits of the retirement system shall be granted on the basis of the following provisions:

(1) Superannuation member retirement:

(a) Any member *with* five (5) years of creditable service the last five (5) years of which shall have been in this state, and who has attained the age of sixty (60), or who has completed *thirty (30)* years of creditable service, may retire from service, if he files with the retirement board his written application setting forth the fact of his retirement.

(b) Any member in service who has attained the age of seventy (70) years during any school year shall be retired on the first day of September following his seventieth birthday, except that this provision shall not apply to teachers in the Montana university system who may be employed beyond the age of seventy (70) upon the recommendation of the president of the employing unit to the board of regents. Members over seventy (70) years of age shall not: (1) be allowed creditable service for services rendered after the end of the school year in which the age of seventy (70) is attained, (2) contribute to the retirement system after the end of such school year, and (3) have the compensation received after the end of such school year used in computing average final salary. Initial employment of teachers in the Montana university system beyond the age of seventy (70) may be made upon the recommendation of the president of the employing unit and the approval of the board of regents but such employees shall be denied membership in the retirement system.

(c) Any retired member may be employed as a *part-time or substitute* teacher in Montana and may earn an amount not to exceed one-fourth (¼) of his average final compensation without loss of retirement benefits.

(2) Allowance for superannuation retirement. Upon superannuation retirement a member shall receive a retirement allowance which shall consist of:

(a) A pension which, together with an annuity, shall provide a retirement allowance equal to one-half (½) of his average final compensation provided his creditable service is at least *thirty (30)* years, otherwise a pension together with his annuity of *one sixtieth (1/60)* of his average final compensation multiplied by the number of years of creditable service.

(b) The minimum annual retirement allowance for a member who has completed *thirty (30) or more* years of service shall be twenty-four hundred dollars ($2,400) and the minimum retirement allowance for a member

HeinOnline -- 1975 vol. I 58 1975

whose service is less than *thirty (30)* years shall be based on the proportionate amount of twenty-four hundred dollars ($2,400) that his service bears to *thirty (30)* years of service.

(c) On July 1, 1975, *and July 1, 1976,* every beneficiary receiving a retirement allowance shall be entitled to an increase in his monthly retirement allowance of one-fourth of one percent (.25%) multiplied by the number of months he has been retired during the preceding fiscal year.

(d) Any member who has completed five (5) years of creditable service, the last five years of which shall have been in this state, and who has attained the age of fifty-five (55) may retire from service and be eligible to an early retirement allowance if he files with the retirement board his written application setting forth the fact of his retirement. The early retirement allowance shall be determined as prescribed in subsections (a) through (f) above, with the further provision that such allowance will be reduced by one half of one percent (.5%) multiplied by the number of months which the retirement date precedes the date on which he would have retired had he attained sixty (60) years of age or had he completed *thirty (30)* years of creditable service.

(e) In the event of death of a member after retirement, a death benefit of five hundred dollars ($500) will be payable to his designated beneficiary.

(f) In the event payments made to an annuitant do not equal the amount of the member's accumulated contributions prior to the annuitant's death, the difference between the total retirement allowance paid and the amount of the accumulated contributions shall be paid to the beneficiary.

(3) Disability member retirement:

(a) Upon the application of an active member or of his employer, any active member who has five (5) or more years of creditable service may be retired by the retirement board *the month immediately following the month in which his disability caused his retirement upon* filing *an* application *for* a disability retirement allowance. Before any member shall be eligible for a disability retirement, the board of the retirement system shall certify that he is mentally or physically incapacitated for the further performance of his duties, that such incapacity is likely to be permanent and that he should be retired.

(b) Re-examination of beneficiaries retired on account of disability. Once each year during the first five (5) years following the retirement of a member on disability retirement allowance, and once in every three (3) year period thereafter the retirement board may, and upon his application shall, require a disability beneficiary who has not yet attained the age of sixty (60) to undergo a medical examination by the medical board or a physician or physicians designated by the medical board. The examination shall be made at the place of residence of the beneficiary or other place mutually agreed upon. Should any disability beneficiary who has not yet attained the age of sixty (60) refuse to submit to at least one (1) medical examination in any year by the medical board or its representa-

HeinOnline -- 1975 vol. I 59 1975

tive, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his disability pension may be revoked by the retirement board.

(c) Should the medical board report and certify to the retirement board that any disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the retirement board concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be changed later, the amount of his pension may be further modified but the new pension shall not exceed the amount of the pension originally granted, nor an amount which when added to the amount earnable by the beneficiary, together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the retirement system while receiving a reduced benefit.

(d) Should a disability beneficiary under age sixty (60) be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, and he shall again become an active member of the retirement system. Any prior service certificate on the basis of which his service was computed at the time of his disability retirement shall be restored to full force and effect an addition upon his subsequent retirement, *and* he shall be credited with all his subsequent service as a member. Should he be restored to active service on or after the attainment of the age of fifty-five (55) years, his pension upon subsequent retirement shall not exceed the pension that he would have received had he remained in service during the period of his previous retirement nor the sum of the pension which he was receiving immediately prior to his last restoration to service and the pension that he would have received on account of his service since his last restoration had he entered service at that time as a new member.

(4) Allowance for disability retirement. Upon retirement for disability, a member shall receive a superannuation allowance prescribed under subsection (2) above if he is eligible; otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) A pension which together with his annuity, shall provide a total retirement allowance equal to *one sixtieth (1/60)* of his average final compensation multiplied by the number of years of his creditable service, if such retirement allowance exceeds one-quarter (¼) of his average final compensation; otherwise, a pension which, together with his annuity, shall provide a total retirement allowance equal to one-quarter (¼) of his average final compensation, provided, however, that no such allowance shall exceed *one sixtieth (1/60)* of his average final compensation multiplied by the number of years which would be creditable to him were his service to continue until the attainment of the minimum age for superannuation retirement.

HeinOnline -- 1975 vol. I 60 1975

(c) In the event payments made to a person retired because of disability do not equal the amount of his accumulated contributions prior to his death, the difference between the total retirement allowance paid and the amount of the accumulated contributions of the member shall be paid to the beneficiary.

(5) Withdrawal of accumulated contributions. Any inactive member electing to do so or any person whose membership terminates may withdraw his accumulated contributions to his annuity account in the retirement system in accordance with the following provisions:

(a) An inactive member under the provisions of subsections (1) or (3) of section 75-6210 may elect, without right of revocation to withdraw his accumulated contributions, and if he does not withdraw his accumulated contributions he shall thereafter remain an inactive member of the retirement system with the right to qualify for the benefits of the retirement system;

(b) Upon recovery from a disabling illness or separation from the armed forces, any person qualifying as an inactive member under the provisions of subsection (2) of section 75-6210 may withdraw his accumulated contributions unless he returns to active membership.

(c) Any person whose membership terminates under the provisions of subsection (4) of section 75-6211 may withdraw his accumulated contributions.

(6) Allowances for death of member.

(a) Should a member die before retirement the amount of the member's accumulated contributions shall be paid to his estate or such person as he may have designated in the manner prescribed by the retirement board which shall be filed with the board prior to the member's death.

(b) In lieu of benefits provided in (a) above, if the deceased member had qualified by reason of service for a retirement benefit, the beneficiary nominated by the deceased member may elect to receive a monthly life annuity. The monthly life annuity shall be determined as prescribed in subsections (2) (a) through (2) (h) assuming the member had elected option A as prescribed in subsection (7) (a) below. In addition, if the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, a lump sum death benefit of $500 will be payable to his designated beneficiary.

(c) If the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, the sum of *one hundred dollars ($100)* per month shall be paid to each minor child of the deceased member until such child reaches his eighteenth (18th) birthday.

(7) Optional allowances. With the provision that no optional selection shall be effective in case a beneficiary dies within thirty (30) days after retirement, and that such a beneficiary shall be considered as an active

HeinOnline -- 1975 vol. I 61 1975

member at the time of his death; until the first payment on account of any benefit becomes normally due, any member may elect to receive his benefit in a retirement or disability allowance payable throughout life as hereinabove provided. This benefit shall be referred to as the normal form of retirement allowance. In lieu of normal form of retirement allowance, the member may elect an optional allowance which would be the actuarial equivalent at the time of his retirement or disability allowance and would provide an allowance payable throughout his lifetime and upon his death continue to such person as he shall nominate by written designation duly acknowledged and filed with the retirement board at the time of his retirement with the provision that:

(a) Option A. The optional allowance will continue to the member during his lifetime and upon his death, continue throughout the lifetime of his designated beneficiary; or

(b) Option B. The optional allowance will continue throughout his lifetime and upon his death, one-half (½) of his optional allowance will be continued throughout the lifetime of his designated beneficiary; or

(c) Option C. The optional benefit will continue throughout his lifetime and upon his death, two-thirds (⅔) of the optional allowance shall be continued throughout the lifetime of his designated beneficiary; or

(d) Option D. The optional allowance shall continue while both the member and his designated beneficiary are living and upon the death of either, one-half (½) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(e) Option E. The optional allowance will be payable while both the member and his designated beneficiary are living and upon the death of either, two-thirds (⅔) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(f) Option F. Some other benefit or benefits shall be paid either to the member or his surviving designated beneficiary. The provisions of this retirement allowance shall be approved by the retirement board."

Section 4. Section 75-6213, R.C.M. 1947, is amended to read as follows:

"**75-6213. Creditable service for out-of-state employment, employment while on leave, for active service in the armed forces of the United States and the American red cross or merchant marine, and before September, 1937.** Any person applying for membership also may apply for creditable service in the retirement system for out-of-state employment service that would have been acceptable under the provisions of this title if such service were performed in the state of Montana. The person shall be awarded creditable service, conditional upon his completing five (5) years of active membership in Montana, for the number of years the retirement board determines to be creditable service but for not more than five (5) years, if he contributes to the retirement system an amount equal to *the employee contribution for* his first full year's teaching salary earned in Montana after his out-of-state service for each year of creditable service plus interest at the rate the contribution

HeinOnline -- 1975 vol. I 62 1975

would have earned had the contribution been in his account upon the completion of five (5) years of membership service in Montana. *The contribution rate shall be that rate in effect at the time he is eligible for service.* The contributions may be a lump-sum payment or in installments as agreed between the person and the retirement board; and

(1) Any person applying for membership also may apply for creditable service in the retirement system for employment while on leave. The person shall be awarded creditable service, conditional upon his having been a member prior to his leave and upon completing five (5) years of active membership in Montana subsequent to his return, provided his employment while on leave enhanced his teaching experience as determined by the board. The person shall be awarded creditable service as determined by the board but for not more than two (2) years, if he contributes to the retirement system an amount equal to *the combined employer and employee contributions for* his first full year's teaching salary earned in Montana after his return from leave for each year of creditable service plus interest at the rate the contribution would have earned had the contribution been in his account upon the completion of five (5) years of membership service in Montana. *The contribution rate shall be that rate in effect at the time he is eligible for such service.* The contribution may be a lump-sum payment or in installments as agreed between the person and the retirement board; and

(2) Any person applying for membership also may apply for creditable service in the retirement system for active service in the armed forces of the United States which includes the army, navy, marine corps, air force and coast guard or in the American red cross or merchant marine. The person shall be awarded creditable service, conditional upon his completing five (5) years of active membership in Montana, for the number of years the retirement board determines to be creditable service but for not more than two (2) years, if he contributes to the retirement system an amount equal to *the combined employer and employee contributions for* his first full year's teaching salary earned in Montana following the active service in the armed forces of the United States or in the American red cross or merchant marine *for each year of creditable service* plus interest at the rate the contribution would have earned had the contribution been in his account upon completion of five (5) years of membership service in Montana. *The contribution rate shall be that rate in effect at the time he is eligible for such service.* The contribution may be a lump-sum payment or in installments as agreed between the person and the retirement board; however

(3) In no event will the total creditable service for out-of-state teaching, employment while on leave, or while on active service in the armed forces of the United States or the American red cross or merchant marine exceed five (5) years.

Whenever a member is retiring with at least five (5) years of creditable service and he has been an active member for at least five (5) consecutive school fiscal years, he may request creditable service for any employment service he rendered prior to the first day of September, nineteen hundred and thirty-seven (1937) for which he has not received a prior service certificate. In order to receive such creditable service, he shall apply for it and

HeinOnline -- 1975 vol. I 63 1975

provide certification of such service. The retirement board shall determine the amount of creditable service to be awarded, if any, and issue a prior service certificate."

Approved February 26, 1975.

(ii) Forty per centum (40%) in the ratio that the rural population in each county outside incorporated cities and towns bears to the total rural population in the state outside incorporated cities and towns.

(iii) Twenty per centum (20%) in the ratio that the land area of each county bears to the total land area of the state.

(b) One million eight hundred thousand dollars ($1,800,000) shall be divided among the incorporated cities and towns in the following manner:

(3) Upon receipt of the allocation provided herein, the governing bodies of the recipient counties, cities and towns, shall inform the department of highways of the purposes for which the funds shall be expended so that the county commissioners, the governing body and the department of highways may co-ordinate the expenditure of public funds for road improvements.

HeinOnline -- 1975 vol. I 67 1975

CHAPTER NO. 31

AN ACT TO AMEND SECTIONS 32-2605, 32-2606, 32-2607, 32-2609, 32-2611, 32-2613, 32-2618, 32-2622 AND 32-2623, R.C.M. 1947, TO CHANGE THE DATE ON WHICH STATE HIGHWAY CONSTRUCTION FUNDS WILL BE APPORTIONED.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 32-2605, R.C.M. 1947, is amended to read as follows:

"**32-2605. Apportionment of state construction funds.** *Each* fiscal year the department shall apportion available state construction funds to the various federal-aid highway systems which are required to match the amounts of federal aid available for expenditure on each respective system. The state's share of the cost of final judgments in court awards made to construction contractors on state highway construction projects during the previous fiscal year may be deducted from funds available prior to the apportionments provided in this section and this cost shall be credited to the accounts of the highway system, financial district, county or urban city involved as an offset to the charges made to the accounts as a result of the final judgment. The deductions may be made only when the amount of these judgments would prohibit or seriously impair the highway construction program in a financial district, county or urban city."

Section 2. Section 32-2606, R.C.M. 1947, is amended to read as follows:

"**32-2606. Apportionment of state funds to federal-aid primary**

HeinOnline -- 1975 vol. I 68 1975

highway system. (1) *Each* fiscal year the department shall determine the amount of incompleted mileage of the federal-aid primary system within each of the financial districts.

(a) As a basis for determination of incompleted mileage, the department shall compare the present condition of the system with the latest approved state standards. Any mileage failing to meet those standards shall be included in the determination as partially completed. The proportion of completion shall be determined by estimating the amount of work which must be performed to complete the highway.

(2) The department shall then compute the ratio between the incompleted mileage in each district and the total incompleted mileage of the federal-aid primary system in the state.

(3) The department shall then apportion available state construction funds to the federal-aid primary system in each district on the basis of the computed ratio."

Section 3. Section 32-2607, R.C.M. 1947, is amended to read as follows:

"32-2607. Apportionment of state funds to federal-aid secondary highway system. (1) *Each* fiscal year the department shall apportion available state construction funds for the federal-aid secondary highway system among the financial districts. The proportion which each district shall receive shall be computed on the following basis:

(a) One-fourth (¼) in the ratio of land area in each district to the total land area in the state.

(b) One-fourth (¼) in the ratio of the rural population in each district to the total rural population in the state.

(c) One-fourth (¼) in the ratio of the rural road mileage in each district to the total rural road mileage in the state.

(d) One-fourth (¼) in the ratio of value of rural lands in each district to the total value of rural lands in the state.

(2) Funds apportioned to each district shall be further apportioned to each county in the district on the same basis, considering ratios of land area, rural population, rural road mileage, and value of rural lands. To the extent necessary to permit orderly programming and construction of projects, expenditures in any county may exceed the amount apportioned to that county to the extent of three (3) times the amount of the last apportionment to the county. The amount of any excess expenditures shall be deducted from future apportionments to that county.

(3) For the purposes of this section, terms are defined as follows:

(a) Rural population—Total population less the population in cities over five thousand (5,000) persons and their unincorporated fringe urban areas as reported in the latest federal census.

(i) Federal census population figures shall be adjusted in the interim between censuses in accordance with the percentage of change in annual motor vehicle registration figures for each county.

HeinOnline -- 1975 vol. I 69 1975

(b) Rural road mileage—All road mileage outside of incorporated cities, exclusive of road mileage on the federal-aid primary highway system and the federal-aid interstate system.

(i) Rural road mileage reported by the road inventory of the department shall be used in determining rural road mileage.

(c) Value of rural lands—Includes the value of state-owned lands from which the state derives grazing, timber, and agricultural income.

(i) The basis for the value of rural lands shall be computed from the latest biennial report of the department of revenue.

(ii) The basis for the value of state-owned lands shall be computed from the latest figures on the total grazing, timber, and agricultural lands in each county contained in the latest biennial report of the department of state lands.

(iii) The average value of privately owned lands shall be the average value of state-owned lands, if the actual value is not available."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-7104, R.C.M. 1947, is amended to read as follows:

"**75-7104. Limitations on amount of bond issue.** (1) The maximum amount for which each school district shall become indebted by the issuance of bonds, including all indebtedness represented by outstanding bonds of previous issues and registered warrants, is *eight* percent *(8%)* of the assessed value of the taxable property therein as ascertained by

HeinOnline -- 1975 vol. I 122 1975

the last completed assessment for state, county, and school taxes previous to the incurring of such indebtedness. All bonds issued in excess of such amount shall be null and void, except as provided in subsection (2).

When the total indebtedness of a school district has reached the *eight* percent *(8%)* limitation prescribed in this section, such school district shall have the power and authority to pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this title.

Whenever bonds are issued for the purpose of refunding bonds, any moneys to the credit of the debt service fund for the payment of the bonds to be refunded shall be applied towards the payment of such bonds and the refunding bond issue shall be decreased accordingly.

(2) In the case of a school district within which a new major industrial facility which seeks to qualify for taxation as class seven (7) property under section 84-301, R.C.M. 1947, is being constructed or is about to be constructed, the school district may require, as a precondition of the new major industrial facility qualifying as class seven (7) property, that the owners of the proposed industrial facility enter into an agreement with the school district concerning the issuing of bonds in excess of the *eight* percent *(8%)* limitation prescribed in subsection one (1). Under such an agreement, the school district may, with the approval of the voters, issue bonds which exceed the limitation prescribed in subsection one (1) by a maximum of five percent (5%) of the estimated assessed value of the taxable property of the new major industrial facility when completed. The estimated assessed value of the taxable property of the new major industrial facility shall be computed by the department of revenue when requested to do so by a resolution of the board of trustees of the school district, and copy of the department's statement of estimated assessed value shall be printed on each ballot used to vote on a bond issue proposed under this subsection.

Pursuant to the agreement between the new major industrial facility and the school district, and as a precondition to qualifying as class seven (7) property, the new major industrial facility and its owners shall, in addition to such taxes as may be imposed by the school district on property owners generally pay so much of the principal and interests on the bonds provided for under this subsection as shall represent payment on an indebtedness in excess of the limitation prescribed in subsection one (1). After the completion of the new major industrial facility and when the indebtedness of the school district no longer exceeds the limitation prescribed in subsection one (1), the new major industrial facility shall be entitled, after all the current indebtedness of the school district has been paid, to a tax credit over a period of no more than twenty (20) years which credit shall, as a total amount, be equal to the amount by which the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

A major industrial facility is a facility, subject to the taxing power of the school district, whose construction or operation will increase the population of the district so as to impose a significant burden upon the resources of the district and to require construction of new school facili-

The board may examine and scrutinize the hospital records and reports of a licensee as part of the examination and copies of these shall be released to the board on written request. If the board has reasonable cause to believe that this probability exists, the department shall mail to the person, at his last address of record with the department, a specification of the charges against him, together with a written citation of the time and place of the hearing on it, advising him that he may be present in person, and by counsel if he so desires, to offer evidence and be heard in his defense. (5) On the expiration of the term of suspension, the licensee shall be reinstated by the board, if he furnishes the board with evidence that he is then of good moral character and conduct and restored to good health and that he has not practiced medicine in this state during the term of suspension. If the evidence fails to establish to the satisfaction of the board that the holder is then of good moral character and conduct or if not restored to good health or if the evidence shows he has practiced medicine in this state during the term of suspension, the board shall revoke the license at a hearing, with notice and the procedure provided in subsection (1) of this section. The revocation is final and absolute.

(6) If a person holding a license to practice medicine under this act is, by a final order or adjudication of a court of competent jurisdiction, adjudged to be mentally incompetent or insane, or addicted to the use of narcotics, his license may be suspended by the board. The suspension continues until the licensee is found or adjudged by the court to be restored to reason or cured, or until he is discharged as restored to reason or cured and his professional competence has been proven to the satisfaction of the board."

Section 1. Section 8-101, R.C.M. 1947, is amended to read as follows:

"**8-101. Definition of terms.** Unless the context requires otherwise, in this act:

(1) "Commission" or "board" means the public service commission provided for in section 82A-1702.

(2) "Corporation" means a corporation, company, association or joint-stock association.

(3) "Person" means an individual, firm, or copartnership.

(4) "Certificate" means the certificate of public convenience and necessity issued under this act.

(5) "Public highway" means a public street, road, highway, or way in this state.

(6) "Motor vehicle" includes vehicles or machines, motor trucks, tractors or other self-propelled vehicles used for the transportation of property or persons over the public highways of the state, and any trailer, semi-trailer, dollie or other vehicle drawn thereby.

(7) "Between fixed termini or over a regular route" means the termini or route between or over which a motor carrier usually or ordinarily operates motor vehicles, even though there may be periodical or irregular departures from the termini or route. Whether or not a motor vehicle is operated by a motor carrier between fixed termini, or over a regular route, or otherwise, under this act, is a question of fact to be determined by the commission.

(8) "Motor carrier" means a person or corporation, their lessees, trustees, or receivers, appointed by any court, operating motor vehicles upon any public highway in this state for the transportation of persons or property for hire, on a commercial basis either as a common carrier or under private contract, agreement, charter, or undertaking. However,

HeinOnline -- 1975 vol. I 132 1975

this act does not affect motor vehicles used in carrying property consisting of agricultural commodities (not including manufactured products thereof), if the motor vehicles are not used in carrying other property or passengers for compensation; the operation of school buses which are used in conveying pupils or other students enrolled in classes to and from district or other schools, or in transportation movements related to school activities which are sponsored or supervised by school authorities, the transportation by means of motor vehicles in the regular course of business of employees, supplies, and materials by a person, firm, or corporation engaged exclusively in the construction or maintenance of highways, or engaged exclusively in logging or mining operations, in so far as the use of employees, supplies, and materials in construction and production is concerned; the transportation of property by motor vehicle in a city, town, or village with a population, according to the latest United States census, of less than five hundred (500) persons, or in the commercial areas thereof as determined by the commission; the transportation of newspapers, newspaper supplements, periodicals or magazines; tow trucks and wreckers designed and exclusively used in towing abandoned, wrecked, or disabled vehicles or while these tow trucks and wreckers are rendering assistance to abandoned, wrecked, or disabled vehicles; *motor vehicles used exclusively in carrying junk vehicles from a collection point to a motor vehicle wrecking facility or a motor vehicle graveyard;* or ambulances.

(9) "For hire" means for remuneration of any kind, paid or promised, either directly or indirectly, or received or obtained through leasing, brokering, or buy-and-sell arrangements from which a remuneration is obtained or derived for transportation service. An accommodative transportation movement by a person not in the transportation business is not a service for hire, even though the persons owning the property transported or persons transported share in the cost or pay for the movement. This act does not prevent bona fide leases, brokerage agreements, or buy-and-sell agreements.

(10) "Compensation" means the charge imposed on motor carriers for the use of the highways in this state by motor carriers, under section 8-116.

(11) "Railroad" means the movement of cars on rails, regardless of the motive power used."

Every member of a fire company organized in an unincorporated area, town or village under the laws of this state, shall be entitled to receive compensation for disability incurred while in the performance of his duties as such fireman, when such disability necessitates the services of a physician or surgeon, while confined or nonconfined, *in the amount of his necessary and reasonable medical expenses resulting directly from such disability, and incurred within a period of not more than thirty-six (36) months from the date of the injury which caused such disability, not to exceed a total of twenty-five thousand dollars ($25,000).*

Where an injury incurred in line of such duty results in the loss by amputation of an arm, hand, leg or foot, or the enucleation of an eye, or the loss of any of the natural teeth, the board shall order them an artificial member or members be furnished to supply the loss thereof. The expense of furnishing such members shall not exceed the *sum of one thousand five hundred dollars ($1,500).* The replacement of an artificial member so furnished shall be required every five (5) years, if necessary.

3. To aid in defraying funeral expenses of a fireman covered under this act whose death occurs in line of duty, an amount not to exceed the *actual necessary and reasonable expenses, or the sum of one thousand five hundred dollars ($1,500), whichever is less,* shall be allowed.

4. It must also ascertain and assess all mobile homes arriving in his [each] county after 12 midnight of the first Monday of March next preceding. The procedure provided by this section shall not apply to:

(a) Motor vehicles which are required by subdivision (2) hereof to be assessed as of the first day of January, *or upon their anniversary registration date*; but no mistake in the name of the owner or supposed owner of real property renders the assessment thereof invalid.

(b) Livestock being fed in feeding pens or enclosures which may by subdivision (3) of this section be assessed on an average inventory basis. Credits must be assessed as provided in section 84-101, subdivision 6.

(c) Property defined in section 53-642 as "special mobile equipment" shall be subject to assessment of personal property taxes either on the date that application is made for a special mobile equipment plate, if that date falls between the first day of January and the first Monday of March, or on the first Monday of March.

Provided that such tax shall not be assessed against motor vehicles which constitute inventory of motor vehicle dealers as of January 1, but said vehicles, and all other motor vehicles brought into the state subsequent to January 1, as motor vehicle dealer's inventory, shall be assessed to their respective purchasers as of the dates said vehicles are registered by said purchasers, and purchasers means and includes dealers who apply for registration or re-registration of motor vehicles, except as otherwise provided by section 32-3315. Goods, wares and merchandise of motor vehicle dealers, other than new motor vehicles and new mobile homes, shall continue to be assessed at full and true value as of the first Monday of March.

Except that this paragraph shall not apply to an applicant for registration or re-registration of a mobile home, nothing herein contained shall relieve the applicant for registration or re-registration of any other motor vehicle so assessed or subject to assessment of the duty of paying taxes thereon as a condition precedent to registration or re-registration in the event said taxes have not been paid by any prior applicant or owner in all cases where required to be paid.

(3) The assessed value of livestock being fed in feeding pens or enclosures on the first Monday in March may be computed by adding the value of livestock more than six (6) months of age being fed on the last day of each month since the last assessment date and dividing the sum by twelve (12).

(4) The department of revenue or its agent must ascertain and assess all snowmobiles and campers in his [each] county subject to taxation as of January 1 in each year, and the same shall be assessed to the persons by whom owned or claimed, or in whose possession or control such snowmobile or campers was at 12 M of the first day of January in each year; provided, however, that snowmobiles and campers which constitute inventory of snowmobile dealers and camper dealers shall be assessed to the dealers as of 12 M of the first Monday of March in each year."

The certificate of registration issued hereunder shall be valid during the registration year only for which issued, and the certificates of ownership shall remain valid until canceled by the registrar of motor vehicles upon a transfer of any interest shown therein and need not be renewed annually.

HeinOnline -- 1975 vol. I 150 1975

CHAPTER NO. 97

AN ACT PROVIDING THAT SUBMISSION OF A NEGOTIATED SETTLEMENT TO THE LEGISLATURE MAY MEET STATE GOVERNMENT'S REQUIREMENT OF NEGOTIATING IN GOOD FAITH; AMENDING SECTION 59-1605, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 59-1605, R.C.M. 1947, is amended to read as follows:

"**59-1605. Unfair labor practices of employer or labor organization.** (1) It is an unfair labor practice for a public employer to:

HeinOnline -- 1975 vol. I 180 1975

(a) interfere with, restrain, or coerce employees in the exercise of the rights guaranteed in section 3 [59-1603] of this act;

(b) dominate, interfere, or assist in the formation or administration of any labor organization; however, subject to rules adopted by the board under section 12 (3), an employer is not prohibited from permitting employees to confer with him during working hours without loss of time or pay;

(c) discriminate in regard to hire or tenure of employment or any term or condition of employment to encourage or discourage membership in any labor organization; however, nothing in this act or in any other statute of this state precludes a public employer from making an agreement with an exclusive representative to require that an employee who is not or does not become a union member shall be required as a condition of employment to have an amount equal to the union initiation fee and monthly dues deducted from his wages in the same manner as checkoff of union dues;

(d) discharge or otherwise discriminate against an employee because he has signed or filed an affidavit, petition, or complaint or given any information or testimony under this act;

(e) refuse to bargain collectively in good faith with an exclusive representative.

(2) It is an unfair labor practice for a labor organization or its agents to:

(a) restrain or coerce employees in the exercise of the right guaranteed in subsection (1) of section 3 of this act, or a public employer in the selection of his representative for the purpose of collective bargaining or the adjustment of grievances;

(b) refuse to bargain collectively in good faith with a public employer, if it has been designated as the exclusive representative of employees;

(c) use agency shop fees for contributions to political candidates or parties at state or local levels.

(3) For the purpose of this act, to bargain collectively is the performance of the mutual obligation of the public employer, or his designated representatives, and the representatives of the exclusive representative to meet at reasonable times and negotiate in good faith with respect to wages, hours, fringe benefits, and other conditions of employment, or the negotiation of an agreement, or any question arising thereunder, and the execution of a written contract incorporating any agreement reached. Such obligation does not compel either party to agree to a proposal or require the making of a concession.

(4) For purposes of state government only, the requirement of negotiating in good faith may be met by the submission of a negotiated settlement to the legislature in the executive budget, or by bill or joint resolution. The failure to reach a negotiated settlement for submission is not, by itself, prima facie evidence of a failure to negotiate in good faith.

HeinOnline -- 1975 vol. I 181 1975

(5) This act does not limit the authority of the legislature, any political subdivision or the governing body, relative to appropriations for salary and wages, hours, fringe benefits, and other conditions of employment."

Approved March 19, 1975.

Section 2. Section 75-5907, R.C.M. 1947, is amended to read as follows:

"**75-5907. Legislative intent to elect less than majority of trustees.** It is the intention of the legislature that the terms of a majority of the trustee positions of any district with elected trustees shall not regularly expire and be subject to election on the same regular school election day. Therefore, in elementary districts, there shall not be more than three (3) trustee positions in first class districts, two (2) trustee positions in second class districts, or one (1) trustee position in third class districts regularly subject to election at the same time. In high school districts there shall not be more than two (2) additional trustee positions in first or second class districts, or more than one (1) in third class districts regularly subject to election at the same time. *In high school districts operating a county high school, there shall not be more than two (2) trustee positions to be filled by members residing in the elementary district where the county high school building is located or more than one (1) trustee position to be filled by members residing outside of the elementary district where the county high school building is located subject to election at the same time.*

(1) the creation of a new elementary district under the provisions of section 75-6518;

(2) the consolidation of two (2) of more elementary districts to form an elementary district under the provisions of section 75-6506;

Whenever a trustee position becomes vacant in a third class district, the remaining members of the trustees shall declare such position vacant and notify the county superintendent of the vacancy. The county superintendent shall appoint, in writing, a competent person as a successor and notify such person of his appointment.

Any person who has been appointed to a trustee position shall qualify by completing and filing an oath of office with the county superintendent in not less than fifteen (15) days after receiving notice of his appointment. Failure to file the oath of office shall constitute a continuation of the trustee position vacancy which shall be filled under the provisions of this section.

Any person assuming a trustee position under the provisions of this section shall serve until the next regular school election and his successor has qualified."

Section 4. Section 75-5924, R.C.M. 1947, is amended to read as follows:

(1) four (4) trustee positions filled by members residing in the elementary district where the county high school building is located; and

(2) three (3) trustee positions filled by members one of whom resides in each of the three (3) trustee nominating districts in the territory of the high school district outside of the elementary district where the county high school building is located. In order to organize, the trustees of the district shall be given notice of the time and place where the organization meeting will be held and, at such meeting, they shall choose one of their number as the chairman. In addition, except for the trustees of a high school district operating a county high school, the trustees shall employ and appoint a competent person, who is not a member of the trustees, as the clerk of the district.

HeinOnline -- 1975 vol. I 214 1975

The trustees of a high school district operating a county high school shall appoint a secretary, who shall be a member of the board.

The chairman of the trustees of any district shall serve until the next organization meeting and shall preside at all the meetings of the trustees in accordance with the customary rules of order. He shall perform the duties prescribed by this Title and any other duties that normally pertain to such officer."

Section 6. Section 75-5928, R.C.M. 1947, is amended to read as follows:

"**75-5928. Joint board of trustees organization and voting membership.** Whenever the trustees of a high school district operating a county high school and the trustees of the elementary district where the county high school building is located deem it to be within the best interests of the two districts, they may form a joint board of trustees for the purpose of co-ordinating the educational program of both districts. When a joint board of trustees is formed, all of the members of both districts' trustees shall be members of the joint board of trustees, and each member shall have the right to participate in the meetings but voting on matters considered by the joint board shall be limited by the provisions of this section.

At the first meeting of the joint board of trustees, there shall be a chairman of the joint board of trustees selected from among the membership. A secretary of the joint board shall be selected from the membership. The chairman, when selected as a voting member, shall not be disqualified from voting because of his position of chairman of the board. The secretary shall not be a voting member except that he shall cast the deciding vote when three (3) successive ballots have resulted in a tie vote of the joint board of trustees.

The voting membership of the joint board of trustees shall be equalized between the trustee membership of the two participating districts. After the selection of the chairman and the secretary, if necessary, the voting membership shall be:

(1) all of the membership of the elementary district trustees unless one of its members is selected as secretary, in which case such member shall not be a voting member; and

(2) the members of the high school district trustees who are selected by such trustees as voting members of the joint board in a number equal to the number of voting members of the elementary district trustees as established under subsection (1) above. The names of the voting membership selected by the high school trustees shall be submitted in writing to the secretary of the board and shall be the only members of such district's trustees eligible to vote on joint board matters unless such list is revised in writing by the high school trustees.

Each voting member shall be entitled to cast one vote, individually, upon every matter submitted to the joint board for a vote."

To qualify this service he must contribute to the retirement fund the amount determined by the board to be due based on his compensation and normal contribution rate as of his eleventh year and as many succeeding years as are required to qualify this service with interest from the date he becomes eligible for this benefit to the date he so contributes. He may not qualify more of this service than he has state service in excess of ten (10) years.

(2) If a member has retired from active duty in the armed forces of the United States with a normal service retirement benefit he may not qualify his military service under subsection (1) of this section; provided, however, that a member, who is serving or has served in the military reserves with the expectation of receiving a military service pension, may qualify his active military service under subsection (1) of this section if his active

In either event, *such* person must pay to the retirement system the sum of the amount which he *and his employer* would have contributed during the period of service so converted if the employer had then been *an* employer and the interest which would have accumulated thereon to the time of such payment; provided, that the employer may pay the employer's portion including accrued interest. *The employer must establish a policy as to the retroactive employer contributions and apply this policy indiscriminately for all employees and former employees. All employee appeals of discrimination will be subject to the determination of the Board of Administration. All successful appeals will obligate the employer to pay the employer and employee contributions with accrued interest for that employee filing such appeal with the Board of Administration. Each appeal will be heard on its individual merits and will not bind the employer to pay all retroactive payments for all former and present employees.*

(2) Payment may be made in one sum at the time of such filing or on an installment basis. Installment payments shall not exceed twenty-four (24) monthly payments. When the monthly payment, exceeds five percent (5%) of compensation in the initial month of payment, the board of administration may allow smaller payments *over* a period to exceed twenty-four (24) months. Failure to make regular monthly payments in any month where the member receives his normal compensation shall thereafter, forfeit such person's right to make any further installment payments, *unless permission is granted to do so by the board of administration.*"

Proper certification of such service must be furnished."

Section 5. Section 68-1902, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1975 vol. I 230 1975

The chief administrative officer of each employer shall deduct the contribution from the compensation of each member and remit the total of the contributions to the board. Payment of salaries or wages less the contribution shall be full and complete discharge and acquittance of all claims and demands whatsoever for the service rendered by members during the period covered by the payment, except their claims to the benefits to which they may be entitled under the provisions of this act."

Section 6. Section 68-1905, R.C.M. 1947, is amended to read as follows:

"**68-1905. If he has less than *five (5)* years of service and he does not reenter service for a period of five (5) years after such discontinuance, he shall automatically be paid any portion of his total accumulated contributions not previously withdrawn. Upon qualification for any other benefit under this act, a member having any accumulated normal contributions standing to his credit in the retirement fund shall receive the benefit based upon the creditable service during which such contributions were made. The board may, in its discretion, withhold for not more than one (1) year after a member last rendered service, all or part of his accumulated normal contributions if after a previous discontinuance of service he withdrew all or part of his normal contributions and failed to redeposit such withdrawn amount in the retirement fund as provided in section 68-1906."

Section 7. Section 68-1906, R.C.M. 1947, is amended to read as follows:

"**68-1906. Reinstatement after withdrawal of contributions — redeposit of contributions.** Except as otherwise provided in this section, any person who again becomes a member subsequent to the refund of his accumulated normal contributions after a termination of previous membership is considered a new member without credit for any previous membership service, and he may reinstate that membership service by redepositing the sum of the accumulated normal contributions which were refunded to him at the last termination of his membership plus the interest which would have been credited to his account had the refund not taken place. If he makes this redeposit, his membership shall be the same as if unbroken by such last termination. Regardless of whether this redeposit is made, the documents held by the retirement system as executed by the member prior to termination of membership shall be held by the system for the same purposes as prior to termination, and beneficiaries nominated in the documents shall continue unchanged until changed as provided herein."

Section 8. Section 68-2001, R.C.M. 1947, is amended to read as follows:

(1) the sum of a pension for prior service equal to one *sixtieth (1/60)* of his final compensation multiplied by the number of years of his prior service, an annuity which is the actuarial equivalent of his accumulated normal contributions with regular interest to the day his retirement allowance commences, and a pension for membership service equal to such annuity;

(2) if the member attained age seventy (70) in service, the lesser of four hundred eighty dollars ($480) or one-half (½) of his final compensation."

(3) The actuary shall determine the minimum unfunded liability contribution rate to be that level percentage of the present value of the prospective compensation of all members for the forty (40) year period follow-

The unfunded liability at any time is the excess of the present value of all future benefits payable in respect of all persons then entitled to benefits under the system over the sum of the retirement fund and the present values of the future current service contributions and normal contributions payable in respect of all such persons."

CHAPTER NO. 130

AN ACT AMENDING SECTION 87A-2-401, R.C.M. 1947, TO ALLOW A SELLER, WHEN A TRANSACTION INVOLVES INTERSTATE SHIPMENT OF CATTLE, TO ISSUE A REGULAR TITLE OR BILL OF SALE, OR A TRANSFER OF TITLE THAT IS CONDITIONAL UNTIL THE SELLER HAS RECEIVED NOTIFICATION FROM THE BUYER'S BANK THAT THE INSTRUMENT OF PAYMENT HAS CLEARED THE BANK, SUCH NOTIFICATION TO BE ATTACHED TO THE BILL OF SALE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87A-2-401, R.C.M. 1947, is amended to read as follows:

"**87A-2-401. Passing of title — reservation for security — limited application of this section.** Each provision of this chapter with regard to the rights, obligations and remedies of the seller, the buyer, purchasers or other third parties applies irrespective of title to the goods except where the provision refers to such title. In so far as situations are not covered by the other provisions of this chapter and matters concerning title become material the following rules apply:

(1) Title to goods cannot pass under a contract for sale prior to their identification to the contract (section 87A-2-501), and unless otherwise explicitly agreed the buyer acquires by their identification a special property as limited by this act. Any retention or reservation by the seller of the title (property) in goods shipped or delivered to the buyer is limited in effect to a reservation of a security interest. Subject to these provisions and to the provisions of the Chapter on Secured Transactions (Chapter

HeinOnline -- 1975 vol. I 235 1975

9), title to goods passes from the seller to the buyer in any manner and on any conditions explicitly agreed on by the parties.

(2) Unless otherwise explicitly agreed title passes to the buyer at the time and place at which the seller completes his performance with reference to the physical delivery of the goods, despite any reservation of a security interest and even though a document of title is to be delivered at a different time or place; and in particular and despite any reservation of a security interest by the bill of lading

(b) if the contract requires delivery at destination, title passes on tender there.

(3) Unless otherwise explicitly agreed where delivery is to be made without moving the goods,

(a) if the seller is to deliver a document of title, title passes at the time when and the place where he delivers such documents; or

(b) if the goods are at the time of contracting already identified and no documents are to be delivered, title passes at the time and place of contracting.

(4) For transactions involving interstate shipment of cattle the seller may issue a regular title or bill of sale, or give a conditional transfer of title or bill of sale. The conditional transfer of title or bill of sale is fully validated and the title passes when the following conditions are met:

(a) the bank on which the buyer's warrant, check, or draft was drawn, notifies the seller, or his designated bank, that the instrument of payment has cleared the bank for payment, and

(b) a copy of the notification from the buyer's bank is attached to the conditional transfer of title or bill of sale.

(5) A rejection or other refusal by the buyer to receive or retain the goods, whether or not justified, or a justified revocation of acceptance revests title to the goods in the seller. Such revesting occurs by operation of law and is not a "sale.""

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 11-1025 that reads as follows:

HeinOnline -- 1975 vol. I 236 1975

11-1025. Purpose and policy. (1) It is hereby declared that unsanitary or unsafe privately owned dwelling accommodations exist in urban areas throughout the state and that these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, morals and welfare of the citizens of the state and impair economic values; that in many instances the owners of such accommodations, due to poverty, unavailability of credit and increased costs, are unable to finance the rehabilitation of their dwellings; that the municipal corporations of the state are uniquely able to render financial assistance to these owners of unsafe and unsanitary dwellings and that such assistance is a public use and purpose for which public money may be spent; and that the necessity for the provisions hereinafter enacted is hereby declared as a matter of legislative determination to be in the public interest.

(2) When it has determined that unsanitary or unsafe privately owned dwelling accommodations exist within the limits of the city or town and when it has further determined that the owners of such accommodations are unable under the prevailing market conditions to finance rehabilitation of their dwellings without assistance, the governing body of any municipal corporation may finance the rehabilitation of such unsanitary or unsafe privately owned dwelling accommodations through the use of grants of funds or property, direct loans, loan guarantees, and other means; and may apply for, and accept, advances, loans, grants, contributions and any other form of financial assistance from the federal government, the state, county or other public body, or from any other source, public or private, for the purpose of this section, and may enter into and carry out contracts in connection therewith.

CHAPTER NO. 132

AN ACT TO AMEND SECTION 75-6902, R.C.M. 1947, TO PROVIDE SECONDARY SCHOOLS A METHOD OF CALCULATING AVERAGE NUMBER BELONGING WHILE OFFERING PART-TIME ATTENDANCE TO ELEVENTH AND TWELFTH GRADE STUDENTS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-6902, R.C.M. 1947, is amended to read as follows:

"75-6902. Definition and calculation of average number belonging (ANB). The term "average number belonging" or "ANB" shall mean the average number of regularly enrolled, full-time pupils attending the public schools of a district. Average number belonging shall be computed by determining the total of the aggregate days of attendance by regularly enrolled, full-time pupils during the current school fiscal year plus the

HeinOnline -- 1975 vol. I 237 1975

aggregate days of absence by regularly enrolled, full-time pupils during the current school fiscal year, and by dividing such total by one hundred eighty (180). Attendance for a part of a morning session or a part of an afternoon session by a pupil shall be counted as attendance for one-half (½) day. In calculating the ANB for pupils enrolled in a program established under section 75-7507 prior to January 1, 1974, or pursuant to section 75-7507 (1), attendance at, or absence from, a regular session of the program for at least two hours of either a morning or an afternoon session will be counted as one-half (½) of a day attended or absent as the case may be. If a variance has been granted as provided in section 75-7403, ANB will be computed in a manner prescribed by the superintendent of public instruction but in no case shall the ANB exceed one-half (½) for each kindergarten pupil. When any pupil has been absent, with or without excuse, for more than ten (10) consecutive school days, including pupil instruction related days, his absence after the tenth (10th) day of absence shall not be included in the aggregate days of absence and his enrollment in the school shall not be considered in the calculation of the average number belonging until he resumes attendance at school.

If a student spends less than half his time in the regular program and the balance of his time in school in the special education program, he shall be considered a full-time special pupil but shall not be considered regularly enrolled for ANB purposes. If a student spends half or more of his time in school in the regular program and the balance of his time in the special education program he shall be considered regularly enrolled for ANB purposes.

The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district shall be calculated, individually, for each school except that when:

(1) more than one school of a district, other than a junior high school in an elementary district which has been approved and accredited as a junior high school, is located within the incorporated limits of a city or town, the average number belonging of such schools shall be based on the aggregate of all the regularly enrolled, full-time pupils attending such schools located within the incorporated limits of a city or town;

(2) a junior high school which has been approved and accredited as a junior high school is located within the incorporated limits of a city or town in which a high school is located, all of the regularly enrolled, full-time pupils of the junior high school shall be considered as high school district pupils for the purposes of calculating the average number belonging of the high schools located within the incorporated limits of such city or town;

(3) a middle school has been approved and accredited, in which case pupils below the seventh grade shall be considered elementary school pupils for ANB purposes, and the seventh and eighth grade pupils shall be considered high school pupils for ANB purposes; or

(4) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school shall not be eligible for average number belonging calculation purposes,

HeinOnline -- 1975 vol. I 238 1975

nor will an average number belonging for the nonaccredited school be used in determining the foundation program for such district.

When eleventh or twelfth grade students are regularly enrolled on a part-time basis, high schools may calculate the ANB to include an "equivalent ANB" for those students. The method for calculating an equivalent ANB shall be determined in a manner prescribed by the superintendent of public instruction."

Approved March 25, 1975.

(iii) prescription; or

(iv) surgery.

(1) soliciting patients for any practitioner of the healing arts;

(2) soliciting or receiving any form of compensation from any person other than his registered employer for performing as a veterinary technician;

(3) willfully or negligently divulging a professional confidence or discussing a veterinarian's diagnosis, or treatment, without the express permission of the veterinarian;

(4) any offense punishable by incarceration in a state penitentiary or federal prison. A copy of the record of conviction, certified to by the clerk of the court entering the conviction, shall be conclusive evidence, provided that at the conclusion of state supervision imposed as a consequence of such conviction the board shall not consider the conviction upon reapplication for a license or certificate;

(5) the habitual or excessive use of intoxicants or drugs;

(6) fraud or misrepresentation in applying for or procuring a certificate of qualification to perform as a veterinary technician, or in applying for or procuring an annual registration;

Section 3. There is a new R.C.M. section numbered 66-2215 that reads as follows:

66-2215. Injunction. The board or any person may bring an action in the district court to enjoin any person who is not licensed from engag-

ing in the practice of veterinary medicine or veterinary technology, unless otherwise exempted under section 66-2211, subsection (7). If the court finds that the defendant is violating, or threatening to violate, any provision of Title 66, chapter 22, R.C.M. 1947, it shall enter an order restraining him from the violation, without regard to any criminal provisions of Title 66, chapter 22, R.C.M. 1947.

Section 4. Section 82A-1602.24, R.C.M. 1947, is amended to read as follows:

"**82A-1602.24. Board of veterinarians — appointment — qualifications — term — removal.** (1) There is a board of veterinarians.

(2) The board consists of *six (6)* members appointed by the governor, *five (5) of whom shall be licensed veterinarians and one (1) of whom shall be a public member who is a consumer of veterinary services and who shall not be a licentiate of the board or of any other board under the department of professional and occupational licensing.*

(3) The Montana state veterinary medical association shall, at each annual meeting, nominate twice the number of *veterinarian* board members to be appointed that year. The names of these nominees shall be annually transmitted, under seal, to the governor before July 1. The governor shall, before August 1, appoint from this list the board members to fill the vacancies that will occur July 31. If no nominee has the required qualifications to be on the board, the governor may appoint any licensed and registered veterinarian.

(4) Each *veterinarian* member shall be a reputable licensed veterinarian who has graduated from a college authorized by law to confer degrees, and have educational standards equal to those approved by the American veterinary medical association. Each *veterinarian* member shall have actually and legally practiced veterinary medicine in either private practice or public service in this state for at least five (5) years immediately before his appointment.

(5) Each member shall serve for a term of five (5) years. The governor may, after notice and hearing, remove a member for misconduct, incapacity, or neglect of duty."

Section 5. Section 66-2202, R.C.M. 1947, is amended to read as follows:

"**66-2202. Organization of board — quorum — powers.** (1) A board member shall receive a certificate of appointment from the governor.

(2) The board shall annually elect from its members a president, vice-president, and secretary-treasurer, and shall hold at least two (2) regular meetings each year. At a meeting *four (4)* members of the board constitute a quorum. If a member of the board, without cause, absents himself from two (2) of its regular meetings consecutively, his office is vacant.

(3) The board may adopt rules and orders necessary for the performance of its duties; prescribe forms for application for examination and license; prepare examinations and the department shall, subject to section 82A-1603, supervise the examination of applicants for license to practice

HeinOnline -- 1975 vol. I 246 1975

veterinary medicine; obtain the services of professional examination agencies instead of its own preparation of examinations; and grant and revoke licenses.

(4) The department may employ attorneys, subject to the approval of the attorney general, to assist county attorneys in prosecutions brought under this chapter in the respective district courts of the state or to assist the attorney general in representing the board before the supreme court."

Section 6. Section 66-2207, R.C.M. 1947, is amended to read as follows:

"**66-2207. Issuance, registration and reinstatement of licenses.** (1) The board shall, at the conclusion of a regular examination or after investigation under the reciprocity arrangements of section 66-2208, if in its judgment the applicant is qualified, authorize the department to issue a license to practice veterinary medicine.

(2) Every license granted shall be issued under seal, and shall be signed by the president and secretary-treasurer of the board, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, veterinary medical education, and other matters required by law, and that after full examination or investigation under reciprocity arrangements he has been found qualified to practice.

(3) A person licensed to practice veterinary medicine in this state shall procure from the department before July 1, annually, his certificate of registration. The certificate shall be issued by the department on the payment of a fee to be fixed annually by the board, not exceeding the sum of *twenty-five* dollars *($25) and the presentation of evidence satisfactory to the board that the licensee, in the year preceding the application for renewal, attended an educational program approved by the board. However, the board may authorize the department to issue renewals, but not consecutive renewals, on a showing satisfactory to the board that attendance at the educational programs was unavoidably prevented; and new licensees who secure licenses by examination during the six (6) months preceding July 1 shall be granted renewals without attending the educational programs.* The certificate is prima facie evidence of the right of the holder to practice veterinary medicine in this state during the time for which it is issued. Failure of a person licensed to procure a certificate of registration before July 1 annually constitutes a forfeiture of the license held by the person. A person who has thus forfeited his license may have it restored to him by making written application for restoration within one (1) year of the forfeiture setting forth the reasons for failure to procure the certificate of registration at the time specified and accompanied by payment of the registration fee provided for in this section and an additional restoration fee not in excess of *twenty-five* dollars *($25)* as the board requires *and by presentation of evidence satisfactory to the board that he has fulfilled the continuing educational requirements required of all licensees recited above.* The person making application for restoration of license within one (1) year of its forfeiture is not required to submit to examination.

(4) Notwithstanding any other provisions in this chapter, a person

HeinOnline -- 1975 vol. I 247 1975

licensed who enters, or is called to active duty by, a branch of the armed services of the United States is entitled to receive automatic registration of his license during the period of his duty with the armed services. However, within one (1) year after release or discharge from duty in the armed services he shall procure a certificate of renewal from the department and pay the regular fee. Failure to procure the certificate of renewal within one (1) year after release or discharge is the equivalent of a failure to procure a certificate of registration before July 1 of any year, and the same forfeiture and restoration requirements apply.

(5) A person licensed shall at all times have his residence and office address on file with the department."

Section 7. Section 66-2209, R.C.M. 1947, is amended to read as follows:

"**66-2209. Veterinary medicine defined.** (1) A person is considered practicing veterinary medicine when he does any of the following:

(a) Represents himself as or is engaged in the practice of veterinary medicine in any of its branches either directly or indirectly.

(b) Uses words, titles, or letters in this connection or on a display or advertisement or under circumstances so as to induce the belief the person using them is engaged in the practice of veterinary medicine. This use is prima facie evidence of the intention to represent oneself as engaged in the practice of veterinary medicine in any of its branches.

(c) Diagnoses, prescribes, or administers a drug, medicine, appliance, application, or treatment of whatever nature, or performs a surgical operation or manipulation, for the prevention, cure, or relief of a pain, deformity, wound, fracture, bodily injury, physical condition, or disease of animals.

(d) Instructs, demonstrates, or solicits, by a notice, sign, or other indication, with contract either express or implied, or otherwise, with or without the necessary instruments for the administration of biologics or medicines or animal disease cures for the prevention and treatment of disease of animals and remedies for the treatment of internal parasites in animals.

(e) Performs a manual or laboratory procedure for the diagnosis of pregnancy, sterility, or infertility on livestock for remuneration or hire.

(f) Performs acupuncture or ova or embryo transfer on animals.

(g) Instructs others except those covered under the provisions of section 66-2211, subsection (7) for compensation in any manner how to perform any acts which constitute the practice of veterinary medicine.

(2) A person may not practice veterinary medicine or veterinary surgery in this state unless licensed, and registered as required by this chapter; nor may a person practice veterinary medicine or surgery whose authority to practice is suspended or revoked by the board."

Section 8. Section 66-2211, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1975 vol. I 248 1975

"66-2211. Interpretation of statute — persons not embraced within provisions. This chapter does not apply to:

(1) Veterinarians in the performance of their official duties, either civil or military, in the service of the United States, unless they engage in the practice of veterinary medicine in a private capacity.

(2) Laboratory technicians and veterinary research workers, as distinguished from veterinarians, in the employ of this state, or the United States, and engaged in labors in laboratories under the direct supervision of the board of livestock, Montana state university or the United States.

(3) Lawfully qualified veterinarians from other states or a foreign country meeting legally licensed and registered Montana veterinarians in this state in consultation.

(4) A veterinarian residing on a border of a neighboring state and authorized under the laws thereof to practice veterinary medicine therein, who is actually called to attend cases in this state, but who does not open an office or appoint a place to meet patients or receive calls in this state, if veterinarians licensed and registered in this state are extended a like privilege to engage in the practice of veterinary medicine to the same extent in the neighboring state.

(5) The employment of veterinary medical students who have successfully completed three (3) years of the professional curriculum in veterinary medicine at a college having educational standards equal to those approved by the American veterinary medical association and authorized by law to confer degrees as assistants to veterinarians licensed and registered under this chapter. However, this employment may not be contracted for or entered into except after written application for approval directed to the board and the written grant of approval by the board. This employment may not be for a period in excess of six (6) months from the date of completion of the third year of study.

(6) The operations known and designated as castrating or dehorning of cattle, sheep, horses, *and* swine are not the practice of veterinary medicine within the meaning of this chapter.

(7) This chapter does not prohibit a person from treating his own farm animals or being assisted in this treatment by his employees employed in the conduct of his business, or by other persons whose services are rendered gratuitously in case of emergency.

(8) This chapter does not prohibit the selling of veterinary remedies and instruments by a registered pharmacist at his regular place of business."

Approved March 25, 1975.

CHAPTER NO. 136

AN ACT AMENDING SECTION 59-1606, R.C.M. 1947, TO PROVIDE

HeinOnline -- 1975 vol. I 249 1975

THAT THE BOARD OF PERSONNEL APPEALS IS NOT BOUND BY COMMON LAW AND STATUTORY RULES OF EVIDENCE IN REPRESENTATION HEARINGS; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 59-1606, R.C.M. 1947, is amended to read as follows:

"**59-1606. Petition on representation matters — hearing — notice — election.** (1) Whenever in accordance with such rules as may be prescribed by the board, a petition has been filed:

(a) by an employee or group of employees or any labor organization acting in their behalf alleging that thirty percent (30%) of the employees:

(i) wish to be represented for collective bargaining by a labor organization as exclusive representative, or

(ii) assert that the labor organization which has been certified or is currently being recognized by the public employer as bargaining representative is no longer the representative of the majority of employees in the unit; or

(b) by the public employer alleging that one or more labor organizations has presented to it a claim to be recognized as the exclusive representative in an appropriate unit, the board or an agent of the board shall investigate the petition, and if it has reasonable cause to believe that a question of representation exists, it shall provide for an appropriate hearing upon due notice. *In this hearing the board is not bound by common law and statutory rules of evidence.* If the board or an agent of the board finds that there is a question of representation, it shall direct an election by secret ballot to determine whether, and by which labor organization the employees desire to be represented or whether they desire to have no labor organization represent them and shall certify the results thereof. Only those labor organizations which have been designated by more than ten percent (10%) of the employees in the unit found to be appropriate shall be placed on the ballot. Nothing in this section prohibits the waiving of hearings by stipulation for the purpose of a consent election in conformity with the rules of the board.

(2) In order to assure employees the fullest freedom in exercising the rights guaranteed by this act, the board or an agent of the board shall decide the unit appropriate for the purpose of collective bargaining, and shall consider such factors as community of interest, wages, hours, fringe benefits, and other working conditions of the employees involved, the history of collective bargaining, common supervision, common personnel policies, extent of integration of work functions and interchange among employees affected, and the desires of the employees.

(3) An election shall not be directed in any bargaining unit or in any subdivision thereof within which, in the preceding twelve (12) month period, a valid election has been held. The board or an agent of the board

HeinOnline -- 1975 vol. I 250 1975

shall determine who is eligible to vote in the election and shall establish rules governing the election. Unless the majority vote is for no representation by a labor organization and in any election where none of the choices for a representative on the ballot receives a majority, a runoff election shall be conducted; the ballot providing for selection between the two choices receiving the largest and the second largest number of valid votes cast in the election. A labor organization which receives the majority of the votes cast in an election shall be certified by the board as the exclusive representative."

Section 2. This act is effective on its passage and approval.

CHAPTER NO. 139

AN ACT AMENDING SECTION 46-208, R.C.M. 1947, TO PERMIT THE DEPARTMENT OF LIVESTOCK TO CHARGE FOR LABORATORY TESTS AND OTHER MATERIALS RELATED TO DISEASE CONTROL; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Section 1. Section 46-208, R.C.M. 1947, is amended to read as follows:

"**46-208. Powers of department.** The department may:

(1) Supervise the sanitary conditions of livestock in this state, under the provisions of the constitution and statutes of this state and the rules adopted by the department. The department may quarantine a lot, yard, land, building, room, premises, inclosure, or other place or section in this state, which is or may be used or occupied by livestock, and which, in the judgment of the department is infected or contaminated with an infectious, contagious, communicable, or dangerous disease, or disease-carrying medium by which the disease may be communicated. The department may quarantine livestock in this state, when the livestock is affected with, or has been exposed to disease or disease-carrying medium. The department may prescribe treatments and enforce sanitary rules which are necessary and proper to circumscribe, extirpate, control, or prevent the diseases.

(2) Foster, promote, and protect the livestock industry in this state by the investigation of diseases and other subjects related to ways and means of prevention, extirpation, and control of diseases, or to the care of livestock and its products; and to this end to establish and maintain a laboratory, and to make, or cause to be made, biologic products, curatives, and preventative agents; and to do or perform any other acts and things as may be necessary or proper in the fostering, promotion, or protection of the livestock industry in this state.

(3) Impose and collect such fees as the department considers appropriate for the tests and services performed by the laboratory and for such biologic products, curatives and preventative agents made or caused to be made by the department. In fixing such fees the department shall take into consideration the costs, both direct and indirect, of such tests, services, products, curatives and agents. All fees shall be deposited in the earmarked revenue fund for the use of the animal health functions of the department.

(4) Adopt rules and orders which it considers necessary or proper to prevent the introduction or spreading of infectious, contagious, communi-

cable, or dangerous diseases affecting livestock in this state, and to this end may adopt rules and orders necessary or proper governing inspections and tests of livestock intended for importation into this state, before it may be imported into this state.

(5) Adopt rules and orders which it considers necessary or proper for the inspection, testing, and quarantine of all livestock imported into this state.

(6) Adopt rules and orders which it considers necessary or proper for the supervision, inspection, and control of the standards and sanitary conditions of slaughterhouses, meat depots, meat and meat food products, dairies, milk depots, milk and its by-products, barns, dairy cows, factories, and other places and premises where meat, or meat foods, milk or its products, or any thereof intended for sale or consumption as food are produced, kept, handled, or stored. For the purposes of this act an authorized representative of the department, may take samples of a product so produced, kept, handled, or stored, for analysis or testing by the department's chemist, bacteriologist, or the state chemist, and the records of the samples and their analysis and test, when identified, as to the sample by the oath of the officer taking it, and verified, as to the analysis or test, by the oath of the chemist or bacteriologist making it, is prima facie evidence of the facts set forth in it, when offered in evidence in a prosecution or action at law or in equity for violation of this act, or a rule or order of the board adopted under this act. These standards, in so far as they relate to dairies or milk and its by-products, may not include standards of weight or measurement.

(7) Adopt rules and orders which seem necessary or proper for the supervision and control of manufactured and refined foods for livestock, and the manufacture, importation, sale, and method of using a biologic remedy or curative agent for the treatment of diseases of livestock. However, as far as practicable the standards approved by the United States department of agriculture shall be adopted.

(8) Install an adequate system of meat inspection at any time and in such places as public welfare may demand under the rules which may provide fees for the maintenance of such inspection, and which shall provide ways and means for shipping home-grown and home-killed meats into any city in this state. As far as practicable, the rules shall conform with the meat-inspection requirements of the United States *department of agriculture.*

(9) Slaughter or cause to be slaughtered, any livestock in this state known to be affected with, or which has been exposed to, an infectious, contagious, communicable, or dangerous disease, when such slaughter is necessary for the protection of other livestock; and destroy, or cause to be destroyed, all barns, stables, sheds, out-buildings, fixtures, furniture, and personal property infected with any such infectious, contagious, communicable, or dangerous disease, when they cannot be thoroughly cleaned and disinfected and the destruction is necessary to prevent the spreading of the disease.

(10) Indemnify the owner of any property destroyed by order of the

(2) (a) No game birds or game or fur-bearing animals shall be killed, taken or shot at from any aircraft, nor shall any aircraft be used for the purpose of concentrating, pursuing, driving, rallying or stirring up any game or migratory birds, game or fur-bearing animals, nor shall any powerboat, sailboat, or any boat under sail or any floating device towed by a powerboat, sailboat, or any boat under sail be used for the purpose of killing, capturing, taking, pursuing, concentrating, driving or stirring up any *upland* game birds, or game or fur-bearing animals.

(7) Game fish shall be taken only by angling, that is by hook and single line in hand or single rod in hand, or within immediate control; this does not prevent, however, the snagging of paddlefish, coho (silver salmon), and kokanee (sockeye salmon) when the commission shall declare an open season when paddlefish, coho (silver salmon), and kokanee (sockeye salmon) may be taken by snagging, the taking of paddlefish with long bow and arrow when the commission shall declare an open season when paddlefish may be taken by long bow and arrow, the taking of walleyed pike, sauger, northern pike and nongame fish with spear or gig when the commission shall declare an open season for taking walleyed pike, sauger, northern pike and nongame fish with spear or gig, nor the use of landing net or gaff to land a game fish after the same has been hooked by angling as above specified, nor does it prevent the taking of minnows other than game fish variety by the use or aid of a net not to exceed twelve (12) feet in length and four (4) feet in width, in such waters as may be designated by the commission.

For purposes of safety and allowing normal travel, a motor-driven vehicle may be parked on the roadside or directly adjacent to said road or trail. No person, while hunting game animals or game birds, shall drive or attempt to drive, run or attempt to run, molest or attempt to molest, flush or attempt to flush, or harass or attempt to harass any game animal or game bird with the use or aid of any motor-driven vehicle. CHAPTER NO. 154

AN ACT TO AMEND SECTIONS 82-1502, 82-1506, 82-1507, AND 82-1517, R.C.M. 1947, AND TO UPDATE THE AUTHORITY OF THE HAIL BOARD BY INCREASING THE AUTHORIZED LEVY, MAXIMUM INSURANCE, AND RESERVE FUND AND PROVIDING FOR ANNUAL INCREASES IN RESERVE FUND WHEN NECESSARY.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-1502, R.C.M. 1947, is amended to read as follows:

"**82-1502. Maximum insurance.** *When the fund is determined actuarily sound, as provided in section 3 of this act, the board may write not more than twenty-four dollars ($24) insurance* on each acre of grain, which is on nonirrigated land, and not more than *forty-eight dollars ($48)* per acre on irrigated land. When more than one party desires hail insurance on the same crop each shall be entitled to the share of the maximum provided per acre as represented by his interest in the crop. Either party may insure his share in the crop for any amount up to and including the maximum per acre if the others waive their right to insure."

Section 2. Section 82-1506, R.C.M. 1947, is amended to read as follows:

"**82-1506. Tax for hail insurance — limitation on levy — liens, effect of — mortgages — levies, when payable — hail insurance districts — rates.** (1) A tax is hereby authorized and directed to be levied on all lands in this state growing crops subject to injury or destruction by hail, the owners of which have elected to become subject to the provisions of this act. The state board of hail insurance shall annually estimate as near as may be possible, the amount required to pay all losses, interest

HeinOnline -- 1975 vol. I 278 1975

on warrants and costs of administration, and shall recommend a levy to be made on each kind of land respectively, subject to the provisions of this act, to the state department of revenue. The rates recommended to apply on the lands of owners shall be applied in the same proportions to the crops of those insured on a personal assessment basis. It is hereby provided, however, that such tax shall not exceed in any one (1) year the sum of *two dollars and forty* cents *($2.40)* per acre on lands sown to grain crops on nonirrigated lands, and the sum of *four* dollars and *eighty* cents *($4.80)* per acre on irrigated lands, also it shall not exceed *two dollars and forty* cents *($2.40)* per acre on lands producing hay crops; and provided further, that if the tax required to pay the estimated losses, interest on warrants and costs of administration be less than *one dollar and twenty* cents *($1.20)* per acre on lands sown to grain crops on nonirrigated lands and *two dollars and forty* cents *($2.40)* per acre on irrigated lands, and a proportionate amount on lands sown to hay crops, the said board of hail insurance must recommend a tax levy sufficient to raise the full amount thereof.

(2) In addition to the lien created above on the land of the insured, the levy for such hail insurance shall also constitute a lien on the crops insured with the exception that the said crop lien shall not apply to owners of unencumbered land, or on the land or crops of those who pay cash for hail insurance. The applications of these shall not be filed with the county clerk and recorded as provided for in section 82-1503.

The crop lien mentioned above shall be included in all applications for hail insurance and shall be enforced, as provided in sections 82-1509 and 82-1510, against all insured, except those owning unencumbered land or those who have paid cash for hail insurance.

(3) The state department of revenue is hereby empowered and it is made its duty to prescribe such levies annually to be made against lands growing crops subject to injury or destruction by hail which are subject to this act, in accordance with the recommendation of the state board of hail insurance. Such tax levies respectively shall be chargeable to the lands of each taxpayer who shall elect to become subject to this act and shall be extended on the tax roll and collected by the officers charged with such duties in the manner and form as are other property taxes and if not paid shall be a lien on the lands against which the same are levied as are other property taxes. Provided, however, that the lien as provided above shall in no way affect mortgages that are of record at the time of the approval of this act. The lien of any mortgage filed subsequent to the passage and approval of this act shall be subsequent to any lien for hail insurance hereafter levied thereon. All applicants securing hail insurance on crop liens as heretofore provided shall be subject to the same charges per acre as provided herein to be made on land. Notice of such assessment shall be mailed to each person insured, by the county treasurer in the same manner as are all other notices of taxes due. Said assessment shall be payable at the office of the county treasurers of each respective county. All insurance levies whether levied against land or in the form of special assessments secured by crop liens, shall be payable in full, and not in semiannual payments, on or before November 30th of each year in which such levies are made.

HeinOnline -- 1975 vol. I 279 1975

(4) The state board of hail insurance may when they deem it advisable establish as many districts as it deems advisable and may maintain maximum rates in various parts of the state which rates shall be commensurate with the risk incurred as nearly as they can determine from past experiences or from any records available. The highest of these rates shall be the same as the maximum established herein and the lowest shall not be less than *one dollar and twenty* cents *($1.20)* per acre on lands sown to grain crops, and a proportionate amount on lands sown to hay crops.

Notice of the various rates established for any year shall be plainly printed on the application for hail insurance, and in any year when the requirements of the hail insurance law as herein provided do not require a levy of the maximum rates as established, then the rates for the year shall be determined and levied by the state board of hail insurance for each of the various districts as established, in such proportions as will in their judgment be fair and equitable."

Section 3. Section 82-1507, R.C.M. 1947, is amended to read as follows:

"**82-1507. Scope and object of levy — reserve.** (1) In making the levy provided in the preceding section the state board of hail insurance shall provide for:

(a) The payment of all expenses of administration, together with all interest owed or to be owing on registered warrants.

(b) For that portion of the losses incurred during the current year which are not paid from funds drawn from the reserve.

(c) For the maintenance of the reserve, a part or all of which may be used in any one year for the purpose of paying the costs of administration, interest on the warrants and losses as the same shall be settled and adjusted by the said board including the losses sustained in any prior year or years under the state hail insurance law during or subsequent to the year 1919 that have not been paid.

(d) If at the end of any hail insurance season the state board of hail insurance determines and finds that more funds are accumulating from the current year's levies than were estimated when the levy was made, and which funds are in excess of the need for the payment of losses and expenses and maintenance of the reserve, the state board of hail insurance may, at its discretion, refund to the farmers insured for the said year, on a pro rata or percentage basis the excess.

(2) Each year when the hail board makes its annual levy for the payment of current losses, expenses of administration, and for an addition to the reserve if conditions permit, it shall not increase the levy enough in any year so that such addition to the reserve will exceed five per cent (5%) of the maximum risk written for that year.

(3) The reserve fund shall not exceed four million dollars ($4,000,000) prior to January 1, 1976. On January 1, 1976 and thereafter the maximum permissible reserve fund shall be established as set forth in subsection (4) of this section.

HeinOnline -- 1975 vol. I 280 1975

(4) The board may engage the services of a qualified actuary to conduct an actuarial valuation of the reserve. This valuation shall include the actuary's determination of the amount of reserve necessary to absorb all reasonably anticipated catastrophic losses. This amount shall be the maximum permissible reserve fund for the next year.

(5) The reserve hereby created shall be deposited in the agency fund and the state board of hail insurance is hereby granted the power to draw from its moneys in said fund such amounts as it may deem necessary for the purpose of paying costs of administration, interest and losses, and provided further, that whenever there are no unpaid losses for prior years and whenever in any one (1) year the cost of administration, interest and losses for the current year shall be less than the sum of sixty cents (60¢) per acre on nonirrigated grains and a proportionate amount on irrigated grains and other crops, the state board of hail insurance shall not draw on the reserve for any purpose unless the amount required for the payment of losses for the current year, including interest on warrants and costs of administration shall exceed the amount of the estimate made by the state board of hail insurance."

Section 4. Section 82-1517, R.C.M. 1947, is amended to read as follows:

"**82-1517. Payment of losses.** (1) The state board of hail insurance shall, as soon as practicable after the loss has been sustained, arrange for the payment of the losses as follows: From the amount of the loss as adjusted for each claimant the state board of hail insurance shall deduct the amount the claimant then owes as delinquent hail insurance tax and the maximum amount assessed as hail insurance tax for the current year, and shall make settlement within forty (40) days from the time loss is sustained in the following manner: By paying, either by registered warrant or otherwise if funds are immediately available, fifty per cent of the total loss as agreed on, less, however, the maximum rate of assessment; balance to be paid at the expiration of the hail season.

(2) The state board of hail insurance shall, on or before November first, order payment for the amount so deducted, which payment shall be remitted to the county treasurer of the county in which the tax was assessed. The state board of hail insurance shall then order payment for the balance of the adjustment which payment shall be sent to the claimant; provided, however, that in no case shall the payment for loss exceed *twenty-four* dollars *($24)* per acre for grain crops on nonirrigated lands, and *forty-eight* dollars *($48)* per acre on irrigated lands, and not to exceed *twenty-four* dollars *($24)* per acre on hay crops; provided, further, that no claimant shall receive payment for any loss incurred where said loss does not equal or exceed five per cent (5%) of the total value of the crop insured. Also if the losses in any year should exceed the current levy plus the reserve, if any, then the payment of all losses shall be prorated share and share alike among all grain growers having loss claims adjusted and approved, and the unpaid balance of said losses shall be paid out of the reserve without interest in such order as the state board of hail insurance shall direct, when in the judgment of the said board there are sufficient moneys to provide for the payment of the same and other items payable

HeinOnline -- 1975 vol. I 281 1975

out of said reserve. In any year the state board of hail insurance may by resolution authorize its chairman and secretary to borrow as needed from any person, bank or corporation such sum or sums of money as the state board may deem necessary to carry on the business of the department and for the purpose of paying all warrants as issued.

(3) For any moneys borrowed under the provisions of this act, the state board of hail insurance shall cause warrants to be drawn and said warrants shall bear interest at not to exceed six per cent (6%) per annum and said warrants and the interest thereon shall be paid out of funds from the state hail insurance department as they are collected from the various counties in the state. The state board of hail insurance shall not at any time borrow a total sum greater than the amount of levies as made for taxes for the current year together with such delinquent taxes as remain unpaid on the books of the county treasurer."

Approved March 25, 1975.

Section 1. Section 16-2618, R.C.M. 1947, is amended to read as follows:

"**16-2618. Deposit of public funds by county, city and town treasurers.** (1) It shall be the duty of all county, city and town treasurers to deposit all public moneys in their possession and under their control in any solvent banks, building and loan associations or savings and loan associations located in the county, city or town of which such treasurer is an officer, subject to national supervision or state examination as the board of county commissioners in the case of a county, or of the council in the case of a city or town, may designate, and no other. The treasurer shall take from such bank, building and loan association or savings and loan association such security as the board of county commissioners, in the case of a county, or the council in the case of a city or town, may prescribe, approve and deem fully sufficient and necessary to insure the safety and prompt payment of all such deposits, together with the interest on any time or savings deposits, provided that said board of county commissioners or city or town council is hereby authorized to deposit such

HeinOnline -- 1975 vol. I 287 1975

public moneys not necessary for immediate use by such county, city or town with any bank, building and loan association or savings and loan association authorized herein above in a savings or time deposit; provided that the bank or banks or building and loan association or savings and loan association in which the money is deposited shall pay on the moneys no less than the rate of interest as is paid on money from private sources on the same terms. Refusal of any bank, building and loan association or savings and loan association to pay said interest rate shall constitute a waiver of that institution's right to participate in the ratable distribution of said moneys as set forth in subsection (4) of this act, and provided that said board of county commissioners, or city or town council is hereby authorized to invest such public moneys not necessary for immediate use by such county, city or town, in direct obligations of the United States government, payable within not to exceed one hundred eighty (180) days from the time of such investment.

(2) Said board of county commissioners, city or town council may require security for only such portion of deposits as is not guaranteed or insured according to law. Such security shall consist of *those enumerated in section 79-307.*

(3) When negotiable securities are furnished, such securities may be placed in trust and the trustee's receipt may be accepted in lieu of the actual securities when such receipt is in favor of the treasurer, his successors and the state of Montana, and the form of receipt and the trustee have been approved by the department of intergovernmental relations. All warrants or other negotiable securities must be properly assigned or endorsed in blank. It shall be the duty of the board of county commissioners in the case of county funds, or the council in the case of funds of a city or town, upon the acceptance and approval of any of the abovementioned bonds or securities, to make a complete minute entry of such acceptance and approval upon the record of their proceedings, and such bonds and securities shall be reapproved at least quarter annually thereafter.

(4) (a) Demand deposits shall be placed only in banks. When more than one bank is available in any county, for the deposit of such county funds, or in any city or town for the deposit of such city or town funds, such demand deposits shall be distributed ratably among all of such banks qualifying therefor, substantially in proportion to paid-in capital and surplus of each such bank willing to receive such demand deposits under the terms of this act, and it shall be the duty of said county, city or town treasurer to prorate all such demand deposits among all of the banks qualified to receive the same as in this act provided, to the end that an equitable distribution of such demand deposits shall be maintained.

(b) Such public moneys not necessary for immediate use by such county, city or town which are not invested in direct obligations of the United States government as authorized herein shall be placed in time or savings deposits with any bank, building and loan association or savings and loan association in the county, city or town. When more than one bank, building and loan association or savings and loan association is available in any county, for the deposit of such county funds, or in any city or town for the deposit of such city or town funds, such funds shall

HeinOnline -- 1975 vol. I 288 1975

be distributed ratably among all of such banks, building and loan associations and savings and loan associations qualifying therefor, substantially in proportion to the total property taxes paid in such county or the county in which such city or town is located during the preceding year, including taxes on shares of bank stock, by each such bank, building and loan association or savings and loan association willing to receive such time or savings deposits under the terms of this act, and it shall be the duty of said county, city or town treasurer to prorate all such time or savings deposits among all of the banks, building and loan associations and savings and loan associations qualified to receive the same as in this act provided, to the end that an equitable distribution of such time or savings deposits shall be maintained.

(5) Whenever it shall come to the attention of the department of intergovernmental relations that the funds of any county, city or town are not properly distributed as provided in this act, the department of intergovernmental relations shall order the treasurer of such county, city or town to distribute said funds in accordance herewith, and if such treasurer shall refuse or neglect to comply with such order, it shall be the duty of the department of intergovernmental relations to institute proceedings against such treasurer at the cost of the county, city or town of which such treasurer is an officer, on the official bond of such treasurer. If no such bank, building and loan associations or savings and loan associations exists in the county, city or town, or if any banks, building and loan associations or savings and loan associations existing therein fails or refuses to qualify under the terms of this act to receive such deposits, then and in such case, or in either of such cases, such moneys as have not been accepted by any banks, building and loan associations or savings and loan associations within said county, city or town, shall be deposited under the terms of this act, in the banks, building and loan associations or savings and loan associations most convenient to such county, city or town, willing to accept such deposits under the terms of this act, and qualified as above provided. Any banks, building and loan associations or savings and loan associations receiving such deposits, shall, through its president and cashier or secretary, make a statement quarter annually of account, under oath, showing all such moneys that have been deposited with such bank, building and loan association or savings and loan association during the quarter, the amount of daily balance in dollars, and the amount of interest by such banks, building and loan associations or savings and loan associations credited or paid therefor, and showing that neither such bank, building and loan association or savings and loan association nor any officer thereof, nor any person for it, has paid or given any consideration or emolument whatsoever to the treasurer or to any other person other than the interest provided for herein, for or on account of the making of such deposits, with any such bank, building and loan association or savings and loan association. All such deposits shall be subject to withdrawal by the treasurer in such amounts as may be necessary from time to time, and no deposit of funds shall be made, or permitted to remain in any bank, building and loan association or savings and loan association, until the security for such deposits shall have been first approved by the board of county commissioners in the case of county funds, or by the council in the case of city or town funds, and delivered to the treasurer.

HeinOnline -- 1975 vol. I 289 1975

(6) Except as provided in subsection (8) of this section, all interest paid and collected on such deposits or investments shall be credited to the general fund of the county, city or town to whose credit such funds are deposited. Where moneys shall have been deposited in accordance with the provisions of this act, the treasurer shall not be liable for loss on account of any such deposit that may occur through damage by the elements or for any other cause or reason occasioned through means other than his own neglect, fraud, or dishonorable conduct.

(7) Any bank, building and loan association or savings and loan association pledging securities as provided in this act at any time it deems advisable or desirable may substitute like securities for all or any part of the securities pledged. The collateral so substituted shall be approved by the governing body of the county, city or town at its next official meeting. Such securities so substituted shall at the time of substitution be at least equal in principal amount to the securities for which substitution is made. In the event that the securities so substituted are held in trust, the trustee shall, on the same day the substitution is made, forward by registered or certified mail to the county, city or town and to the depository bank, building and loan association or savings and loan association, a receipt specifically describing and identifying both the securities so substituted and those released and returned to the depository bank, building and loan association or savings and loan association.

(8) Whenever in the judgment of the trustees of any common school district, high school district, or county high school it would be advantageous to invest any money of such school or school district in savings or time deposits in a state or national bank, building and loan association or savings and loan association insured by the F.D.I.C. or the F.S.L.I.C., or in direct obligations of the United States government, payable within one hundred eighty (180) days from the time of investment, such governing body may in its discretion direct the county treasurer to make such investments. All interest collected on such deposits or investments shall be credited to the fund from which the money was withdrawn, provided that nothing in this act shall be interpreted to conflict with section 16-2050."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 84-1504, R.C.M. 1947, is amended to read as follows:

"**84-1504. Computation of license tax—return of net income to be filed—definitions.** (1) The license fee shall be computed on the basis of the corporation's total net income for the taxable period. The corporation's taxable period shall be its taxable year for federal income tax purposes.

HeinOnline -- 1975 vol. I 291 1975

In the event a corporation changes its taxable year, it shall promptly notify the state department of revenue.

(2) Every corporation, subject to the license fee imposed under this chapter, shall for each taxable period render a true and accurate return of its net income for the taxable period in the manner and form to be prescribed by the state department of revenue, and containing such facts, data and information as are appropriate and in the opinion of the state department of revenue necessary to determine the correctness of the net income returned and to carry out the provisions of this act. The return shall be signed by one (1) of the following: the president, the vice-president, the treasurer, the assistant treasurer, or chief accounting officer. If the corporation is reporting on a calendar year basis the return shall be filed with the department of revenue on or before the fifteenth day of May following the close of the calendar year, and if reporting on a fiscal year basis the return shall be filed with the department on or before the fifteenth day of the fifth month following the close of its fiscal year. Upon application a corporation shall be allowed an automatic extension of time for filing its return *of one (1) to six (6) months* following the date prescribed for filing of its tax return. The application is to be made on such forms as the department of revenue shall prescribe. The department of revenue may grant an additional extension of time for the filing of a return whenever in its judgment good cause exists. The terms "engaged in business" and "doing business" both mean actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. The term gross income means all income recognized in determining the corporation's gross income for federal income tax purposes; but shall include interest exempt from federal income tax. Any corporation not subject to or liable for federal income tax but not exempt from the corporation license tax under section 84-1501 shall compute gross income for corporation license tax purposes in the same manner as a corporation that is subject to or liable for federal income tax according to the provisions for determining gross income in the federal internal revenue code in effect for the taxable year. The term "net income" means the gross income of the corporation less the deductions set forth in section 84-1502.

(3) In cases wherein receivers, trustees in bankruptcy, or assignees are operating the property or business of a corporation subject to the license fee imposed by this act, such receiver, trustee, or assignee shall make the return in the same manner and form as such corporation is hereinbefore required to make return, and any license fee due on the basis of such returns made by the receiver, trustee, or assignee, shall be assessed and collected in the same manner as if assessed directly against the corporation of whose business or property they have custody and control, and shall be paid by such receiver, trustee, or assignee out of the property of the company in his hands, prior to the claims of creditors or stockholders."

(2) *A* resident student who marries a nonresident does not by that fact alone lose resident status for tuition and fee purposes for a period of four (4) years after marriage.

(3) Except as provided in the next subsection, residence is not gained or lost because of relocation as a member of the armed forces of the United States.

(4) Residence may be gained by a member of the armed forces of the United States, his spouse, or his children by living in Montana for one (1) year, and complying with the provisions of this section.

HeinOnline -- 1975 vol. I 295 1975

(5) A new domicile is established by a qualified person if he is physically present in Montana with no intention to acquire a domicile outside of Montana.

(6) Domicile is not lost by absence from Montana with no intention to establish a new domicile.

(7) Montana high school graduates are resident students of the system for four (4) consecutive years of attendance if:

(a) they apply for admittance to the system within one (1) year after graduation; or

(b) their parents *or the parent having legal custody, or if neither parent has legal custody the parent with whom they customarily reside* have resided in Montana in one (1) of the two (2) years immediately preceding the graduation.

(8) Upon moving to Montana, an adult employed on a full-time basis within the state of Montana may apply for in-state tuition classification for his spouse or any dependent minor child or both. If such person meets the requirement of full-time employment within the state of Montana and files for the payment of Montana state income taxes, or files estimates of such taxes, or is subject to withholding of said taxes, and renounces his residency in any other state, and is not himself in the state primarily as a student, his spouse or any dependent minor child, or both, may at the next registration after qualifying be classified at the in-state rate, so long as he continues his Montana domicile. In the administration of this paragraph, neither the full-time employee or spouse shall be eligible for in-state tuition classification if the primary purpose for coming to Montana was the education of the employee or spouse."

Section 3. Section 75-8704, R.C.M. 1947, is amended to read as follows:

"**75-8704. Evidence as to domiciliary intent — changes in status.** (1) To determine the domicile of a person, the units of the system shall apply the following rules:

(b) A person must intend to establish a domicile in Montana.

(2) After registration, a student's classification for tuition and fee purposes remains unchanged in the absence of evidence to the contrary:

(a) A written statement of the evidence shall be filed with the registering authority of the unit.

(b) Changes in classification shall be in writing signed by the registering authority, and shall take effect at the student's next registration.

(3) A minor shall qualify for a change in status only if his parents *or the parent having legal custody, or if neither parent has legal custody the parent with whom he customarily resides* or legal guardian or person

HeinOnline -- 1975 vol. I 296 1975

having legal custody completes the requirements for establishing domicile heretofore set forth.

(4) It is presumed a minor or adult registered as a full-time student at any unit is not qualified for a change in his or his dependents classification for tuition and fee purposes unless he completes twelve (12) continuous months of residence while not attending a unit of the system or other institution of higher learning or while serving in the armed forces.

(5) Any student whose request for classification as a resident student is denied has the right of appeal to the executive secretary of the Montana university system:

(a) Immediately upon rejection and at the request of the student, the registering authority shall forward a copy of his decision and a complete file on the student to the executive secretary.

(i) The executive secretary may accept other evidence of residence from either the student, the registering authority, or other interested persons.

(b) Within thirty (30) days of the receipt of the decision of the registering authority, the executive secretary shall determine the resident status of the student and shall notify the student and the registering authority of his decision.

(c) The executive secretary's decision may be appealed to the regents if the regents agree to entertain such an appeal."

Section 4. Section 83-303, R.C.M. 1947, is amended to read as follows:

4. *The residence of his parents, or if one of them is deceased or they do not share the same residence, the residence of the parent having legal custody, or if neither parent has legal custody the parent with whom he customarily resides, is the residence of the unmarried minor child. In case of a controversy the district court may declare which parental residence is the residence of an unmarried minor child.*

5. The residence of an unmarried minor who has a parent living cannot be changed by either his own act or that of his guardian.

6. The residence can be changed only by the union of act and intent."

Section 5. Section 36-102, R.C.M. 1947, is repealed.

8-812.1. Liability of inland carriers for loss. Any common carrier, railroad, or transportation company subject to the provisions of this act receiving property for transportation from a point in Montana to any other point in Montana, shall issue a receipt or bill of lading therefor, and shall be liable to the lawful holder thereof for any loss, damage, or injury to such property caused by it or by any common carrier, railroad or transportation company to which such property may be delivered or over whose line or lines such property may pass within the state of Montana when transported on a through bill of lading, and no contract, receipt, rule, regulation or other limitation of any character whatsoever shall exempt such common carrier, railroad, or transportation company from the liability hereby imposed; and any such common carrier, railroad, or transportation company so receiving property for transportation from a point in Montana to a point in Montana, or any common carrier, railroad, or transportation company delivering said property so received and transported shall be liable to the lawful holder of said receipt or bill of lading or to any party entitled to recover thereon, whether such receipt or bill of lad-

ing has been issued or not, for the full actual loss, damage, or injury to such property caused by it or by any common carrier, railroad, or transportation company to which such property may be delivered or over whose line or lines such property may pass within the state of Montana when transported on a through bill of lading, notwithstanding any limitation of liability or limitation of the amount of recovery or representation or agreement as to value in any such receipt or bill of lading, or in any contract, rule, regulation, or in any tariff filed with the public service commission; and any such limitation, without respect to the manner or form in which it is sought to be made is hereby declared to be unlawful and void, except:

(1) An inherent defect, vice, weakness, or a spontaneous action of the property itself;

(2) The act of a public enemy of the United States, or of this state;

(3) The act of the law;

(4) An irresistible superhuman cause; or

(5) The act or default of the shipper or owner or for natural shrinkage.

Provided that the provisions hereof respecting liability for full actual loss, damage or injury, notwithstanding any limitation of liability or recovery or representation or agreement or release as to value, and declaring any such limitation to be unlawful and void, shall not apply, first, to baggage carried on passenger trains or buses; second, to property, except ordinary livestock, received for transportation concerning which the carrier shall have been or shall hereafter be expressly authorized or required by order of the public service commission to establish and maintain rates dependent upon the value declared in writing by the shipper or agreed upon in writing as the released value of the property, in which case such declaration or agreement shall have no other effect than to limit liability and recovery to an amount not exceeding the value so declared or released, and shall not, so far as related to values, be held to be a violation of this act; and any tariff schedule which may be filed with the commission pursuant to such order shall contain specific reference thereto and may establish rates varying with the value so declared and agreed upon; and the commission is hereby empowered to make such order in cases where rates dependent upon and varying with declared or agreed values would, in its opinion, be just and reasonable under the circumstances and conditions surrounding the transportation. The term "ordinary livestock" shall include all cattle, swine, sheep, goats, horses, and mules, except such as are chiefly valuable for breeding, racing, show purposes, or other special uses.

Provided further, that nothing in this section shall deprive any holder of such receipt or bill of lading of any remedy or right of action.

Provided further, that it shall be unlawful for any such receiving or delivering common carrier to provide by rule, contract, regulation, or otherwise, a shorter period for the filing of claims than nine months, and for the institution of suits than two years, such period for institution of suits to be computed from the date when notice in writing is given by

the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice.

Provided further, that for the purpose of this section and section 8-812.2, the delivering carrier shall be construed to be the carrier performing the linehaul service nearest to the point of destination.

Provided further, that the liability imposed by this section shall also apply in the case of property reconsigned or diverted in accordance with the applicable tariffs filed as in this part provided.

Provided further, that the consignee within fifteen (15) days after delivery must ask for an inspection of any damaged shipment and the carrier must make an inspection within five (5) working days thereafter.

Provided further, that the consignee shall have the opportunity to examine the condition of the package in which the goods are shipped prior to signing the delivery receipt.

Provided further, that the consignee may detain the driver at consignee's expense not to exceed a minimum charge to be fixed by the public service commission while he examines the shipment for possible concealed damage. During such examination, the freight bill may still be noted as to the extent of the damage or loss, if any. If examination discloses damage, the examination charge may be included in the consignee's claim for damage in proportion to the amount of the claim.

Provided further, that carriers must acknowledge receipt of each claim within thirty (30) days and promptly investigate each claim, and either pay or decline the claim within one hundred twenty (120) days from the date of receipt thereof or provide an explanation for the delay in disposition. An assertion that the claim is still being investigated shall not constitute sufficient explanation.

Provided further, that in the event a claimant or a carrier successfully prosecutes or defends a claim for loss or damage under this section, wherein it is alleged the carrier has not disposed of the claim within one hundred twenty (120) days or explained the delay, and providing further, that the claimant has inquired of the carrier regarding the delay, in writing, within the one hundred twenty (120) day period, then the court exercising jurisdiction may, at its discretion, award reasonable attorney fees to the successful party but not exceed five hundred dollars ($500).

Section 2. There is a new R.C.M. section numbered 8-812.2 that reads as follows:

8-812.2. Liability between carriers. The common carrier, railroad, or transportation company issuing such receipt or bill of lading, or delivering such property so received and so transported shall be entitled to recover from the common carrier, railroad, transportation company, on whose line the loss, damage or injury shall have been sustained, the amount of such loss, damage, or injury as it may be required to pay to the owners of such property, as may be evidenced by any receipt, judgment, or transcript thereof, and the amount of any expense reasonably incurred by it in defending any action at law brought by the owners of such property.

CHAPTER NO. 170

AN ACT AMENDING SECTION 87-106, R.C.M. 1947, TO INCREASE

THE ALLOWABLE LEVEL OF PAYMENTS THAT MAY BE RECEIVED IN RETIREMENT BENEFITS BEFORE DISQUALIFICATION FOR UNEMPLOYMENT BENEFITS AND FOR RETIRED FEDERAL PERSONNEL.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-106, R.C.M. 1947, is amended to read as follows:

"**87-106. Disqualification for benefits.** An individual shall be disqualified for benefits—

(a) If he has left work without good cause attributable to the employment for a period of not less than two (2) nor more than five (5) weeks (in addition to and immediately following the waiting period), as determined by the division according to the circumstances in each case; but, he shall not be disqualified if the division finds that:

(1) He left his employment because of personal illness or injury not associated with misconduct, or left his employment upon the advice of a licensed and practicing physician, and after recovering from his illness or injury when recovery is certified by a licensed and practicing physician, he returned to his employer and offered his service and his regular or comparable suitable work was not available, if so found by the division, provided he is otherwise eligible.

(b) If he has been discharged:

(1) For misconduct connected with his work, or affecting his employment, for a period of not less than two (2) nor more than nine (9) weeks (in addition to and immediately following the waiting period), as determined by the division in each case according to the seriousness of the misconduct.

(2) For gross misconduct connected with his work or committed on the employer's premises, as determined by the division, for a period of twelve (12) months.

(c) If he failed, without good cause, either to apply for available and suitable work when so directed by the employment office or the division or to accept suitable work offered to him which he is physically able and mentally qualified to perform, or to return to his customary self-employment (if any) when so directed by the division. Such disqualification shall continue for the week in which such failure occurred and for not less than two (2) nor more than five (5) weeks in addition to the waiting week which immediately follow such week as determined by the division according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the division shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience and previous earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

HeinOnline -- 1975 vol. I 304 1975

(2) Notwithstanding any other provisions of this act, no work shall be deemed suitable and benefits shall not be denied under this act to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(B) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(C) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) For any week with respect to which the division finds that his total unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed, provided that this subsection shall not apply if it is shown to the satisfaction of the division that—

(1) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(e) For any week with respect to which he is receiving or has received payment in the form of—

(1) Wages in lieu of notice or separation or termination allowance;

(2) Compensation for disability under the Workmen's Compensation Law or the Occupational Disease Law of this or any other state or under a similar law of the United States, provided, however, that when an injured claimant has ceased to draw compensation benefits and shall have returned to the labor market, he shall then be entitled to receive unemployment compensation benefits under this title, if he shall be otherwise qualified. Provided further, that compensation which is received as a payment for a permanent partial disability shall not be computed to be spread over a period of weeks in advance so as to bar the recipient from receiving unemployment compensation benefits under this title, provided the recipient has returned to the labor market and is otherwise qualified;

(3) Benefits under the Railroad Unemployment Insurance Act or any state unemployment compensation act or similar laws of any state or of the United States. This disqualification does not apply to any week with respect to which an individual is receiving or has received benefits under an unemployment compensation law of another state or of the United States, if such benefits are paid pursuant to section 87-129.

Receipt of any wages, compensation or benefits as set forth in subsection (1), (2), or (3) above, after payment of unemployment benefits, and with respect to the same week for which unemployment benefits were received, will thereupon require such individual to repay such unemployment benefits and the division may collect such unemployment benefits in the same manner as provided for collection of benefits under section 87-145 (d).

(f) During the school year (within the autumn, winter and spring seasons of the year) or the vacation periods within such school year or during any prescribed school term if claimant is a student regularly attending an established educational institution. Notwithstanding any other provisions in this subsection, no otherwise eligible individuals shall be denied benefits for any week because he is in training approved by the division, nor shall such individual be denied benefits with respect to any week in which he is in training approved by the division by reason of the application of provisions in subsection (c) of this section or the application of provisions in section 87-105 (c).

Separate accounts shall be kept of the amounts collected and expended in each class for *actuarially* determining rates but for payment of compensation and dividends the industrial insurance account shall be one and indivisible. The *division* as a member of such rating organization shall determine the hazards of the different classes of occupations or industries and fix the premiums therefor at the lowest rate consistent with maintenance of *an actuarially sound* industrial insurance fund, and the creation of *actuarially sound* surplus and reserves and for such purpose may adopt a system of schedule rating in such a manner as to take account of the peculiar hazard of each risk, and shall *utilize* the experience and information afforded to it as a member of such rating organization.

Any gain or advantage to the licensee or any employee, affiliate or associate of the licensee from the sale, provision or obtaining of insurance as authorized by this section shall not be deemed to be additional charges or a violation of this act.

A licensee shall not require insurance under this section until any existing insurance of the same type has expired or has been canceled and the unearned portion of the premium for the canceled insurance has been rebated to the borrower."

lected by the *division* in an action brought in the name of the state of Montana in the county in which the employer resides or in which he employs *workers*. Any penalty collected under this subsection shall be paid into the industrial accident administrative earmarked revenue account.

(4) Any person aggrieved by an order prohibiting the use of the machine, equipment, apparatus or place of employment as provided for in this section may request a hearing before the *division* within twenty (20) days after entry of such order. Any such order of closure or for cessation of work shall be expressly limited to only that portion of the plant, installation or facility as is directly and immediately affected by the unsafe condition constituting an immediate menace to the life and safety of the *workers* employed therein. Upon issuance of any such order, the *division* shall fix a place and time, not later than twenty-four (24) hours thereafter, for a hearing to be held before the *division*. Not more than twenty-four (24) hours after the commencement of the hearing, and without adjournment thereof, the *division* shall affirm, modify, or set aside the order. Nothing in this section shall empower the *division* to determine that any employment or place of employment is in an unsafe condition on the basis of the number or qualifications of employees operating such employment or place of employment unless a specific rule adopted after public hearing is violated. Provided that for those employments or places of employment for which no code has been adopted and where it is found by the *division* that such place of employment is in such an unsafe condition as to constitute an immediate menace to the life or safety of the *workers* there employed, the *division* may order that portion of the plant, installation or facility as is directly and immediately affected by such unsafe condition closed for a period not to exceed four (4) hours unless such period be extended by order of the *division*."

(2) Within thirty (30) days after an application for rehearing is denied, or, if the application is granted, within thirty (30) days after rendition of the decision on the rehearing, any party affected thereby may appeal to the district court for the county in which is situated the place of employment complained of for the purpose of having the lawfulness of the original order, or decision, or the order or decision on rehearing inquired into and determined.

(3) To give the district court jurisdiction it is sufficient that a notice be filed with the clerk of the court to the effect that an appeal is taken to the district court from the order or decision of the *division* and describing the order or decision sufficiently for purposes of identification. The notice shall be signed by the party appealing or his attorney and a copy thereof shall be served by certified mail upon the *division*. Within ten (10) days after the receipt of the notice, the *division* shall file with the clerk of court the record of proceedings before the *division*, including a transcript of all the evidence adduced upon the hearing and any rehearing before the *division*. The district court, on application for good cause shown, may extend the time within which the *division* shall file the record, transcript and evidence. The cause shall be tried in the same manner as a civil action, provided that no new or additional evidence may be introduced in the court, but the cause shall be heard on the record to the court as certified to it by the *division*.

(4) The appeal shall not be extended further than to determine whether or not:

(a) The *division* acted without or in excess of its powers, or in violation of the law;

(b) The order or decision was procured by fraud;

(c) The order, decision or rule is unreasonable;

(d) If findings of fact are made, the finding of fact supports the order or decision under review.

(2) The applicant for rehearing shall be deemed to have finally waived all objections, irregularities and illegalities concerning the matters upon which rehearing is sought other than those set forth in the application.

(3) A copy of the application for rehearing shall be served immediately on all adverse parties, who may file an answer thereto within ten (10) days after being served.

(2) Notice of the time and place of the rehearing shall be given to the applicant, the adverse parties and such other persons as the *division* may order.

(3) If after the rehearing and the consideration of all the facts, including those arising since the making of the order or decision involved, the *division* shall be of the opinion that all or any part of the original order or decision is in any respect unjust or unwarranted, or should be changed, the *division* shall abrogate, change or modify the same.

(4) An order or decision made after the rehearing, abrogating, changing or modifying the original order or decision shall have the same force and effect as an original order or decision but shall not affect any right or the enforcement of any right arising from or by virtue of the original order or decision unless so ordered by the *division.*

(5) An application for rehearing is considered denied by the *division* unless it has been acted upon within thirty (30) days from the date of filing; provided that the *division* may, upon good cause being shown there-

Code-making power.** (1) *The division may adopt*, amend, repeal and enforce rules for the prevention of accidents to be known as "safety codes" in every employment and place of employment, including the repair and maintenance of such places of employment, to render them safe. In the performance of its duties the *division* may appoint advisory committees to deal with specified industries composed of equal numbers of employers and employees; and others to suggest safety codes or amendments thereto. All such safety codes and rules shall, when adopted, be not inconsistent with the then existing widely accepted codes of such engineering bodies as the American Society of Mechanical Engineers, the American Standards Association, the American Society of Safety Engineers, the United States of America Standards Institute, the National Fire Protection Association, and, in addition, agencies of the federal government with responsibilities for administering worker safety programs, and other accepted codes. HeinOnline -- 1975 vol. I 329 1975

(2) Every code adopted and every amendment or repeal thereof shall be published in such manner as the *division* may determine. A printed list of all titles of all codes including amendments thereof issued and adopted by the *division* under the provisions of this act, together with the dates of adoption thereof, shall be published from time to time."

In case of practical difficulties, the *division* may grant variations from particular provisions of the code and permit the use of other or different devices or methods. *However,* such variations shall be granted only when it is clear that the reasonable safety of the workers in *the* plant or place of employment is not thereby endangered. In any case where the *division* shall decline or refuse to grant any request for variations on the ground that the safety of the workers involved would be endangered, the employer may request a rehearing as specified in this act. A properly indexed record of all variations made shall be kept in the office of the *division* and be open to public inspection."

Section 18. Section 41-1729, R.C.M. 1947, is amended to read as follows:

Section 20. Section 50-101, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1975 vol. I 330 1975

ment. The *division of workers' compensation* shall employ an adequate number of qualified metal and nonmetallic mine inspectors necessary for the enforcement of this act and shall prescribe their powers, duties and responsibilities."

Section 21. Section 50-102, R.C.M. 1947, is amended to read as follows:

"50-102. Inspections and investigations — access to mine — order to close mine or abate violation — notice — hearing and review. (a) The *division* is authorized at any time to cause to be made such inspections and investigations as it shall deem necessary in surface and underground mines which are subject to this act (1) for the purpose of obtaining, utilizing, and disseminating information relating to health and safety conditions in such mines, the causes of accidents involving bodily injury or loss of life, or the causes of occupational diseases originating therein, and (2) for the purpose of determining whether or not there is compliance with a health and safety standard or order issued under this act.

(b) For the purpose of making any inspection or investigation authorized by this act, authorized representatives of the *division* shall have the right of entry to, upon, or through any mine which is subject to this act.

(c) If, upon any inspection of a mine which is subject to this act authorized representatives of the *division* find that the conditions or practices in the mine are such that a danger exists which could reasonably be expected to cause death or serious physical harm immediately or before the imminence of such danger can be eliminated, such representatives shall determine the extent of the area of such mine throughout which the danger exists, and thereupon issue an order requiring the operator of such mine to cause all persons, except the persons designated below, whose presence in such area is necessary to eliminate the danger described in such order, to be withdrawn from, and to be debarred from entering such area:

(1) Any person whose presence in such area is necessary in the judgment of the operator of the mine, to eliminate the danger described in the order.

(2) Any public official whose official duties require him to enter such area.

(3) Any legal or technical consultant, or any representative of the employees of the mine, who is a person qualified to make mine examinations, or is accompanied by such a person, and whose presence in such area is necessary, in the judgment of the operator of the mine, for the proper investigation of the conditions described in the order.

(d) If, upon any such inspection or investigation, an authorized representative finds that there has been a failure to comply with a mandatory standard which is applicable to such mine, but that such failure to comply has not created a danger that could reasonably be expected to cause death or serious physical harm in such mine immediately or before the imminence of such danger can be eliminated, he shall find what would be a

HeinOnline -- 1975 vol. I 331 1975

reasonable period of time within which such violation should be totally abated and thereupon issue a notice fixing a reasonable time for the abatement of the violation. If, upon the expiration of such period of time as originally fixed or extended, the authorized representative finds that such violation has not been totally abated, and if he also finds that such period of time should not be further extended, he shall also find the extent of the area which is affected by such violation; thereupon, the *division* shall make an order requiring the operator of such mine to cause all persons in such area, excepting the following persons whose presence in such area is necessary to abate the violation described in the order, to be withdrawn from, and to be debarred from entering such area:

(1) Any person whose presence in such area is necessary, in the judgment of the operator of the mine, to abate the violation described in the order.

(2) Any public official whose official duties require him to enter such area.

(3) Any legal or technical consultant, or any representative of the employees of the mine who is a person qualified to make examinations, or is accompanied by such a person, and whose presence in such area is necessary, in the judgment of the operator of the mine, for the proper investigation of the conditions described in the order.

(e) Findings and orders issued pursuant to this section shall contain a detailed description of the conditions or practices which cause and constitute a situation of imminent danger or a violation of a mandatory standard, and a description of the area of the mine throughout which persons must be withdrawn and debarred.

(f) Each finding made and notice or order issued under this section shall be given promptly to the operator of the mine to which it pertains by the person making such finding or order, and all such findings, orders, and notices shall be in writing, and shall be signed by the person making them. A notice or order issued by an authorized representative pursuant to this section may be annulled, canceled, or revised by the authorized representative, and in case of a *division* order, the *division* may annul, cancel or revise the order.

(g) The order of the duly authorized representative of the *division* shall remain in effect, but shall immediately be subject to review as provided in this act.

(h) An operator notified of an order made pursuant to section 50-102 (c) may apply to the *division* for a hearing, revision, or annulment of such order. Whenever the *division* after such a hearing upon complaint, or upon its own motion, finds that danger throughout the area of such mine as set out in such order existed at the time of making the inspection, it shall make an order denying a revision or annulment; but, if it finds that such danger did not exist throughout the area of such mine, it shall make an order consistent with its findings, revising or annulling the order under review.

(i) An operator notified of an order made pursuant to section 50-102

HeinOnline -- 1975 vol. I 332 1975

(d) may apply to the *division* for a hearing or revision of such order. If the *division* finds that there was no violation, it shall make an order annulling the order under review. If the *division* finds that there was such a violation, but such violation has since been abated, it shall make an order annulling the order under review. If the *division* finds that such violation was not totally abated, it shall make an order consistent with its findings.

AN ACT TO AMEND SECTION 69-3911, R.C.M. 1947, BY PROVIDING METHODS FOR OBTAINING PERMITS FROM THE STATE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES FOR THE CONSTRUCTION, INSTALLATION, ALTERATION, OR USE OF EQUIPMENT OR FACILITIES WHICH DIRECTLY OR INDIRECTLY CONTRIBUTES TO AIR POLLUTION OR WHICH CONTRIBUTES TO THE ABATEMENT OF AIR POLLUTION.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-3911, R.C.M. 1947, is amended to read as follows:

"**69-3911. Permits.** (1) The board may, by rule or regulations, prohibit the *construction,* installation, alteration, or use of any machine, equipment, device or *facility* which it finds may *directly or indirectly* cause or contribute to air pollution or which is intended primarily to prevent or control the emission of air pollutants, unless a permit therefor has been obtained from it.

(2) Not later than one hundred eighty (180) days prior to the time that construction begins and not later than one hundred twenty (120) days prior to the time that installation, alteration or use commences, the owner or operator shall file with the department the appropriate permit application on forms available from the department.

(3) Notwithstanding anything contained in subsection (2), the department may, for good cause shown, waive the provisions of subsection (2) or shorten the time required for filing the appropriate applications.

(4) The department shall require that applications for permits be accompanied by any plans, specifications, and other information it deems necessary.

(5) An application is not considered filed until the applicant has submitted all information and completed all application forms required by subsections (2), (3), and (4). A hearing shall be held under the provisions of the Montana Administrative Procedure Act. The department's decision on the application is not final unless fifteen (15) days have elapsed and there is no request for a hearing under this section. CHAPTER NO. 186

AN ACT PROVIDING FOR FILING FEES TO ACCOMPANY REQUESTS FOR VARIANCES; AMENDING SECTION 69-3916, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-3916, R.C.M. 1947, is amended to read as follows:

"**69-3916. Variances — filing fees.** (1) Any person who owns or is in control of any plant, building, structure, process or equipment may apply to the board for an exemption or partial exemption from rules or regulations governing the quality, nature, duration or extent of emissions of air pollutants. The application shall be accompanied by such informa-

HeinOnline -- 1975 vol. I 350 1975

tion and data as the board may require. The board may grant such exemption or partial exemption if it finds that:

(a) The emissions occurring or proposed to occur do not constitute a danger to public health or safety; and

(b) Compliance with the rules or regulations from which exemption is sought would produce hardship without equal or greater benefits to the public.

(2) No exemption or partial exemption shall be granted pursuant to this section except after public hearing on due notice and until the board has considered the relative interests of the applicant, other owners or property likely to be affected by the emissions, and the general public.

(3) No exemption or partial exemption pursuant to this section shall be granted for a period to exceed one (1) year, but any such exemption or partial exemption may be renewed for like periods if no complaint is made to the board on account thereof or if, such complaint having been made and duly considered at a public hearing held by the board on due notice, the board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty (60) days prior to the expiration of the exemption or partial exemption. Immediately prior to application for renewal the applicant shall give public notice of such application in accordance with rules and regulations of the board. Any renewal pursuant to this subsection shall be on the same grounds and subject to the same limitations and requirements as provided in subsection (a) of this section.

(4) An exemption, partial exemption or renewal thereof shall not be a right of the applicant or holder thereof but shall be in the discretion of the board. However, any person adversely affected by an exemption, partial exemption or renewal granted by the board may obtain judicial review thereof as provided by section 14 [69-3917] of this act.

(5) Nothing in this section and no exemption, partial exemption or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of section 12 [69-3915] of this act to any person or his property.

(6) Any person who owns or is in control of any plant, building, structure, process or equipment (hereinafter called a facility) who applies to the board for an exemption or partial exemption or a renewal of an exemption or partial exemption from any rule governing the quality, nature, duration or extent of emissions of air pollutants shall submit with the application for variance a sum of not less than five hundred dollars ($500) or two percent (2%) of the cost of the equipment to bring the facility into compliance with the rule(s) for which a variance is sought, whichever is greater, but not to exceed eighty thousand dollars ($80,000). The department shall prepare a statement of actual costs, and any funds in excess of this shall be returned to the applicant. The value of any fee in excess of five hundred dollars ($500) shall be calculated by determining the cost of the equipment required to bring the facility into compliance with the rule(s) for which the variance is being sought. The person requesting the variance shall describe the facility in sufficient detail, with accompanying estimates of

HeinOnline -- 1975 vol. I 351 1975

cost and verifying materials, to permit the department to determine, with reasonable accuracy, the sum of the fee which accompanied the request for variance. For a renewal of an exemption or partial exemption, if no public hearing is necessary, or no environmental impact statement is deemed necessary, or if no appreciable investigation of the renewal application is necessary by the department, the minimum filing fee shall apply or the fee may be waived by the department. The filing fee shall be deposited in the earmarked revenue fund provided for in section 79-410. It is the intent of the legislature that the revenues derived from the filing fees shall be used by the department (a) to compile the information required for rendering a decision on the request, (b) to compile the information necessary for any environmental impact statements, (c) to offset the costs of a public hearing, printing, or mailing and (d) to carry out its other responsibilities under this chapter."

Approved March 31, 1975.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding six (6) mills on all taxable property in the district for the purpose of funding the permissive *amount* of the district. *The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by six (6) or by using the number of mills which would fund the permissive amount, whichever is less.*

If the amount of revenue raised by this levy is not sufficient to fund the permissive *amount in full,* the amount of the deficiency shall be paid to the district from the earmarked revenue fund, permissive levy account, according to the provisions of subsection (3) of this section.

(3) The director of the department of revenue shall annually set a levy on all the property of the state which will produce enough revenue to fund the permissive levy deficiency of the elementary and high school districts of the state. The proceeds of this levy shall be deposited to the earmarked revenue fund, permissive levy account, and shall be distributed to the elementary and high school districts in accordance with their entitlements as determined by the superintendent of public instruction according to the provisions of subsections (1) and (2) of this section.

The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If *the* revenue collected *is not sufficient* to *finance the deficiencies* of the districts, *as determined according to subsection (2),* each district will receive the same percentage of its *deficiency.* Surplus revenue in the permissive levy account shall be used to reduce the state levy required for the next succeeding fiscal year. Interest earned on investment of permissive levy funds shall be deposited to the earmarked revenue fund, permissive levy account, for distribution during the next succeeding fiscal year."

Under the supervision of the director of the department of *community affairs* or his agent, the city or town treasurer shall draw a treasurer's check for the amount of unencumbered cash in the city or town treasury, the check shall be made payable to and delivered to the county treasurer of the county in which the disincorporating city or town is situated. The county treasurer shall immediately place said money in a special fund, to be drawn upon as provided in this act."

Section 11. Section 11-806, R.C.M. 1947, is amended to read as follows:

"11-806. **Financial statement of city or town — contents — copies, to whom furnished.** (1) Within sixty (60) days after the close of each fiscal year the city or town clerk of each city and town must make out, in duplicate, a complete statement of the financial condition of the city or town for that fiscal year, showing:

ning of the fiscal year, the amount received and the amount paid out during the fiscal year. The amount of money paid out must be deducted from the total of the money on hand at the beginning of the fiscal year and the money received during the year, and a balance must be struck for each fund.

(g) A concise description of all property owned by the city or town with an approximate estimate of the value of it;

(h) The rates of taxation and purposes for which taxes were levied during the fiscal year;

(i) Other information which may be required by the department of *community affairs.*

(2) The forms on which the statement shall be made shall be prescribed by the department of *community affairs.*

(3) The city or town clerk must, not later than August 31 following the close of each fiscal year, transmit one copy of the statement to the department of *community affairs,* and must present the other copy to the city or town council or commission at its first regular meeting in September.

(4) If a city or town clerk fails to file a copy of the statement with the department of *community affairs* within the time specified, the department of *community affairs,* without delay, shall examine the books, records, and accounts of the city or town. The department of *community affairs* shall make from its examination a statement of the financial condition of the city or town for the preceding fiscal year in the manner it should have been made by the city or town clerk. The examination shall be considered a special examination under the provisions of section 82-4504, and all of the provisions of section 82-4504 apply to it."

Section 12. Section 11-1403, R.C.M. 1947, is amended to read as follows:

"**11-1403. Estimates of revenues and disbursements to be filed by officers — forms — penalty for failure to file.** (1) Before July 1 of each year the clerk of each city shall notify in writing each official in charge of an office, department, service, or institution of the municipality to file with the clerk, before July 10, detailed and itemized estimates, both of the probable revenues from sources other than taxation, and of all expenditures required by the office, department, service, or institution for the current fiscal year. The council shall submit to the clerk the estimate of expenditures for all purposes for the council. The mayor of the municipality shall submit to the clerk a detailed estimate showing the amount to be appropriated from funds belonging to the municipality to defray the municipality's portion of the cost of making improvements in special improvement districts, and of maintaining them, and of installing lighting systems in special lighting districts, and maintaining them. There may not be included in the estimate, nor in either the preliminary or final budget of a municipality, any part of that cost which is to be paid by special assessments against the property within the districts, or any part of the cost in sprinkling districts which is to be defrayed by special assessments against the property in the sprinkling districts.

HeinOnline -- 1975 vol. I 397 1975

(2) The council shall also submit to the clerk detailed estimates of all expenditures for construction or improvement purposes proposed to be made from the proceeds of bond issues not yet authorized and from the proceeds of tax levies which are required to be submitted to and approved at an election to be held.

(3) The estimates required in this section shall be submitted on forms provided by the clerk, and prescribed by the department of *community affairs*, and may only be varied or departed from with permission and approval of the department of *community affairs*. The city treasurer shall prepare the estimates for interest and debt reduction. The clerk shall prepare all other estimates which properly fall within the duties of his office.

(4) Each of the officials shall file the estimates within the time and in the manner provided in the form and notice, and the clerk shall deduct and withhold, as a penalty, from the salary or compensation of each official failing or refusing to file the estimates, the sum of ten dollars ($10) for each day of delay. The total penalty against an official may not exceed fifty dollars ($50) per year. In the absence or disability of an official the duties required in this section devolve upon the official or employee in charge of the office, department, service, or institution for the time being. The notice shall contain a copy of this penalty clause."

Section 13. Section 11-1404, R.C.M. 1947, is amended to read as follows:

"**11-1404. Tabulation by clerk of expenditure program — classifications, items included in.** (1) From estimates of revenue and disbursements the clerk shall prepare a tabulation showing the complete expenditure program of the municipality for the current fiscal year, and the sources of revenue by which it is to be financed. The tabulation shall set forth the estimated receipts from all sources other than taxation for each office, department, service, or institution for the current fiscal year, the actual receipts for the last completed fiscal year, the surplus or unencumbered treasury balances at the close of that last fiscal year, and the amount necessary to be raised by taxation; the estimated expenditure for each office, department, service, or institution for the current fiscal year, the actual expenditures for the last completed fiscal year, and all contracts or other obligations which will affect the current year revenues.

(2) The estimates, appropriations, and expenditures shall be classified as:

(a) salaries and wages;

(b) maintenance and operation;

(c) capital outlay;

(d) interest and debt redemption;

(e) miscellaneous; and

(f) expenditures proposed to be made from bond issues not yet authorized, or from the proceeds of a tax levy or levies which are required to be submitted to and approved at an election to be held later.

HeinOnline -- 1975 vol. I 398 1975

(3) Within the class of "salaries and wages" each salary shall be set forth separately together with the title or position of the recipient. An unitemized appropriation may be made to cover the expenses of special deputies or assistants in an office where the services of the special deputies or assistants may be required during a part of the fiscal year only. Wages for day labor may be given in totals by designating the general purpose or object for which the expenditure is to be made but the proposed rate per day for each class or kind of labor shall be set forth. Expenditures under the general class of "maintenance and operation" shall be classified according to a standard classification to be established by the department of *community affairs*. Expenditures for "capital outlay" shall set forth and describe each object of expenditure separately. Under the general class of "interest and debt redemption" proposed expenditures for interest and for redemption of principal shall be set forth separately for each series or issue of bonds, and warrant interest and redemption requirements shall be set forth in a similar manner. Under the general class of "miscellaneous" expenditures for all purposes not listed in, or which cannot properly be assigned to any of the general classes, shall be set forth and itemized in detail.

(4) The total amount of emergency warrants issued during the preceding fiscal year shall be set forth with the amount issued for each emergency and the amount issued against each fund."

Section 14. Section 11-1406, R.C.M. 1947, is amended to read as follows:

"11-1406. Hearings on budget — adoption — fixing of tax levy. (1) On the Wednesday preceding the second Monday in August the council shall meet at the time and place designated in the notice provided in section 11-1405, at which time any taxpayer may appear and be heard for or against any part of the budget. The hearing shall be continued from day to day and shall be concluded and the budget finally approved and adopted on the second Monday in August and prior to the fixing of the tax levies by the council. The council may call in the official in charge of an office, department, service, or institution, at the time the estimates for their respective offices are under consideration, for examination concerning the estimates. The official shall be called in by the council upon the request of a taxpayer for questioning either by the council or a taxpayer upon the estimates.

(2) Upon the conclusion of the hearing the council shall first determine the amount estimated to accrue to each fund during the fiscal year from all sources, except the taxation of property. In so doing the council may not include any amount anticipated from the payment of taxes which became delinquent during a preceding fiscal year. The council shall then determine separately the amount appropriated for and authorized to be spent for each item in the budget and shall specify the fund against which warrants are to be drawn for the expenditures so authorized. There may not be added to the amount appropriated and authorized to be spent for an item or purpose, or to the total amount appropriated and authorized to be spent from any fund, other than a fund for the payment of principal or interest on outstanding bonds, any amount because of anticipated loss

HeinOnline -- 1975 vol. I 399 1975

of revenue by reason of nonpayment of taxes levied for the fiscal year. The expenditures authorized from a fund, including reserve, may not exceed the aggregate of:

(a) the cash balance in the fund at the close of the preceding fiscal year in excess of outstanding unpaid warrants against the fund at the close of that fiscal year.

(b) the amount of estimated revenues to accrue to the fund; and

(c) the amount which may be raised for the fund by a lawful tax levy during the fiscal year.

(3) The council shall then determine the amount to be raised for each fund, for which a tax levy is to be made, by adding the cash balance in excess of outstanding unpaid warrants at the close of the preceding fiscal year and the amount of the estimated revenues, if any, to accrue to the fund during the current fiscal year. It shall then deduct the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined by the council in the budget adopted and approved. The amount remaining is the amount necessary to be raised for any fund by tax levy during the current fiscal year. The council may add to the amount necessary to be raised for any fund by tax levy during the current fiscal year an additional amount, as a reserve to meet expenditures to be made from the fund during the months of July to November, of the next fiscal year. The amount added to any fund as a reserve may not exceed one-third (⅓) of the total amount appropriated and authorized to be spent from the fund during the current fiscal year, after deducting from the amount of the appropriations and authorized expenditures the total amount appropriated and authorized to be spent for election expenses and payment of emergency and other outstanding warrants. The total amount to be raised by tax levy for any fund during the current fiscal year, including the amount of the reserve, must not exceed the total amount which may be raised for the fund by a tax levy which does not exceed the maximum levy permitted by law to be made for the fund.

(4) The budget as finally determined, in addition to setting out separately each item for which an appropriation is made or expenditure authorized, and the fund out of which it is to be paid, shall set out the total amount appropriated and authorized to be spent from each fund, the cash balance, in excess of outstanding unpaid warrants, at the close of the preceding fiscal year, the amount estimated to accrue to the fund from sources other than taxation, the reserve for the next fiscal year, and the amount necessary to be raised for each fund by tax levy during the current fiscal year. The council shall then by resolution approve and adopt the budget as finally determined, and the clerk shall enter it at length in the official minutes of the council.

(5) On the second Monday in August, and after the approval and adoption of the final budget, the council shall fix the tax levy for each fund at a rate, not exceeding limits prescribed by law, which will raise the amount set out in the budget as the amount necessary to be raised by tax levy for that fund during the current fiscal year. The taxable valua-

tion of the city for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund, and each tax levy shall be at a rate no higher than is required on that basis, without including any amount for anticipated tax delinquency, to raise the amount set out in the budget. Each levy shall be made in the manner provided by section 84-3802. If the council considers that a levy made for a bond sinking or interest fund will not provide a sufficient amount to pay all bond and interest becoming due during the current fiscal year, or within six (6) months after the current fiscal year, because of anticipated tax delinquency, the council may fix the levy at a rate it considers necessary to raise the amount for making the payments of principal and interest, over and above the anticipated tax delinquency.

(6) The city clerk shall, not later than September 15, forward a complete copy of the final budget, together with the tax levies, to the department of *community affairs*. If a city clerk fails to forward the copy of the budget to the department of *community affairs* within the time required, the department of *community affairs* shall, before October 1, notify the mayor and council of the city that a copy of the budget has not been forwarded by the city clerk. The council must then withhold from the city clerk his salary or compensation for the month of September until the city clerk presents the council with a notice from the department of *community affairs* that the copy of the budget has been received."

Section 15. Section 11-1411, R.C.M. 1947, is amended to read as follows:

"**11-1411. Department of community affairs to make rules for carrying out act — accounting systems.** The department of *community affairs* shall make rules and classifications, and prescribe forms, necessary to carry out the provisions of this act. It shall define what expenditures are chargeable to each budget account, and shall establish accounting and cost systems necessary to provide accurate budget information."

Section 16. Section 11-1829, R.C.M. 1947, is amended to read as follows:

"**11-1829. Actuarial valuation and investment of police reserve funds.** (1) The city treasurer shall submit to the department of *community affairs* before October 1 in each odd-numbered year all information requested by the department of *community affairs* necessary to complete an actuarial valuation of the police reserve funds. This valuation is to be prepared by a qualified actuary selected by the department of *community affairs*. This valuation shall consider the actuarial soundness of the police reserve funds for the two (2) preceding fiscal years. A qualified actuary is a member of the American Academy of Actuaries or of any organization deemed by the department of *community affairs* to have similar standards. In each fiscal year in which an actuarial valuation is prepared, the department of *community affairs* shall submit to the state auditor a request for payment of the expense incurred in securing the actuarial valuation. The expense may not exceed six thousand dollars ($6,000) in any fiscal year and the state auditor shall make payment to the actuary designated in the request.

HeinOnline -- 1975 vol. I 401 1975

(2) Whenever the monies in the police reserve fund exceed:

(a) one and one-half (1-½) times the monthly benefit paid in the preceding month, or

(b) five thousand dollars ($5,000), whichever is greater, then the city treasurer shall remit such excess amounts to the state treasurer. The state treasurer shall invest such remittances under the direction of the state board of investments as provided by section 79-311.

(3) After January 1, 1975, all investments of the police reserve fund shall be transferred as directed by the state board of investments. The state board of investments may defer any such transfer to a date later than January 1, 1975, but not later than the maturity date of the investment. The board of investment may make rules to implement this section."

Section 17. Section 11-1914, R.C.M. 1947, is amended to read as follows:

"**11-1914. Duties of trustees — investment of surplus funds.** (1) The board of trustees of the fire department relief association shall audit the accounts of the association at least every six (6) months and shall report the condition of them at the next regular meeting of the association. The management of the fire department relief associations in municipalities other than in first and second class cities shall be vested in the board of trustees. When so directed by a majority vote of the members of the association, the board of trustees may invest the surplus funds of the association or any part of them, in any time or saving deposits, in any solvent bank, building and loan association or savings and loan association operating in the county where the city or town is located, in bonds or other securities of the United States government, in general obligation bonds or warrants of any state, county or city as are recommended by the state auditor and approved by the department of *community affairs*. At the time of purchase the investments must be stamped in boldface type, substantially as follows: "Property of the .... Fire Department Relief Association, and negotiable only upon the order of the board of trustees of such association." Provided, however, that when the average yield on investments of public retirement funds under the state board of investments exceeds by one percent (1%) in any fiscal year the investment yield of said fire department relief association funds such funds shall be remitted to the state treasurer for investment by the state board of investments as is provided in the provisions of this section for associations in first and second class cities; and said fire department relief association shall submit every six (6) months a financial statement detailing their investments to the department of *community affairs*; and the department shall advise said fire department relief association of the current yield of investment of public retirement funds.

(2) The management of the fire department relief associations in first and second class cities shall be vested in the board of trustees of such associations subject to the following provisions of this section.

The board of trustees shall submit to the department of *community affairs* before October 1 in each odd-numbered year, all information

requested by the department of *community affairs* necessary to complete an actuarial valuation of the funds of the association. This valuation is to be prepared by a qualified actuary selected by the department of *community affairs*. This valuation shall consider the actuarial soundness of the association's funds for the two (2) preceding fiscal years. A qualified actuary is a member of the American Academy of Actuaries or of any other organization deemed by the municipal audit division to have similar standards. In each fiscal year in which an actuarial valuation is prepared, the department of *community affairs* shall submit to the state auditor a request for payment of the expenses incurred in securing the actuarial valuation. These expenses may not exceed six thousand dollars ($6,000) in any fiscal year and the state auditor shall make payment to the actuary designated by the request.

(3) Whenever the monies in the disability and pension fund exceed:

(a) one and one-half (1 ½) times the monthly benefit paid in the preceding month, or

(b) five thousand dollars ($5,000), whichever is greater, then the board shall remit such excess amounts to the state treasurer. The state treasurer shall invest such remittances under the direction of the state board of investments as provided by section 79-311.

(4) After January 1, 1975, all investments held by a board of trustees shall be transferred as directed by the state board of investments. The state board of investments may defer any such transfer to a date later than January 1, 1975, but not later than the maturity date of the investment. The state board of investment may make rules to implement this section."

No money may be paid to the treasurer of the fire department relief association until the report is filed. No one serving as a substitute or on probation, nor a person who has not been confirmed a member of an organized fire department, is eligible for membership in the relief association. No treasurer of an association may enter upon his duties until he has given to the association a sufficient bond of not less than fifty per cent (50%) of the amount of the cash funds and securities of the association, for the faithful performance of his duties according to law. The amount of the bond shall be approved and paid for by the association. The official bond may not exceed twenty-five thousand dollars ($25,000).

(2) Upon a majority vote of the members of the association, the city or town treasurer shall be ex officio treasurer of the fire department relief association and the official bond of the city or town treasurer shall cover

HeinOnline -- 1975 vol. I 403 1975

the faithful discharge of his duties as ex officio treasurer of the fire department relief association. The cash in the firemen's relief fund shall have the same protection as to depository securities furnished by banks as the other funds of the city or town. All of the financial books and accounts of the association are subject at all times to examination by the department of *community affairs.*

(3) Upon complaint being made to it that the money or any part of it paid to the treasurer of the association has been or is being spent for an unauthorized purpose, and if the money upon examination is found to have been spent contrary to the authority given, the department of *community affairs* shall so report to the governor, upon whose directions to the state auditor no further warrants may be issued to the fire department relief association treasurer until the money so spent has been returned."

Section 19. Section 11-3862, R.C.M. 1947, is amended to read as follows:

"**11-3862. Surveys required — exceptions — standards for monumentation.** (1) All divisions of land for sale other than a subdivision after the effective date of this act into parcels which cannot be described as 1/32 or larger aliquot parts of a United States government section or a United States government lot must be surveyed by or under the supervision of a registered land surveyor.

(2) Every subdivision of land after June 30, 1973, shall be surveyed and platted in conformance with this act by or under the supervision of a registered land surveyor. Subdivision plats shall be prepared and filed in accordance with this act and regulations adopted pursuant thereto. All division of sections into aliquot parts and retracement of lines must conform to United States bureau of land management instructions, and all public land survey corners shall be filed in accordance with Corner Recordation Act of Montana (sections 67-2001 through 67-2019). Engineering plans, specifications, and reports required in connection with public improvements and other elements of the subdivision required by the governing body shall be prepared and filed by a registered engineer or a registered land surveyor as their respective licensing laws allow in accordance with this act and regulations adopted pursuant thereto.

(3) The county clerk and recorder of any county shall not record any instrument which purports to transfer title to or possession of a parcel or tract of land which is required to be surveyed by this act unless the required certificate of survey or subdivision plat has been filed with the clerk and recorder and the instrument of transfer describes the parcel or tract by reference to the filed certificate or plat.

(4) Instruments of transfer of land which is acquired for state highways may refer by parcel and project number to state highway plans which have been recorded in compliance with section 32-2413, and are exempted from the surveying and platting requirements of this act; provided, however, that if such parcels are not shown on highway plans of record, instruments of transfer of such parcels shall be accompanied by and refer to appropriate certificates of survey and plats when presented for recording.

HeinOnline -- 1975 vol. I 404 1975

(5) The provisions of this act shall not apply to the division of state-owned land unless the division creates a second or subsequent parcel from a single tract for sale, rent or lease for residential purposes after July 1, 1974.

(6) Unless the method of disposition is adopted for the purpose of evading this act, the following divisions of land are not subdivisions under this act but are subject to the surveying requirements of this section for divisions of land not amounting to subdivisions.

(a) Divisions made for the purpose of relocating common boundary lines between adjoining properties.

(b) Divisions made for the purpose of a gift or sale to any member of the landowner's immediate family.

(c) Divisions made by sale or agreement to buy and sell where the parties to the transaction enter a covenant running with the land and revocable only by mutual consent of the governing body and the property owner that the divided land will be used exclusively for agricultural purposes. Any change in use of the land for anything other than agricultural purposes subjects the division to the provisions of this chapter.

(d) A single division of a parcel when the transaction is an occasional sale.

(7) Subdivisions created by rent or lease are exempt from the surveying and filing requirements of this act but must be submitted for review and approved by the governing body before portions thereof may be rented or leased.

(8) Unless the method of disposition is adopted for the purpose of evading this act, the requirements of this act shall not apply to any division of land:

(a) which is created by order of any court of record in this state or by operation of law, or which, in the absence of agreement between the parties to the sale, could be created by an order of any court in this state pursuant to the law of eminent domain (sections 93-9901 through 93-9926);

(b) which is created by a lien, mortgage, or trust indenture;

(c) which creates an interest in oil, gas, minerals, or water which is now or hereafter severed from the surface ownership of real property;

(d) which creates cemetery lots;

(e) which is created by the reservation of a life estate;

(f) which is created by lease or rental for farming and agricultural purposes.

(9) The sale, rent, lease, or other conveyance of one or more parts of a building, structure, or other improvement situated on one or more parcels of land is not a division of land, as that term is defined in this act, and is not subject to the requirements of this act.

HeinOnline -- 1975 vol. I 405 1975

(10) The department of *community affairs* shall, in conformance with the Montana Administrative Procedure Act (sections 82-4201 through 82-4225), prescribe uniform standards for monumentation and for the form, accuracy, and descriptive content of records of survey.

(11) It shall be the responsibility of the governing body to require the replacement of all monuments removed in the course of construction."

Section 20. Section 11-3863, R.C.M. 1947, is amended to read as follows:

"**11-3863. Enforcement by governmental subdivisions — adoption of regulations — public hearing.** (1) The governing body of every county, city, and town shall, before July 1, 1974, adopt and provide for the enforcement and administration of subdivision regulations reasonably providing for the orderly development of their jurisdictional areas; for the co-ordination of roads within subdivided land with other roads, both existing and planned; for the dedication of land for roadways and for public utility easements; for the improvement of roads; for the provision of adequate open spaces for travel, light, air and recreation; for the provision of adequate transportation, water, drainage, and sanitary facilities; for the avoidance or minimization of congestion; and for the avoidance of subdivision which would involve unnecessary environmental degradation; and the avoidance of danger of injury to health, safety, or welfare by reason of natural hazard or the lack of water, drainage, access, transportation or other public services or would necessitate an excessive expenditure of public funds for the supply of such services.

Prior to adopting or amending subdivision regulations pursuant to this act, the governing body shall submit the proposed regulations or amendments to the division of planning and economic development of the department of *community affairs* for review.

Before the governing body adopts subdivision regulations pursuant to this section it shall hold a public hearing thereon and shall give public notice of its intent to adopt such regulations and of the public hearing by publication of notice of the time and place of the hearing in a newspaper of general circulation in the county not less than fifteen (15) nor more than thirty (30) days prior to the date of the hearing.

(2) Not later than December 31, 1973, the department of *community affairs*, through its division of planning, shall, in conformance with the Montana Administrative Procedure Act (sections 82-4201 through 82-4225), prescribe reasonable minimum requirements for subdivision regulations adopted pursuant to this act. The minimum requirements shall include detailed criteria for the content of the environmental assessment required by this act. The department shall provide for the review of preliminary plats by those agencies of state and local government and affected public utilities having a substantial interest in a proposed subdivision; provided, however, that such agency or utility review shall not delay the governing body's action on the plat beyond the time limit specified herein, and the failure of any agency to complete a review of a plat shall not be a basis for rejection of the plat by the governing body.

HeinOnline -- 1975 vol. I 406 1975

(3) In prescribing the minimum contents of the subdivision regulations, the department of *community affairs*, through its division of planning, shall require the submission by the subdivider to the governing body of an environmental assessment.

(3.1) When a subdivision is proposed in an area for which a master plan has been adopted pursuant to sections 11-3801 through 11-3856 and the proposed subdivision will be in compliance with the plan or when the subdivision will contain fewer than ten (10) parcels and less than twenty (20) acres, a planning board established pursuant to sections 11-3801 through 11-3856 and having jurisdiction over the area involved may exempt the subdivider from the completion of all or any portion of the environmental assessment. When such an exemption is granted, the planning board shall prepare and certify a written statement of the reasons for granting the exemption. A copy of this statement shall accompany the preliminary plat of the subdivision when it is submitted for review. Where no properly established planning board having jurisdiction exists, the governing body may grant exemptions as specified in this paragraph.

(4) Where required the environmental assessment shall accompany the preliminary plat and shall include:

(a) a description of every body or stream of surface water as may be affected by the proposed subdivision, together with available ground water information, and a description of the topography, vegetation and wildlife use within the area of the proposed subdivision;

(b) maps and tables showing soil types in the several parts of the proposed subdivision, and their suitability for any proposed developments in those several parts;

(c) a community impact report containing a statement of anticipated needs of the proposed subdivision for local services, including education and busing, roads and maintenance, water, sewage, and solid waste facilities, and fire and police protection;

(d) such additional relevant and reasonable information as may be required by the department through its division of planning.

(5) Local subdivision regulations shall include procedures for the summary review and approval of subdivision plats containing five (5) or fewer parcels where proper access to all lots is provided, where no land in the subdivision will be dedicated to public use for parks or playgrounds and which have been approved by the department of health and environmental sciences where such approval is required by sections 69-5001 through 69-5005; provided that reasonable local regulations may contain additional requirements for summary approval.

(6) Subdivision regulations may authorize the governing body to grant variances from the regulations when strict compliance will result in undue hardship and when it is not essential to the public welfare. Any variance granted pursuant to this subsection must be based on specific variance criteria contained in the subdivision regulations.

(7) Local regulations may provide that in lieu of the completion of

HeinOnline -- 1975 vol. I 407 1975

the construction of any public improvements prior to the approval of a final plat, the governing body shall require a bond or other reasonable security, in an amount and with surety and conditions satisfactory to it, providing for and securing the construction and installation of such improvements within a period specified by the governing body and expressed in the bonds or other security.

(8) In the event that any governing body has not adopted subdivision regulations by July 1, 1974, which meet or exceed the prescribed minimum requirements, the department shall, through its division of planning, no later than January 1, 1975, promulgate reasonable regulations to be enforced by the governing body. If at any time thereafter the governing body adopts its own subdivision regulations, these shall supersede those promulgated by the department but shall be no less stringent."

Section 21. Section 11-4110, R.C.M. 1947, is amended to read as follows:

"**11-4110. Advice and information by department of community affairs.** The department of *community affairs* shall furnish advice and information in connection with a project when requested to do so by a county or municipality."

Section 22. Section 16-1901, R.C.M. 1947, is amended to read as follows:

"**16-1901. County budget — estimates by county officers of revenues and expenditures — form of estimates — penalty for failure to file.** (1) Before June 1 each year the county clerk and recorder shall notify in writing each county official in charge of an office, department, service, or institution of the county to file with the county clerk and recorder, before June 10, detailed and itemized estimates, both of the probable revenues from sources other than taxation, and of all expenditures required by the office, department, service, or institution for the next fiscal year. The county commissioners shall submit to the county clerk and recorder the estimate of expenditures for all purposes for the board, and a detailed statement showing all new road and bridge construction to be financed from county road and bridge funds, from any special road or bridge funds, from any special highway fund, and from bond issues issued or authorized for the next fiscal year, together with the cost of that construction as computed by the county surveyor, or if for construction in charge of a special engineer then by that engineer. The county surveyor and any special engineer shall prepare the estimates of cost of road and bridge construction for the county commissioners. They shall also submit a similar statement showing road and bridge maintenance expenditures as nearly as can be estimated.

(2) The county commissioners shall also submit to the county clerk and recorder detailed estimates of all expenditures for construction or improvement purposes proposed to be made from the proceeds of bond issues not yet authorized and from the proceeds of tax levies which are required to be approved at an election to be held.

(3) The estimates required in this section shall be submitted on forms provided by the county clerk and recorder, and prescribed by the depart-

ment of *community affairs*, and may only be varied or departed from with permission and approval of that department. The county treasurer shall prepare the estimates for interest and debt reduction. The county clerk and recorder shall prepare all other estimates which properly fall within the duties of his office.

(4) Each of the officials shall file the estimates within the time and in the manner provided in the form and notice, and the county clerk shall withhold, as a penalty, from the salary of each official failing or refusing to file the estimates ten dollars ($10) for each day of delay. The total penalty against any official may not exceed fifty dollars ($50) in one year. In the absence or disability of an official the duties required by this section devolve upon the official or employee in charge of the office, department, service, or institution. The notice shall contain a copy of this penalty clause."

Section 23. Section 16-1902, R.C.M. 1947, is amended to read as follows:

"**16-1902. Tabulation by clerk of expenditure program — classifications — items included in.** (1) From those estimates the county clerk and recorder shall prepare a tabulation showing the complete expenditure program of the county for the current fiscal year, and the sources of revenue by which it is to be financed. The tabulation shall set forth the estimated receipts from all sources other than taxation for each office, department, service, or institution for the current fiscal year, the actual receipts for the last completed fiscal year, the surplus or unencumbered treasury balances at the close of that last fiscal year, and the amount necessary to be raised by taxation; the estimated expenditure for each office, department, service, or institution for the current fiscal year, the actual expenditures for the last completed fiscal year, and all contracts or other obligations which will affect the current year revenues.

(2) The estimates, appropriations, and expenditures shall be classified as:

(a) salaries and wages;

(b) maintenance and operation;

(c) capital outlay;

(d) interest and debt redemption;

(e) miscellaneous; and

(f) expenditures proposed to be made from bond issues not yet authorized, or from the proceeds of a tax levy or levies which are required to be submitted to and approved at an election to be held later.

(3) Within the general class of salaries and wages each salary shall be set forth separately together with the title or position of the recipient. An unitemized appropriation may be made to cover the expenses of special deputies or assistants in any office where the services of such special deputies or assistants may be required during a part of the fiscal year only. Wages for day labor may be given in totals by designating the gen-

eral purpose or object for which the expenditure is to be made, but the proposed rate per day for each class or kind of labor shall be set forth. Expenditures under the general class of maintenance and operation shall be classified according to a standard classification to be established by the department of *community affairs*. Expenditures for capital outlay shall set forth and describe each object of expenditure separately. Under the general class of interest and debt redemption, proposed expenditures for interest and for redemption of principal shall be set forth separately for each series or issue of bonds, and warrant interest and redemption requirements shall be set forth in a similar manner. Under the general class of miscellaneous, expenditures for all purposes, not listed in or which cannot properly be assigned to any of the general classes, shall be set forth and itemized in detail.

(4) The total amount of emergency warrants issued during the preceding fiscal year shall be set forth with the amount issued for each emergency and the amount issued against each fund."

Section 24. Section 16-1903, R.C.M. 1947, is amended to read as follows:

"**16-1903. Consideration of budget by commissioners — notice of budget meeting.** The tabulation shall be submitted to the county commissioners by the county clerk and recorder on or before the first Monday of July. Upon receipt thereof the board of county commissioners shall immediately consider the budget in detail, and shall on or before the second Monday of July make any revisions, reductions, additions, or changes that they consider advisable. The tabulation, with any revisions, reductions, additions, or changes, is the preliminary budget for the fiscal year which it is intended to cover. Upon completion of the budget, the county clerk shall immediately transmit one copy of it to the department of *community affairs* and one copy to the department of revenue. The board of county commissioners shall then have a notice published stating that the board has completed its preliminary county budget for the current fiscal year, that the budget is open to inspection in the office of the county clerk and recorder, and that the board will meet on the Wednesday before the second Monday in August to fix the final budget and make appropriations. The notice shall state the time and place of the meeting and that any taxpayer may appear and be heard for or against any part of the budget. The notice shall be published at least one time in a newspaper of general circulation in the county."

Section 25. Section 16-1904, R.C.M. 1947, is amended to read as follows:

"**16-1904. Hearings on budget — adoption — fixing tax levies.** (1) On the Wednesday before the second Monday in August the county commissioners shall meet at the time and place designated in the notice provided for in section 16-1903, at which time any taxpayer may appear and be heard for or against any part of the budget. The hearing shall be continued from day to day and shall be concluded and the budget approved and adopted on the second Monday in August and before the fixing of the tax levies by the board.

HeinOnline -- 1975 vol. I 410 1975

(2) Upon the conclusion of the hearing the board shall first determine the amount estimated to accrue to each fund during the fiscal year from all sources, except the taxation of property. In so doing the board may not include any amount which it is anticipated may be received during the fiscal year from the payment of taxes which became delinquent during a preceding fiscal year. The board shall then determine separately the amount appropriated for and authorized to be spent for each item in the budget and shall specify the fund or funds against which warrants are to be drawn and issued for each item in the budget and shall specify the fund or funds against which warrants are to be drawn for the expenditures authorized. There may not be added to the amount to be appropriated and authorized to be spent for an item, or to the total amount appropriated and authorized to be spent from any fund, any amount or percentage because of anticipated loss of revenue by reason of the nonpayment of taxes levied for that fiscal year. The total expenditures authorized to be made from any fund, including the reserve added to them, may not exceed the aggregate of:

(a) the cash balance in the fund at the close of the preceding fiscal year;

(b) the amount of estimated revenues to accrue to the funds; and

(c) the amount which may be raised for the fund by a lawful tax levy during the fiscal year.

(3) The board shall then determine the amount to be raised for each fund by tax levy by adding the cash balance in the fund at the close of the preceding fiscal year and the amount of the estimated revenues to accrue to the fund during the current fiscal year. It shall then deduct the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined by the board. The amount remaining is the amount necessary to be raised for the fund by tax levy during the current fiscal year. The board may add to the amount necessary to be raised for any fund by tax levy during the current fiscal year, an additional amount as a reserve to meet expenditures to be made from the fund during the months of July to November of the next fiscal year. The amount which may be so added to any fund, as the reserve may not exceed one-third (⅓) of the total amount appropriated and authorized to be spent from the fund during the current fiscal year, after deducting from the amount of the appropriations and authorized expenditures the total amount appropriated and authorized to be spent for election expenses and payment of emergency warrants. The total amount to be raised by tax levy for any fund during the current fiscal year, including the amount of the reserve and any amount for payment of election expenses and emergency warrants, may not exceed the total amount which may be raised for the fund by a tax levy which does not exceed the maximum levy permitted by law to be made for the fund.

(4) If the cash balance remaining in any of the several county funds, except the school fund, at the end of a fiscal year, exceeds the amount to be budgeted to that fund, the excess may be transferred to other funds as the county commissioners consider to be in the best interest of the county after a public hearing. Notice of the hearing must be given not

HeinOnline -- 1975 vol. I 411 1975

less than thirty (30) days prior to the hearing by publication in a newspaper of general circulation in the county and by posting in five (5) public places. The notice must state the date, time, and place of the hearing and state generally the purpose and proposed use of the funds.

(5) The budget as finally determined, in addition to setting out separately each item for which an appropriation or expenditure is authorized and the fund out of which it is to be paid, shall set out the total amount appropriated and authorized to be spent from each fund, the cash balance in the fund at the close of the preceding fiscal year, the amount estimated to accrue to the fund from sources other than taxation, the reserve for the next fiscal year, and the amount necessary to be raised for each fund by tax levy during the current fiscal year. The board shall then by resolution approve and adopt the budget as finally determined and enter the budget at length in the official minutes of the board.

(6) On the second Monday in August, and after the approval and adoption of the final budget, the board of county commissioners shall fix the tax levy for each fund at a rate which will raise the amount set out in the budget as the amount necessary to be raised by tax levy for the fund during the current fiscal year. The taxable valuation of the county for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund. Each tax levy shall be at a rate no higher than is required on that basis, without including any amount for anticipated tax delinquency, to produce the amount set out in the budget without including any amount for anticipated tax delinquency, as being the amount to be raised by tax levy. The tax levy shall be made in the manner provided by section 84-3802.

(7) The county clerk and recorder shall, not later than September 15, forward a full and detailed copy of the final budget, together with the tax levies, to the department of *community affairs*. If a county clerk and recorder fails to forward a copy of the budget to the department within that time, that department shall, before October 1, notify the board of county commissioners of the county that a copy of the budget has not been forwarded by the county clerk and recorder. The board of county commissioners must then withhold the county clerk and recorder's salary for September until the county clerk and recorder files with the board a receipt from the department showing the receipt of a copy."

Section 26. Section 16-1909, R.C.M. 1947, is amended to read as follows:

"**16-1909. Department of community affairs to make rules — accounting systems.** The department of *community affairs* shall make rules and classifications, and prescribe forms, necessary to carry out the provisions of sections 16-1901 through 16-1904 and 16-1906 through 16-1911, to define what expenditures are chargeable to each budget account, and to establish accounting and cost systems necessary to provide accurate budget information."

Section 27. Section 16-2049, R.C.M. 1947, is amended to read as follows:

"**16-2049. Petty cash fund.** The board of county commissioners, with

HeinOnline -- 1975 vol. I 412 1975

the approval of the department of *community affairs*, may set aside a sum of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) out of the general fund, which shall be known as a petty cash fund, for the purpose of paying incidental expenses such as freight, express, postage, and other similar items which must be paid in cash at time of delivery. In counties having a county auditor, the county auditor is responsible for expenditures from the petty cash fund. In counties not having a county auditor, the county clerk is responsible for expenditures from the petty cash fund."

Section 28. Section 16-2618, R.C.M. 1947, is amended to read as follows:

"**16-2618. Deposit of public funds by county, city and town treasurers.** (1) It shall be the duty of all county, city and town treasurers to deposit all public moneys in their possession and under their control in any solvent banks, building and loan associations or savings and loan associations located in the county, city or town of which such treasurer is an officer, subject to national supervision or state examination as the board of county commissioners in the case of a county, or of the council in the case of a city or town, may designate, and no other. The treasurer shall take from such bank, building and loan association or savings and loan association such security as the board of county commissioners, in the case of a county, or the council in the case of a city or town, may prescribe, approve and deem fully sufficient and necessary to insure the safety and prompt payment of all such deposits, together with the interest on any time or savings deposits, provided that said board of county commissioners or city or town council is hereby authorized to deposit such public moneys not necessary for immediate use by such county, city or town with any bank, building and loan association or savings and loan association authorized herein above in a savings or time deposit; provided that the bank or banks or building and loan association or savings and loan association in which the money is deposited shall pay on the moneys no less than the rate of interest as is paid on money from private sources on the same terms. Refusal of any bank, building and loan association or savings and loan association to pay said interest rate shall constitute a waiver of that institution's right to participate in the ratable distribution of said moneys as set forth in subsection (4) of this act, and provided that said board of county commissioners, or city or town council is hereby authorized to invest such public moneys not necessary for immediate use by such county, city or town, in direct obligations of the United States government, payable within not to exceed one hundred eighty (180) days from the time of such investment.

(2) Said board of county commissioners, city or town council may require security for only any such portion of deposits as is not guaranteed or insured according to law. Such security shall consist of cashier's check or checks issued by the Federal Reserve Bank, bonds of the United States government and its dependents, bonds guaranteed by the United States government or its dependents, bonds and warrants of the state of Montana, bonds and warrants of any county of the state of Montana, and bonds of any city, town or school district of the state of Montana, which are a general obligation of such county, city, town or school district, bonds

of the Federal Land Banks, Federal Intermediate Credit Bank debentures, Federal Home Loan Bank notes and bonds, Bank for Co-operatives' debentures, Federal National Mortgage Association notes, bonds and guaranteed certificates of participation, obligations of or fully guaranteed by the Government National Mortgage Association, Farmers' Home Administration insured notes, notes fully guaranteed as to principal and interest by the Small Business Administration, Federal Housing Administration debentures, general obligation bonds of other states and counties of other states and bonds issued in the United States of America, which are quoted on the New York market which shall be acceptable at not to exceed ninety per centum (90%) of such market quotation.

(3) When negotiable securities are furnished, such securities may be placed in trust and the trustee's receipt may be accepted in lieu of the actual securities when such receipt is in favor of the treasurer, his successors and the state of Montana, and the form of receipt and the trustee have been approved by the department of *community affairs.* All warrants or other negotiable securities must be properly assigned or endorsed in blank. It shall be the duty of the board of county commissioners in the case of county funds, or the council in the case of funds of a city or town, upon the acceptance and approval of any of the above-mentioned bonds or securities, to make a complete minute entry of such acceptance and approval upon the record of their proceedings, and such bonds and securities shall be reapproved at least quarter annually thereafter.

(4) (a) Demand deposits shall be placed only in banks. When more than one bank is available in any county, for the deposit of such county funds, or in any city or town for the deposit of such city or town funds, such demand deposits shall be distributed ratably among all of such banks qualifying therefor, substantially in proportion to paid-in capital and surplus of each such bank willing to receive such demand deposits under the terms of this act, and it shall be the duty of said county, city or town treasurer to prorate all such demand deposits among all of the banks qualified to receive the same as in this act provided, to the end that an equitable distribution of such demand deposits shall be maintained.

(b) Such public moneys not necessary for immediate use by such county, city or town which are not invested in direct obligations of the United States government as authorized herein shall be placed in time or savings deposits with any bank, building and loan association or savings and loan association in the county, city or town. When more than one bank, building and loan association or savings and loan association is available in any county, for the deposit of such county funds, or in any city or town for the deposit of such city or town funds, such funds shall be distributed ratably among all of such banks, building and loan associations and savings and loan associations qualifying therefor, substantially in proportion to the total property taxes paid in such county or the county in which such city or town is located during the preceding year, including taxes on shares of bank stock, by each such bank, building and loan association or savings and loan association willing to receive such time or savings deposits under the terms of this act, and it shall be the duty of said county, city or town treasurer to prorate all such time or savings deposits among all of the banks, building and loan associations and

HeinOnline -- 1975 vol. I 414 1975

savings and loan associations qualified to receive the same as in this act provided, to the end that an equitable distribution of such time or savings deposits shall be maintained.

(5) Whenever it shall come to the attention of the department of *community affairs* that the funds of any county, city or town are not properly distributed as provided in this act, the department of *community affairs* shall order the treasurer of such county, city or town to distribute said funds in accordance herewith, and if such treasurer shall refuse or neglect to comply with such order, it shall be the duty of the department of *community affairs* to institute proceedings against such treasurer at the cost of the county, city or town of which such treasurer is an officer, on the official bond of such treasurer. If no such bank, building and loan associations or savings and loan associations exists in the county, city or town, or if any banks, building and loan associations or savings and loan associations existing therein fails or refuses to qualify under the terms of this act to receive such deposits, then and in such case, or in either of such cases, such moneys as have not been accepted by any banks, building and loan associations or savings and loan associations within said county, city or town, shall be deposited under the terms of this act, in the banks, building and loan associations or savings and loan associations most convenient to such county, city or town, willing to accept such deposits under the terms of this act, and qualified as above provided. Any banks, building and loan associations or savings and loan associations receiving such deposits, shall, through its president and cashier or secretary, make a statement quarter annually of account, under oath, showing all such moneys that have been deposited with such bank, building and loan association or savings and loan association during the quarter, the amount of daily balance in dollars, and the amount of interest by such banks, building and loan associations or savings and loan associations credited or paid therefor, and showing that neither such bank, building and loan association or savings and loan association nor any officer thereof, nor any person for it, has paid or given any consideration or emolument whatsoever to the treasurer or to any other person other than the interest provided for herein, for or on account of the making of such deposits, with any such bank, building and loan association or savings and loan association. All such deposits shall be subject to withdrawal by the treasurer in such amounts as may be necessary from time to time, and no deposit of funds shall be made, or permitted to remain in any bank, building and loan association or savings and loan association, until the security for such deposits shall have been first approved by the board of county commissioners in the case of county funds, or by the council in the case of city or town funds, and delivered to the treasurer.

(6) Except as provided in subsection (8) of this section, all interest paid and collected on such deposits or investments shall be credited to the general fund of the county, city or town to whose credit such funds are deposited. Where moneys shall have been deposited in accordance with the provisions of this act, the treasurer shall not be liable for loss on account of any such deposit that may occur through damage by the elements or for any other cause or reason occasioned through means other than his own neglect, fraud, or dishonorable conduct.

HeinOnline -- 1975 vol. I 415 1975

(7) Any bank, building and loan association or savings and loan association pledging securities as provided in this act at any time it deems advisable or desirable may substitute like securities for all or any part of the securities pledged. The collateral so substituted shall be approved by the governing body of the county, city or town at its next official meeting. Such securities so substituted shall at the time of substitution be at least equal in principal amount to the securities for which substitution is made. In the event that the securities so substituted are held in trust, the trustee shall, on the same day the substitution is made, forward by registered or certified mail to the county, city or town and to the depository bank, building and loan association or savings and loan association, a receipt specifically describing and identifying both the securities so substituted and those released and returned to the depository bank, building and loan association or savings and loan association.

(8) Whenever in the judgment of the trustees of any common school district, high school district, or county high school it would be advantageous to invest any money of such school or school district in savings or time deposits in a state or national bank, building and loan association or savings and loan association insured by the F.D.I.C. or the F.S.L.I.C., or in direct obligations of the United States government, payable within one hundred eighty (180) days from the time of investment, such governing body may in its discretion direct the county treasurer to make such investments. All interest collected on such deposits or investments shall be credited to the fund from which the money was withdrawn, provided that nothing in this act shall be interpreted to conflict with section 16-2050."

The city council may call for bids or proposals for several kinds and types of materials for any improvements proposed to be made under sections 11-2201 to 11-2243 of this code, reserving the right to select the kind or type of material to be used in making any such improvements, after the bids or proposals therefor shall have been opened, examined, and declared.

(2) The time fixed for the opening of bids shall be not less than ten (10) days from the time of the final publication of said notice. All proposals or bids offered shall be accompanied by *bid security as provided for in Title 6, chapter 5, R.C.M. 1947.* Said proposals or bids shall be delivered to the clerk of the said city council. The bids shall be opened in public at a time and place to be designated by the city council at the previous council meeting. The city council may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent or unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid.

(3) If the bids are rejected, or no bids are received, the city council may, at any time within two (2) years thereafter, and whenever and as often as the city council deems it advantageous, readvertise for proposals or bids for the performance of the work as herein provided, without further proceedings, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the *bid securities* corresponding to the bids so rejected. But the *bid securities* accompanying such accepted proposals or bids shall be held by the city clerk of said city until the contract for doing said work, as hereinafter provided, has been entered into, either by said lowest bidder, or by the owners of over fifty per centum (50%) of the frontage, whereupon said *bid security* shall be returned to said bidder. But if said bidder fails, neglects, or refuses to enter into the contract to perform said work or improvements, as hereinafter provided, then the *bid securities* accompanying his bid, and the amount therein mentioned, shall be declared to be forfeited to said city, and shall be collected by it and paid into the general fund. The provisions hereof shall be applicable to all special improvement districts

"**11-2213. Bond of contractor.** All contractors, contracting owners included, shall, at the time of executing any contract for street work, execute a bond to the satisfaction and approval of the city council, *in the form and manner provided for in Title 6, chapter 4, R.C.M. 1947.*"

Section 3. Section 16-1607, R.C.M. 1947, is amended to read as follows:

"**16-1607. Notice inviting proposals — publication and posting — opening bids — readvertisement — contract for purchase.** (1) A notice inviting proposals and referring to specifications on file with the engineer selected as hereinbefore provided shall be published at least twice in a daily, semiweekly or weekly newspaper published and circulated nearest to the boundaries of the said proposed improvement district, and which paper shall be designated by the board of county commissioners for that purpose, and a copy of said notice shall be posted in at least three public places within the boundaries of the proposed district.

(2) The board of county commissioners may call for bids for proposals for several kinds or types of materials for any of the improvements proposed, reserving the right to select the kind of type or materials to be used in making any or all of said improvements after the bids or proposals therefor shall have been opened, examined and declared.

(3) The time fixed for the opening of the bids shall not be less than fifteen days from the time of the final publication of said notice. All proposals or bids offered shall be accompanied by *bid security as provided for in Title 6, chapter 5, R.C.M. 1947.* Such proposals or bids shall be delivered to the county clerk, and the board of county commissioners shall, in open session, publicly open and examine and declare the same.

(4) The board of county commissioners may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent or unfaithful in any former contract with the board of county commissioners, and shall reject all proposals, other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for such work or improvement, to the lowest responsible bidder at the prices named in his bid.

(5) If the bids are rejected or no bids are received the board of county commissioners may within six months thereafter readvertise for proposals or bids for the performance of the work as in the first instance, without further proceedings, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the *bid securities* accompanying the bids so rejected, but the *bid security* accompanying said accepted proposal or bid shall be held by the county clerk until the contract for doing said work as hereinafter provided has been entered into, either by the said lowest bidder, or by the owners of over fifty per cent of frontage, whereupon said *bid security* shall be returned to said bidder,

but if said bidder fails, neglects or refuses to enter into the contract to perform said work and improvements as hereinafter provided, then the *bid security* accompanying his bid, in the amount *therein* mentioned, shall be declared to be forfeited to the said board of county commissioners, and shall be collected by it, and paid into the general fund of the county.

(6) If the proposed improvement consists of the purchase of an existing improvement, the board of county commissioners may, in their discretion, after the creation of the said special improvement district, and after ordering the proposed improvement, enter into a contract for the purchase of said improvement, upon such terms as they deem just, without advertising for bids, or proposals, provided, however, that the total purchase price shall not exceed the amount set forth in the notice required by section 16-1602."

Section 4. Section 16-1609, R.C.M. 1947, is amended to read as follows:

"**16-1609. Bond of contractor or contracting owners.** All contractors and contracting owners included shall at the time of executing any contract for any work, execute a bond to the satisfaction and approval of the board of county commissioners, *in the form and manner provided for in Title 6, chapter 4, R.C.M. 1947.*"

The permit shall authorize the operator to engage in strip mining upon the area of land described in his application and designated in the permit for a period of one (1) year from the date of its issuance. Such permit shall be renewable from year to year thereafter upon application to the department at least thirty (30) but not more than sixty (60) days prior to the renewal date so long as the operator is in compliance with the requirements of this act, the rules hereunder, and the reclamation plan provided for in section 50-1043, and agrees to comply with all applicable laws and rules in effect at the time of renewal. Such

HeinOnline -- 1975 vol. I 446 1975

renewal shall further be subject to the denial provisions of sections 50-1042 and 50-1046.

HeinOnline -- 1975 vol. I 448 1975

(l) be certified as follows: "I, the undersigned, hereby certify that this map is correct, and shows to the best of my knowledge and belief all the information required by the strip mining laws of this state." The certification shall be signed and notarized. The department may reject a map as incomplete if its accuracy is not so attested;

(m) contain such other or further information as the department may require.

(4) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time or distance, and estimated cost for backfilling, grading work, highwall reduction, topsoiling, planting, revegetating, and a reclamation plan for the area affected by the operation, which proposals shall meet the requirements of this act and rules adopted under this act.

(5) An application fee of fifty dollars ($50) shall be paid before the permit required in this section shall be issued. The operator shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the penal sum to be determined by the board (on the recommendation of the commissioner) of not less than two hundred dollars ($200) nor more than twenty-five hundred dollars ($2,500) for each acre or fraction thereof of the area of land affected, with a minimum bond of two thousand dollars ($2,000), conditioned upon the faithful performance of the requirements set forth in this act and of the rules of the board. *A political subdivision or agency of the state need not file a bond unless required to do so by the board. The board may require the filing of the bond prior to permit issuance or at any time thereafter.*

In determining the amount of the bond within the above limits, the board shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading, highwall reduction, topsoiling, and reclamation to be required; but in no event shall the bond be less than the total estimated cost to the state of completing the work described in the reclamation plan."

CHAPTER NO. 222

AN ACT REQUIRING THE OWNERS OF OIL AND GAS WELLS TO FILE BOTTOM-HOLE TEMPERATURES WITH THE BOARD OF OIL AND GAS CONSERVATION TO FACILITATE THE DISCOVERY OF POTENTIAL GEOTHERMAL ENERGY SOURCES; AMENDING SECTIONS 60-127, 60-144, AND 60-148, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 60-127, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1975 vol. I 449 1975

"**60-127. Powers and duties of board.** (1) The board shall make such investigations as it considers proper to determine whether waste exists or is imminent or whether other facts exist which justify any action by the board under the authority granted by this chapter with respect thereto.

(2) Subject to the administrative control of the department under section 82A-108, the board shall:

(a) Require: (i) identification of ownership of oil or gas wells, producing properties and tanks; (ii) the making and filing of acceptable well logs, *including bottom-hole temperatures, to facilitate the discovery of potential geothermal energy sources,* reports on well locations, and the filing of directional surveys, if made, however, logs of exploratory or wildcat wells need not be filed for a period of six (6) months following completion of those wells; (iii) the drilling, casing, producing and plugging of wells in such manner as to prevent the escape of oil or gas out of one stratum into another, the intrusion of water into oil or gas stratum, blowouts, cavings, seepages, and fires, and the pollution of fresh water supplies by oil, gas, salt, or brackish water; (iv) the restoration of surface lands to their previous grade and productive capability after a well is plugged or a seismographic shot hole has been utilized, and necessary measures to prevent adverse hydrological effects from such well or hole, unless the surface owner agrees in writing, with the approval of the board or its representatives, to a different plan of restoration; (v) the furnishing of a reasonable bond with good and sufficient surety, conditioned for performance of the duty to properly plug each dry or abandoned well; (vi) proper gauging or other measuring of oil and gas produced and saved to determine the quantity and quality thereof; and (vii) that every person who produces, transports or stores oil or gas in this state shall make available within this state for a period of five (5) years complete and accurate records of the quantities thereof, which records shall be available for examination by the board or its employees at all reasonable times, and that that person file with the board such reports as it may prescribe with respect to quantities, transportations, and storages of the oil or gas.

(b) For the purpose of preventing waste, (i) regulate the drilling, producing and plugging of wells, the shooting and chemical treatment of wells, the spacing of wells, operations voluntarily entered into to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations, and, (ii) fix, upon application made by any interested person after hearing, efficient gas-oil and water-oil ratios for any particular well or wells.

(c) Regulate the disposal of salt water and oil field wastes.

(d) Classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter.

(e) Adopt and enforce rules and orders to effectuate the purposes and the intent of this chapter. The board shall promulgate rules to implement part (a)(iv) of this subsection (2), no later than November 1, 1974.

HeinOnline -- 1975 vol. I 450 1975

(3) The board shall determine and prescribe what producing wells shall be defined as "stripper wells" and what wells shall be defined as "wild cat wells" and make such orders as in its judgment are required to protect those wells, and provide that stripper wells may be produced to capacity if it is considered necessary in the interest of conservation to do so.

(4) With respect to any pool from which gas was being produced by a gas well on or prior to April 1, 1953, this chapter does not authorize the board to limit or restrain the rate (daily or otherwise) of production of gas from that pool by any well then or thereafter drilled and producing from that pool to less than the rate at which the well can be produced without adversely affecting the quantity of gas ultimately recoverable by the well."

Section 2. Section 60-144, R.C.M. 1947, is amended to read as follows:

"**60-144. Owners shall make available to board cores and cuttings.** *(1)* An owner drilling a well for gas or oil shall make available to the board at its field offices representative cores or chips, when available, the cuttings from the well, *and the bottom-hole temperatures of the wells, in order to facilitate the discovery of geothermal potential.* However, cores, chips or cuttings need not be so made available for a period of six (6) months following completion or abandonment of the wells. The board may, however, relieve the owner of a well of the obligation to furnish cores, chips, or cuttings when in the opinion of the board, the furnishing thereof would be unduly burdensome for the owner; however, the owner desiring relief must apply to and receive permission from the board to not so furnish.

(2) The owner of a stratigraphic test well drilled for the purpose of obtaining lithologic information useful in potential oil and gas operations, as such well is defined by the board's rules shall within six (6) months from the date of the cessation of the drilling of the well, make available to the board, complete sets of sample cuttings and representative cores or chips and well logs of the wells, which logs shall include among other information the size of casing used, the type and depth of water if any located, *and bottom-hole temperatures for geothermal purposes*; the cuttings, cores, chips and logs shall be impounded and kept secure and confidential by the board until such time that the board desires to use the same; however, the board may not use the logs, chips, cores and cuttings from stratigraphic test wells until a period of three (3) years from the date of their impounding by the board has elapsed unless the owner of the stratigraphic test well consents to their use by the board prior to the expiration of the three (3) year period. The board, during the period of impoundment for any cores, cuttings, chips, or logs from any stratigraphic test well, may not give any person access to the cores, chips, cuttings or logs, and it may not disclose any information relating thereto or derived therefrom. The board shall require, and the owner of a stratigraphic test well shall furnish, prior to the commencement of drilling of the well, a good and sufficient surety bond, to be approved prior to the commencement of the drilling, conditioned upon the proper plugging of the well prior to abandonment, the amount of the bond to be determined by the estimated depth as in the board's rules provided for oil and gas wells, and, prior to abandonment, the wells shall be plugged by the owner

HeinOnline -- 1975 vol. I 451 1975

thereof, or by the surety should the owner be in default, the plugging to conform to the standards set down and determined by the board.

(3) Notwithstanding subsection (2), bottom-hole temperatures furnished to the board by stratigraphic test well owners shall be public information immediately upon filing with the board."

Section 3. Section 60-148, R.C.M. 1947, is amended to read as follows:

"**60-148. Availability of facilities to bureau.** The board may make available to the authorized personnel or representatives of the bureau of mines and geology such facilities, equipment, records, and cores and cuttings, or samples of cores and cuttings, as are, or may be, required by the bureau in the furtherance of its oil and gas research and study. *Bottom-hole temperatures of oil and gas wells shall be made available to the bureau of mines and geology by the board in order to facilitate the determination of possible geothermal energy sources."*

Approved April 3, 1975.

"**11-1919. State auditor to pay fire department relief association out of premium taxes collected from insurance companies.** At the end of the fiscal year, the state auditor shall issue and deliver to the treasurer of every city or town of the first and second class, for the use and benefit of the fire department relief association legally existing in every such city or town entitled by law to receive the same, out of the *premium taxes* on insurance risks *enumerated in subsection 2* collected by him, an amount equal to ten per centum (10%) of the total annual compensation paid by such city or town to its paid or part-paid firemen for services in the previous calendar year. The city clerk of each such city or town shall certify in writing to the state auditor, on or before March 1 of each year, the amount so paid by such city or town as compensation for services to paid or part-paid firemen.

In the event of a disaster resulting in the death or injury sufficient to draw pension of ten percent (10%) of the active force and when the fund of such fire department relief association after receiving all moneys

as designated in section 11-1911 and section 11-1912 and the ten percent (10%) of annual compensation as designated in this act does not show at least the one (1) mill growth as referred to in section 11-1912 then the treasurer of such relief association shall request and the state auditor shall issue and deliver to the treasurer of every city or town of the first and second class, for the use and benefit of the fire department relief association legally existing in every city or town entitled to receive the same, out of the *premium tax* collected by him, an additional amount to show at least the one (1) mill growth referred to in section 11-1912.

"**89-125. Powers of department concerning waters and appropriations thereof.** (1) The authority of the department conferred by this act extends and applies to rights to the natural flow of the waters of this state which it may acquire, with the approval of the board, by condemnation, purchase, exchange, appropriation or agreement.

(2) For the purpose of regulating the diversion of those waters, the department may enter upon the means and place of use of all appropriators for making surveys of respective rights and seasonal needs.

(3) The department may take into consideration the decrees of the courts of this state having jurisdiction, which purport to adjudicate the waters of a stream or its tributaries, and a fair, reasonable, equitable reconciliation shall be made between the claimants asserting rights under different decrees and between decreed rights and asserted rights of appropriation not adjudicated by any court.

(4) The department, at its discretion, may hold hearings relating to the rights of respective claimants after first giving such notice as it deems appropriate, and make findings of the date and quantity of appropriation and use of all claimants which the department will recognize and observe in diverting the waters which it owns. The department may police and distribute to the owner of the recognized appropriation the waters due him upon request and under terms agreed upon.

(5) The department, when engaged in controlling and dividing the natural flow of a stream under the authority granted by this act, is exercising a police power of the state, and water commissioners appointed by any court may not deprive the department of any of the waters owned or administered under agreement with respective owners, but the owner of a prior right contending that the department is not recognizing and respecting the appropriation may resort to a court for the purpose of determining whether or not the rights of the claimant have been invaded, and the department shall observe the terms of the final decree.

(6) When the department impounds or acquires the right of appropriation of the waters of a stream, it may divert or authorize the diversion at any point on the stream, or any portion thereof, when it is done without injury to a prior appropriator.

(7) This act does not repeal or amend an existing statute pertaining to the appropriation or use of water except as expressly provided in this act, and this act does not interfere with vested rights to the use of water.

(8) In addition to the powers conferred on the department elsewhere in this chapter, the department may acquire water by purchase option or agreement with the federal government from the Fort Peck Reservoir for the purpose of sale, rent, or distribution for industrial use. In such cases, the department is not required to construct any diversion or appropriation facilities or works, and it may sell, rent, or distribute such water at such rates and under such terms and conditions as it considers appropriate."

AN ACT TO AMEND SECTIONS 75-6516, 75-6517 AND 75-6525, R.C.M. 1947, TO RESTRICT THE TRANSFER OF LAND FROM ONE ELEMENTARY OR HIGH SCHOOL DISTRICT TO ANOTHER IN CERTAIN SITUATIONS UNLESS THE TAXABLE VALUE OF THE REMAINING PROPERTY IN THE SCHOOL DISTRICT FROM WHICH THE LAND IS TRANSFERRED IS NOT REDUCED BELOW ONE HUNDRED THOUSAND DOLLARS AND UNLESS APPROVED BY A VOTE OF THE PEOPLE IN THE SCHOOL DISTRICT FROM WHICH THE LAND IS TRANSFERRED WHEN DISPUTED.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-6516, R.C.M. 1947, is amended to read as follows:

"**75-6516. Transfer of territory from one elementary district to another.** A majority of the electors of any elementary district, who are qualified to vote under the provisions of section 75-6410 and who reside in territory which is a part of an elementary district, may petition the county superintendent to transfer such territory to another elementary district when:

(1) such territory is contiguous to the district to which it is to be attached;

(2) such territory is not located within three miles, over the shortest practical route, of an operating school of the district from which it is to be detached; and

(3) the transfer of such territory will not reduce the taxable value of the district to less than *one hundred thousand dollars ($100,000)* unless the remaining territory of the district will contain not less than fifty thousand (50,000) acres of nontaxable Indian land.

The petition shall be addressed to the county superintendent and shall describe the territory that is requested to be transferred and to what district it is to be transferred, state the reasons why such transfer is requested and state the number of elementary school-age children residing in such territory.

On receipt of a valid petition for a territory transfer, the county superintendent shall file such petition, set a hearing place, date, and time for consideration of the petition that is not more than forty (40) days after receipt of the petition and give notice of the place, date, and time of the hearing. The notices shall be posted in the districts affected by the request in the manner prescribed in this title for school elections, with at least one such notice posted in the territory to be transferred.

The county superintendent shall conduct the hearing as scheduled, and any resident or taxpayer of the affected districts shall be heard. If the

county superintendent shall deem it advisable and in the best interests of the residents of such territory, he shall grant the petitioned request and order the change of district boundaries to coincide with the boundary description in the petition. Otherwise, he shall, by order, deny the request. Either of the orders shall be final thirty (30) days after its date unless it is appealed to the board of county commissioners by a resident or taxpayer of either district affected by the territory transfer. The decision of the board of county commissioners, after a hearing on such matter and consideration of the material presented at the county superintendent's hearing, shall be final *thirty (30) days after its date unless a petition to submit the question to a vote of the people in the district from which the land is to be transferred, which has been signed by a majority of the electors of the district who reside in the territory to be transferred and who are qualified to vote in elections for that district under section 75-6410, R.C.M. 1947, is presented prior to that time. When a petition is submitted under this subsection, the question of whether the land shall be transferred to another district shall be put before the voters at the the next regular school election in the affected district.*

Whenever a petition to transfer territory from one elementary district to another elementary district would create a joint elementary district or affect the boundary of an existing joint elementary district, the petition shall be presented to the county superintendent of the county where the territory is located. Such county superintendent shall notify any other county superintendents of counties with districts affected by such petition and the duties prescribed in this section for the county superintendent and the board of county commissioners shall be performed jointly by such county officials."

Section 2. Section 75-6517, R.C.M. 1947, is amended to read as follows:

"**75-6517. Limitations for creation of new elementary district.** A new elementary district may be created out of the territory of an existing elementary district or districts when:

(1) the taxable value of the taxable property of the territory proposed to be included in such new district is seventy-five thousand dollars ($75,000) or more, except that when fifty thousand (50,000) acres or more of such new district are nontaxable Indian land, this limitation shall not be applicable;

(2) the taxable value of the taxable property of each existing district from which territory would be detached will be *one hundred thousand dollars ($100,000)* or more after the territory is detached; and

(3) the ANB in any of the existing districts is not reduced to less than fifteen (15)."

Section 3. Section 75-6525, R.C.M. 1947, is amended to read as follows:

"**75-6525. Limitations for organization of joint high school district.** The boundaries of any high school district which encompass a county's portion of a joint elementary district where an elementary school

is operated may be changed to establish a joint high school district. Such high school district boundary change shall be a transfer of all the territory located in another county's portion of the same joint elementary district. No such boundary change shall be made when:

(1) the territory transfer would reduce the taxable value of the taxable property of another high school district to less than *one million dollars ($1,000,000)*; or

(2) a portion of the territory to be transferred is less than three (3) miles from an operating, accredited high school located in another high school district."

When any plant nutrients or other substances or compounds are guaranteed, they are subject to inspection and analysis in accord with the methods and regulations prescribed by section 3-1718.

(d) Potential basicity or acidity expressed in terms of calcium carbonate equivalent in multiples of one hundred (100) pounds per ton, when required by regulation.

(2) If the department finds, after public hearing, that the requirement for expressing the guaranteed analysis of phosphorus and potassium in elemental form would not impose an economic hardship on distributors and users of fertilizer by reason of conflicting labeling requirements among the states, it may require by department rule that the guaranteed analysis be in the following form:

Total nitrogen (N) ----------percent
Available phosphorus (P) ----------percent
Soluble potassium (K) ----------percent

(3) The effective date of the rule may not be less than six (6) months following the adoption of the rule. For a period of two (2) years following the effective date of the rule, the equivalent of phosphorus and potassium may also be shown in the form of phosphoric acid and potash. However, after the effective date of a rule requiring that phosphorus and potassium be shown in the elemental form, the guaranteed analysis for nitrogen, phosphorus, and potassium is the grade for those elements.

(4) Soil amendments shall guarantee the minimum quantity of each active ingredient in terms approved by the department or in terms as set forth in rules issued by the department. They shall also meet any other requirements established by rule by the department."

HeinOnline -- 1975 vol. I 531 1975

Section 3. There is a new R.C.M. section numbered 3-1715.1 that reads as follows:

3-1715.1. Registration and licenses. (1) Each brand and grade of fertilizer and each soil amendment except unmanipulated animal and vegetable manures, shall be registered by the manufacturer before distribution in this state. The application for registration shall be submitted to the department on a form furnished or approved by the department and shall be accompanied by a fee of ten dollars ($10) per grade for each fertilizer and for each soil amendment with exception of specialty fertilizers in packages of ten (10) pounds or less which shall be registered at a fee of twenty-five dollars ($25) each. Upon approval, the department shall furnish a copy of the registration to the applicant. All registrations expire on December 31 of each year. The application for registration shall include:

(a) the brand and grade;

(b) the guaranteed analysis;

(c) the source of each plant food element guaranteed;

(d) the name and address of the registrant;

(e) a copy or facsimile of each label and of promotional material when requested by the department.

Further, the department shall require the applicant to furnish replicated data, performed by a reputable investigator whose work is recognized as acceptable by the director of the agricultural experiment station or his designee, verifying any claims for effectiveness or agricultural value of any fertilizer or soil amendment product which is not generally recognized as having the values claimed at the use rates recommended.

(2) A distributor may not be required to register any brand or grade of commercial fertilizer which is already registered under this section by another person.

(3) The plant nutrient content of every brand and grade of commercial fertilizer shall remain uniform for the period of registration.

(4) No person shall distribute in this state any type of fertilizer or soil amendment, except unmanipulated animal or vegetable manures, or specialty fertilizer, until a license to distribute has been obtained, for each facility distributing into this state and for each handling facility in this state, from the department upon payment of a fifty dollar ($50) fee for each license. The department may exempt, by rule, manufacturers. All licenses expire on December 31 of each year and are subject to the following:

(a) The application for license shall be on forms provided by the department.

(b) The applicant shall provide a sample copy of labeling to be used. The form of labeling shall meet department standards, established by rule, and all labeling shall be in proper form.

HeinOnline -- 1975 vol. I 532 1975

(c) The licensee is not required to register a grade of fertilizer registered by the manufacturer, or blended to grade from registered products by the licensee.

(5) The manufacturer or distributor shall at all times deliver a uniform grade of fertilizer or soil amendment. When two (2) or more fertilizers are delivered in the same load, they shall be thoroughly and uniformly mixed unless they are in separate compartments.

Section 4. There is a new R.C.M. section numbered 3-1716.1 that reads as follows:

3-1716.1. Labeling. (1) Any commercial fertilizer distributed in this state in packages shall have affixed to or printed on the container a label setting forth in clearly legible and conspicuous form:

(a) the net weight;

(b) the name and address of the manufacturer or distributor guaranteeing the analysis;

(c) the brand and product name;

(d) the grade;

(e) the guaranteed analysis; and

(f) other requirements as established by rule.

(2) All commercial fertilizer delivered in this state in bulk, whether a manufactured grade or blended grade, shall be accompanied by a clearly legible document, which shall be supplied to the purchaser at the time of delivery, and at the time his invoice is delivered. The document shall show:

(a) net weight;

(b) name and address of the distributor or manufacturer guaranteeing the analysis;

(c) guaranteed analysis, or, on blended fertilizer, the net weight and guaranteed analysis of each ingredient added; and

(d) other requirements as established by rule.

(3) When distributed in containers, soil amendments shall have a label affixed to or printed on the container. When delivered in bulk the label shall be clearly legible and shall accompany the delivery of the product. This label shall be supplied to the purchaser at the time of delivery and at the time of invoicing. The label shall contain the following information:

(a) net weight;

(b) name and address of the registrant or licensee who is responsible for the product;

(c) brand and product name;

(d) guaranteed analysis;

HeinOnline -- 1975 vol. I 533 1975

(e) other requirements, such as particle size, as established by rule.

Section 5. There is a new R.C.M. section numbered 3-1717.1 that reads as follows:

3-1717.1. Fees. (1) There shall be paid to the department fees on all commercial fertilizer, except specialty fertilizers sold in packages of ten (10) pounds or less, and unmanipulated animal and vegetable manures distributed in this state, provided that sales to manufacturers or exchanges between them are exempt. The fees are:

(a) Inspection, twenty cents ($.20) per ton. The department may by rule after hearing, adjust the inspection fee not to exceed a maximum of twenty-five cents ($.25) per ton to maintain adequate funding for the administration of this act. Any change in fee becomes effective on the first day of a reporting period. All registrants shall be given notice of any change in fees before the effective date.

(b) Assessment, the fee prescribed in section 3-1729. The assessment fee shall be used to fund educational and experimental programs as provided in sections 3-1729, 3-1730, 3-1731 and 3-1734, R.C.M. 1947.

(2) There shall be paid to the department on all soil amendments distributed in this state an inspection fee of ten cents ($.10) per ton subject to the following provisions:

(a) sales to manufacturer's or exchanges between them are exempt; and

(b) when less than fifty (50) tons of registered soil amendment is sold per six (6) month period, there shall be paid to the department a fee of five dollars ($5) per soil amendment per six (6) month period in lieu of the ten cents ($.10) per ton fee. Inspection fees shall be used by the department for administration of this act.

(3) Every registrant and licensee who distributes a soil amendment or commercial fertilizer, except specialty fertilizer in packages of ten (10) pounds or less and unmanipulated manures, to an unlicensed or unregistered person, in this state shall file with the department on forms furnished or approved by the department a semiannual statement for the periods ending June 30 and December 31 setting forth the number of net tons of each commercial fertilizer and/or soil amendment distributed in this state during the six (6) month period. The report is due on or before the thirtieth day of the month following the close of each period. The registrant or licensee shall pay the proper fees, as set forth in subsection (1) of this section, at that time.

If the tonnage report is not filed and the payment of fees is not made within thirty (30) days after the end of the period a collection fee amounting to ten percent (10%) of the amount due but not less than ten dollars ($10) shall be assessed against the registrant or licensee, and the amount of fees due shall constitute a debt and become the basis of a judgment against the registrant or licensee.

(4) All fees collected for licenses, registration and inspection, and

HeinOnline -- 1975 vol. I 534 1975

moneys collected as penalties shall be deposited in the state treasury to the credit of the earmarked revenue fund for the purpose of administering this chapter, including the cost of equipment and facilities and the cost of inspecting, analyzing and examining commercial fertilizer and soil amendments manufactured or distributed in this state. Reserve funds may be invested by the department with interest credited to the earmarked revenue fund.

Section 6. Section 3-1718, R.C.M. 1947, is amended to read as follows:

"**3-1718. Inspection, sampling, analysis.** (1) The department, in cooperation with the agricultural experiment station of Montana state university, shall sample, inspect, analyze, and test commercial fertilizers *and soil amendments* distributed in this state at a time and place and to an extent necessary to determine whether the commercial fertilizers *or soil amendments* are in compliance with this chapter. The department may enter upon any public or private premises during regular business hours in order to have access to commercial fertilizers *or soil amendments* subject to this chapter.

(2) The methods of analysis and sampling shall be those adopted by the department from sources such as those of the association of official analytical chemists. The results of analysis, together with additional information the department considers advisable, shall be transmitted promptly to the manufacturer and to the dealer or person in whose possession the product was sampled.

(3) The department, in determining whether any commercial fertilizer is deficient in plant food, *or soil amendment is deficient,* shall be guided solely by the official sample obtained and analyzed as provided for in paragraphs (1) and (2) of this section.

(4) If on the basis of an inspection or the analysis of the official sample a commercial fertilizer *or soil amendment* is found to be subject to penalty or other legal action, the department shall forward to the registrant notification of the violation at least ten (10) days before its report is made public. If during that period no adequate evidence to the contrary is made available to the department, the report becomes official. Upon request, the department shall furnish to the registrant a portion of any sample found subject to penalty or other legal action."

Section 7. There is a new R.C.M. section numbered 3-1720.1 that reads as follows:

3-1720.1. Misbranding and adulteration — prohibition. No person shall distribute a misbranded or adulterated fertilizer or soil amendment. (1) A commercial fertilizer or soil amendment is misbranded if it:

(a) carries any false or misleading statement upon or attached to the container, or if false or misleading statements concerning its agricultural value are made on the container or in any advertising matter accompanying or associated with the product;

(b) is distributed under the name of another product;

(c) is not labeled as required in section 3-1716.1 and in accordance with rules prescribed under this act; or

HeinOnline -- 1975 vol. I 535 1975

(d) purports to be or is represented as a commercial fertilizer, or is represented as containing a plant nutrient or commercial fertilizer, unless that plant nutrient or commercial fertilizer conforms to the definition of identity, if any, prescribed by rule of the department. In adopting this type rule the department shall give due regard to commonly accepted definitions and official fertilizer terms as issued by the association of American plant food control officials.

Section 8. There is a new R.C.M. section numbered 3-1721.1 that reads as follows:

3-1721.1. Licensee reports — confidentiality — inspection — failure to file. (1) Information contained in the reports shall be held confidential by the department. Summary data published by the department shall be in a form that will not disclose details of any operation or business.

(2) The department has the right to inspect and audit, during normal business hours, each licensee's records for the purpose of verifying tonnage reports.

(3) Failure to file an accurate report constitutes a violation of this act and may be punished by fine, revocation of license, or both.

Section 9. Section 3-1722, R.C.M. 1947, is amended to read as follows:

"**3-1722. Publications.** The department shall publish at least annually information concerning the sales of commercial fertilizers *and soil amendments* together with data on their production and use as it considers advisable, and shall report the results of the analysis based on official samples of commercial fertilizers *and soil amendments* sold in this state."

Section 10. There is a new R.C.M. section numbered 3-1723.1 that reads as follows:

3-1723.1. Rules — adoption by department. (1) The department may adopt those rules for commercial fertilizer and soil amendment which are specifically authorized in this act and those other reasonable rules necessary for the efficient enforcement of this act.

(2) In adopting rules the department shall follow procedures prescribed in the Montana Administrative Procedure Act.

Section 11. Section 3-1724, R.C.M. 1947, is amended to read as follows:

"**3-1724. Cancellation or refusal of registration or licenses.** *(1)* The department may cancel the registration of any commercial fertilizer or *soil amendment and may* refuse to register any commercial fertilizer *or soil amendment* upon satisfactory evidence that the registrant has used fraudulent or deceptive practices in the evasion or attempted evasion of this chapter or any rules adopted under it. However, no registration may be revoked or refused until the registrant is given the opportunity to *amend his application or correct other practices.*

(2) The department may cancel any license or refuse to license any person when it has satisfactory evidence that the person has used fraud-

ulent or deceptive practice in the evasion or attempted evasion of this chapter or any rules adopted under it. However, no license may be revoked or refused until the person involved is given the opportunity to appear for a hearing by the department."

Section 12. There is a new R.C.M. section numbered 3-1725.1 that reads as follows:

3-1725.1. Enforcement — embargo order — condemnation. (1) When the department has reasonable cause to believe any lot of commercial fertilizer or soil amendment is in violation of this act or a rule adopted by the department, it may issue and enforce a written or printed embargo order, requiring the person holding the commercial fertilizer or soil amendment not to dispose of it in any manner until written permission is granted by the department or the court. The department shall release the product when this act and the rules of the department have been complied with. If compliance is not obtained within thirty (30) days, the department may begin, or upon the request of the registrant or the person holding the product shall begin, proceedings for condemnation.

(2) Commercial fertilizer or soil amendment not in compliance with this act or the rules of the department may be seized on complaint of the department to a district court in the area in which the product is located. If the court finds the product in violation of this act and orders its condemnation, the fertilizer or amendment shall be disposed of in any manner consistent with the quality of the product and state law. The disposition of the product may not be ordered by the court without first giving the owner or person from whom the product was seized an opportunity to apply to the court for release of the product or for permission to process or relabel the product to bring it into compliance with this act.

Section 13. There is a new R.C.M. section numbered 3-1726.1 that reads as follows:

3-1726.1. Plant food deficiency and commercial value. (1) Penalty for nitrogen, available phosphoric acid or phosphorus and potash or potassium. If the analysis shows that a commercial fertilizer is deficient:

(a) in one or more of its guaranteed primary plant foods (NPK) beyond the "investigational allowance" as established by regulation, or

(b) if the overall index value of the fertilizer is below the level established by regulations, a penalty of two (2) times the commercial value of that deficiency, as determined by the dealer or manufacturer's price on the date of sampling of the deficiency or deficiencies, shall be assessed. When a commercial fertilizer is subject to a penalty under both (a) and (b) the larger penalty applies.

(2) Penalty for other deficiencies — deficiencies beyond the investigational allowances as established by regulation in any other constituent covered under section 3-1714.3 (1)(b), (c) and (d), R.C.M. 1947, which the registrant is required to or may guarantee, shall be evaluated and penalties shall be assessed at two times the commercial value of the deficiency as determined by the dealer's retail price on the date of sampling.

(3) Nothing contained in this section shall prevent any person from appealing the department's decision to a court of competent jurisdiction.

HeinOnline -- 1975 vol. I 537 1975

(4) All penalties assessed under this section shall be paid to the consumer of the lot, *not to exceed one hundred (100) tons,* of commercial fertilizer represented by the sample analyzed within three (3) months after the date of notice from the department to the registrant or licensee. If at the end of the three (3) month period, the consumer cannot be found, receipts shall be taken and promptly forwarded to the department for deposit in the earmarked revenue fund as provided in section 3-1717.1.

Section 14. Section 3-1727, R.C.M. 1947, is amended to read as follows:

"**3-1727. Violations-enforcement proceedings — judicial review.** (1) If it appears from the examination of any commercial fertilizer that this chapter or the rules adopted under this chapter have been violated, the department shall give notice of the violations to the registrant, *licensee,* distributor, or possessor from whom the sample was taken. A person notified shall be given an opportunity to be heard under rules of the department. If it appears after a hearing, either in the presence or absence of the person notified, that this chapter or rules issued under this chapter have been violated, the department may certify the facts to the proper prosecuting attorney.

(2) A person who violates this chapter or the rules adopted under this chapter, or who obstructs, prevents, or attempts to prevent the department from performing its duty under this chapter, is guilty of a misdemeanor and shall be fined not less than three hundred dollars ($300) nor more than five hundred dollars ($500) for the first violation, and not less than three hundred dollars ($300) nor more than one thousand dollars ($1,000) for a subsequent violation. In all prosecutions under this chapter involving the composition of a lot of commercial fertilizer, a certified copy of the official analysis of the department is prima facie evidence of the composition.

(3) Nothing in this chapter requires the department to report for prosecution or for the beginning of seizure proceedings minor violations of this chapter when it believes that the public interest will be best served by a suitable notice of warning in writing.

(4) A prosecuting attorney to whom a violation is reported shall prosecute the violator in a court of competent jurisdiction without delay.

(5) The department may apply for and the court may grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this chapter or any rule adopted under the chapter notwithstanding the existence of other remedies at law. The injunction shall be issued without bond.

(6) If a person adversely affected by an act, order, or ruling made by the department under this chapter is not entitled to a hearing before the department to determine his rights, he may within forty-five (45) days, sue in the district court of any county where the alleged violation giving rise to the department's act, order, or ruling occurred, for new trial of the issues bearing upon the act, order, or ruling. After the trial the court may issue and enforce those orders, judgments, or decrees it considers proper, just, and equitable."

HeinOnline -- 1975 vol. I 538 1975

Section 15. Section 3-1728, R.C.M. 1947, is amended to read as follows:

"**3-1728. Exchanges between manufacturers.** Nothing in this act shall be construed to restrict or avoid sales or exchanges of commercial fertilizers *or soil amendment* to each other by importers, manufacturers, or manipulators who mix fertilizer materials for sale or as preventing the free and unrestricted shipments of commercial fertilizer *or soil amendment* to manufacturers, or manipulators who have registered their brands and grades *or licensed their facilities* as required by the provisions of this act."

Section 16. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 17. **Repealer.** Sections 3-1714, 3-1715, 3-1716, 3-1717, 3-1720, 3-1721, 3-1723, 3-1725, and 3-1726, R.C.M. 1947, are repealed.

Section 18. **Effective date.** This act is effective January 1, 1976.

Approved April 7, 1975.

Upon the filing of the affidavit, the judge, *justice, magistrate, or justice of the peace,* as to whom said disqualification is averred shall be without authority to act further in the action, motion, or proceeding, but the provisions of this section do not apply to the arrangement of the calendar, the regulation of the order of business, the power of transferring the action or proceeding to some other court nor to the power of calling in another judge, *justice, magistrate, or justice of the peace* to sit and act in such action or proceeding, providing that no judge, *justice, magistrate, or justice of the peace* shall so arrange the calendar as to defeat the purposes of this section. If there be more than one judge, *justice, magistrate, or justice of the peace* in any district in which said affidavit is made and filed, upon the first disqualification of a judge, *justice, magistrate, or justice of the peace* in the cause, another judge, *justice, magistrate, or justice of the peace,* residing in the district wherein the affidavit is made and filed, must be called in to preside in such action, motion, or proceeding; upon the second or any subsequent disqualification of a judge, *justice, magistrate, or justice of the peace* in the cause, a judge, *justice, magistrate, or justice of the peace* of another district of the state must be called in to preside in such action, motion, or proceeding, or the action, motion, or proceeding transferred to a judge, *justice, magistrate, or justice of the peace* of another district of the state; when another judge, *justice, magistrate, or justice of the peace* has assumed jurisdiction of an action, motion, or proceeding, the clerk of the court in which the same was pending, shall at once notify the parties or their attorneys of record in the same, either personally or by registered mail, of the name of the judge, *justice, magistrate, or justice of the peace,* called in, or to whom such action, motion, or proceeding was transferred. Such second or subsequent affidavit of disqualification shall be filed with the clerk of the court in which such action, motion or proceeding may be pending within three days after the party or his attorney of record, filing such affidavit, has received notice as to the judge, *justice, magistrate, or justice of the peace* assuming jurisdiction of such action, motion, or proceeding.

CHAPTER NO. 284

AN ACT TO PROVIDE FOR THE SALE OR TRADE OF COUNTY PROPERTY BY THE GOVERNING BODY OF THE COUNTY; AMENDING SECTION 16-1009, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-1009, R.C.M. 1947, is amended to read as follows:

"**16-1009. Sale of property.** (1) The board of county commissioners of the several counties in this state shall have the power to sell any property, real or personal, however acquired, belonging to the county, and which is not necessary to the conduct of the county's business or the preservation of its property. If the property, real or personal, sought to be sold, is reasonably of a value in excess of one hundred ($100.00) dollars for real property or a value of *two thousand five hundred dollars ($2,500)* for personal property, the sale shall be at public auction at the courthouse door after previous notice given by publication in a newspaper published in said county, notice to be published once a week for four *(4)* successive weeks and posted in five (5) public places in the county. The sale shall be for cash, or on such terms as the board of county commissioners may approve, provided at least twenty per cent (20%) of the purchase price shall be paid in cash. In all sales of property of a value in excess of one hundred ($100.00) dollars for real property and of *two thousand five hundred dollars ($2,500)* for personal property, there must before any sale be an appraisal thereof by the board and at a price representing a fair market value of such property, and such appraised value shall be stated in the notice of sale, provided, that whenever a county purchases equip-

ment, as provided in section 16-1803, county equipment which is not necessary to the conduct of the county business may be traded in as part of the purchase price after appraisal as herein provided, or may be sold at public auction as herein provided, in the discretion of the board of county commissioners.

(2) The board of county commissioners shall have the power to sell any property, real or personal, however acquired, belonging to the county and which is not necessary to the conduct of the county's business or the preservation of its property, to the school district directly for its appraised value which shall represent a fair market value of such property without the necessity of a public auction. If the property to be sold to the school district is reasonably of a value in excess of one hundred ($100.00) dollars for real property and of *two thousand five hundred dollars ($2,500)* for personal property, notice of the sale shall be given by publication in a newspaper in said county, notice to be published once a week for four (4) successive weeks and posted in five (5) public places in the county.

(3) Any taxpayer who may believe that such appraised value is less than the actual value of the property, may at any time before the day fixed for the sale of such property, file with the board of county commissioners written objections to such appraised value. When any such objection is filed it vacates the sale and the board of county commissioners must at once apply to the judge of the district court to have such property reappraised. Upon such application the district judge shall appoint for such purpose three (3) disinterested persons whose appraisal must be made and filed with the county clerk and recorder, which new appraisal or reappraisal shall be used in the next sale of such property. Such appraisers, when appointed by the district judge, and after filing their appraisal report with the county clerk and recorder, shall be allowed five dollars ($5.00) per day for each day necessarily employed in making such appraisal, and their necessary and actual expenses. No sale shall be made at public auction or to any school district without public auction of any property unless it has been appraised within three (3) months prior to the date of the sale, and no such sale shall be made for less than ninety per cent (90%) of the appraised value.

(4) If no bid or offer is made for any property offered for sale at public auction, after appraisal and notice given, as provided herein, the board of county commissioners may, at any time thereafter, sell such property at private sale, and may on such private sale accept as the purchase price therefor an amount not less than ninety per cent (90%) of the appraised value thereof. All deferred payments on the purchase price of any property sold, shall bear interest at the rate of six per cent (6%) per annum, payable annually and may be extended over a period of not more than five (5) years. If the property to be sold is reasonably of a value of less than one hundred dollars ($100.00) for real property and *two thousand five hundred dollars ($2,500)* for personal property, sale thereof may be had at either public or private sale, as in the discretion of the board of county commissioners, may appear to be to the best interests of the county. If it be at public sale, notice shall be given by posting in five (5) public places in the county at least five (5) days before the date of sale. No title to any property sold under the provisions hereof, shall pass from the county until

HeinOnline -- 1975 vol. I 548 1975

the purchaser, or his assigns, shall have paid the full amount of the purchase price therefor, into the county treasury for the use and benefit of the county.

(5) Provided, however, if within one (1) year no immediate sale be had of real estate attempted to be sold under the provisions of this section, the board of county commissioners may make trades or exchanges of such real estate owned by the county for any other lands or real estate of equal value located within the same county.

(6) The funds derived from the sale in the discretion of the board of county commissioners may be credited to a construction reserve account and thereafter used for capital outlay for present or future construction of or an addition to a courthouse, or county jail or county hospital."

It shall be marked on back as "rejected for ...." filling the blank with the reason. This statement shall be dated and signed by a majority of the election judges.

(7) The rejected ballots, together with the absentee ballot envelope bearing the application shall be enclosed in an envelope, sealed, and the judges shall write on the envelope, "rejected ballot of absentee voter" (writing in the elector's name). "The rejected ballot(s) is (are) ....."

(8) The election judges shall designate the rejected ballot as "general ballot," if it is a ballot for candidates that are rejected.

(9) If the rejected ballot is on a question submitted to the vote of the electors, the judges shall designate it as ballot question No. .... in the certificate on the envelope.

(10) A separate enclosing envelope shall be used for each absentee ballot rejected. This envelope shall be placed in the envelope in which the other ballots voted are required to be placed and shall not be opened without a court order.

8-103.4. Approval of carrier agreements. (1) Any carrier as defined in section 8-101(h) which is a party to an agreement between or among two (2) or more carriers relating to rates, fares, classifications, divisions, allowances, or charges (including charges between carriers and compensation paid or received for the use of facilities and equipment), or rules pertaining thereto, or procedures for the joint consideration, initiation or establishment thereof, may, under such rules as the commission prescribes, apply to the public service commission for approval of the agreement and the commission shall by order approve any agreement, if approval thereof is not prohibited by subsections (3), (4), or (5) of this section. The approval of the commission shall be granted only upon such terms and conditions as the commission may prescribe as necessary to enable it to grant its approval in accordance with this subsection.

(2) Each conference, bureau, committee, or other organization established or continued pursuant to any agreement approved by the commission and the provisions of this section, shall maintain such accounts, records, files, and memoranda and shall submit to the commission such reports, as may be prescribed by the commission, and all such accounts, records, files, and memoranda shall be subject to inspection by the commission or its duly authorized representative.

(3) The commission may not approve under this section any agreement between a carrier by highway and a carrier by rail unless it finds that such agreement is of the character described in this section and is limited to matters relating to the transportation under joint rates or over through routes.

(4) The commission may not approve under this section any agreement which it finds is an agreement with respect to pooling or division of traffic, service, or earnings.

(6) The commission may, upon complaint or upon its own initiative without complaint, investigate and determine whether any agreement previously approved by it under this section, or any terms or conditions upon which such approval was granted, is not in conformity with this section or whether any such term or conditions is not necessary for the purpose of conformity with this section. After such investigation, the commission may by order terminate or modify its approval of such agreement if it finds such action necessary to insure conformity with this section, and may modify the terms and conditions upon which such approval was granted to the extent it finds necessary to insure conformity with this section or to the extent it finds its terms and conditions unnecessary to insure such conformity. The effective date of any order terminating or modifying approval, or modifying terms and conditions, may be postponed for such period as the commission determines is reasonably necessary to avoid undue hardship.

(7) No order may be entered under this section except after interested parties have been afforded reasonable opportunity for hearing.

(8) The parties to any agreement approved by the commission under this section and other persons are, if the approval of such agreement is not prohibited by subsections (3), (4), or (5) of this section, hereby exempted from Montana antitrust laws with respect to such agreement, including section 51-401 or any other statutes prohibiting monopolies, price fixing, or restraint of trade.

(9) Any action of the commission under this section in approving an agreement, or in denying an application for such approval, or in terminating or modifying its approval of an agreement, or in prescribing terms and conditions upon which its approval is to be granted, or in modifying such terms and conditions, shall be construed as having effect solely with reference to the applicability of subsection (8).

Section 2. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

84-429.14. Periodic revaluation of taxable property. The department of revenue shall administer and supervise a program for the revaluation of all taxable property within the state of Montana at least every five (5) years. A comprehensive written plan of rotation shall be promulgated by the department of revenue fixing the order of revaluation of property in each county on the basis of the last revaluation of taxable property in each county prior to July 1, 1974, in order to adjust the disparities therein between the counties. The plan of rotation so adopted shall provide that all property in each county shall be revalued at least every five (5) years or that no less than twenty percent (20%) of the property in each county shall be revalued in each year. The department of revenue shall furnish a copy of the plan and all amendments thereto to each county assessor and the board of county commissioners in each county.

Section 2. There is a new R.C.M. section numbered 84-429.15 that reads as follows:

84-429.15. Equalization of valuations. The same method of appraisal and assessment shall be used in each county of the state to the end that comparable property with similar true market values and subject to taxation in Montana shall have substantially equal taxable values at the end of each cyclical revaluation program hereinbefore provided.

Section 3. There is a new R.C.M. section numbered 84-429.16 that reads as follows:

CHAPTER NO. 295

AN ACT TO AMEND SECTION 50-1055, R.C.M. 1947, TO DEFINE PRIMA FACIE EVIDENCE OF INJURY TO AN OWNER'S WATER SUPPLY IN A DESIGNATED GROUND WATER AREA AND TO SHIFT BURDEN TO STRIP MINE OPERATOR IN A NONDESIGNATED AREA.

Be it enacted by the Legislature of the State of Montana:

HeinOnline -- 1975 vol. I 572 1975

Section 1. Section 50-1055, R.C.M. 1947, is amended to read as follows:

"50-1055. Mandamus to compel enforcement of law — action for damage to water supply — damage from surface water — other remedies. (1) A resident of this state, with knowledge that a requirement of this act or a rule adopted under this act, is not being enforced by a public officer or employee whose duty it is to enforce the requirement or rule may bring the failure to enforce to the attention of the public officer or employee by a written statement under oath that shall state the specific facts of the failure to enforce the requirement or rule. Knowingly making false statements or charges in the affidavit subjects the affiant to penalties prescribed under the law of perjury.

(2) If the public officer or employee neglects or refuses for an unreasonable time after receipt of the statement to enforce the requirement or rule, the resident may bring an action of mandamus in the district court of the first judicial district of this state, in and for the county of Lewis and Clark, or in the district court of the county in which the land is located. The court, if it finds that a requirement of this act or a rule adopted under this act, is not being enforced shall order the public officer or employee, whose duty it is to enforce the requirement or rule, to perform his duties. If he fails to do so, the public officer or employee shall be held in contempt of court and is subject to the penalties provided by law.

(3) An owner of an interest in real property who obtains all or part of his supply of water for domestic, agricultural, industrial, or other legitimate use from an underground source other than a subterranean stream having a permanent, distinct, and known channel, may sue an operator to recover damages for contamination, diminution, or interruption of the water supply, proximately resulting from strip mining.

(a) Prima facie evidence of injury in a suit under this subsection is established by the removal of coal or disruption of overlying aquifer from designated "ground water areas" as prescribed in Title 89, chapter 29. If the area is not a designated "ground water area", a showing that the coal or overlying strata is an aquifer in that geographical location and that the coal or the overlying strata has been removed or disrupted shifts the burden to defendant (operator) to show that plaintiff's (owner's) water supply was not injured thereby.

(b) An owner of water rights adversely affected may file a complaint, detailing the loss in quality and quantity of his water, with the department. Upon receipt of this complaint the department shall:

(i) investigate the complaint using all available information including monitoring data gathered at the mine site;

(ii) require the defendant (operator) to install such monitoring wells or other practices that may be needed to determine the cause of water loss, if there is a loss, in terms of quantity or quality;

HeinOnline -- 1975 vol. I 573 1975

(iii) issue, within ninety (90) days, a written finding specifying the cause of the water loss, if there is a loss, in terms of quantity or quality;

(iv) order the mining operator in compliance with the water use act to replace the water immediately on a temporary basis to provide the needed water and within a reasonable time replace the water in like quality, quantity, and duration, if the loss is caused by the surface coal mining operation; and

(v) order the suspension of the operator's permit, for failure to replace the water, until such time as the operator provides substitute water.

(4) A servient tract of land is not bound to receive surface water contaminated by strip mining on a dominant tract of land, and the owner of the servient tract may sue an operator to recover the damages proximately resulting from the natural drainage from the dominant tract of surface waters contaminated by strip mining on the dominant tract.

(5) This section does not create, modify, or affect any right, liability, or remedy other than as expressly provided in this section."

Approved April 8, 1975.

Approved April 8, 1975.

CHAPTER NO. 297

AN ACT TO DISALLOW CONSIDERATION OF ADVERTISING EXPENSES AND CONTRIBUTIONS IN SETTING RATES CHARGED BY PUBLIC UTILITIES.

Be it enacted by the Legislature of the State of Montana:

70-121.1. Advertising and contributions. Costs or expenses incurred by public utilities for advertising, for transfers of funds without full and adequate consideration, for contributions, for donations, and for gifts may not be treated as expenses deductible from income or from capital assets or in any other manner by the public service commission in setting or regulating rates which may be charged by the public utilities, pursuant to Title 70, R.C.M. 1947. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-2050, R.C.M. 1947, is amended to read as follows:

"16-2050. Investment of special moneys in county warrants and investment of school district or county high school moneys. (1)

Except as provided in subsection (2) of this section, whenever the county has under its control any moneys, for which there is no immediate demand, in any special fund subject to deposit which in the judgment of the board of county commissioners it would be advantageous to invest in county warrants, the county commissioners are authorized in their discretion to direct the county treasurer to purchase county warrants of the same county, thereafter issued against funds in which there is not sufficient money to pay such county warrants at the time of issuance, and in case of such purchase the county commissioners shall designate the fund or funds, to be so invested, and shall fix the amount thereof, and shall also designate the county warrant or warrants which are to be purchased by such funds. The county clerk and recorder shall thereupon cause to be attached to or stamped, written or printed upon the warrants so ordered to be purchased a notice to the effect that the county will exercise its preference right to purchase such warrant. The county treasurer shall thereafter when such county warrant is presented to him, purchase the same out of the proper fund as designated by the board of county commissioners, and the warrant so purchased shall be registered as other county warrants, and bear interest as provided by law. When the designated amounts have been invested the county treasurer shall notify the county clerk and recorder. Public funds realized from the sale of bonds by a county for the purpose of constructing public buildings, or for other construction, may be invested in any time or savings deposits, United States certificates of indebtedness, United States treasury notes or United States treasury bonds having a maturity date of one (1) year or less when emergency conditions, beyond the control of the county commissioners, exist which preclude the construction of the projects for which the bonds were issued at the time such investments are made. Interest earned from such investments, including interest on the sale of bonds accrued in the period between the date of issue and the time of purchase, shall be credited to the sinking fund of the county, notwithstanding the provisions of subsection (6) of section 16-2618.

(2) Whenever the county has under its control any moneys realized from the sale of bonds by a county high school for the purpose of construction, for which there is no immediate demand, which in the judgment of the governing body of the county high school it would be advantageous to invest in any time or savings deposits or in short-term obligations of the United States of America, such governing body may in its discretion direct the county treasurer to make such investments. Interest earned from such investments, except interest on the sale of bonds accrued in the period between the date of issue and the time of purchase which must be credited to the sinking fund, may be credited to the sinking fund of the said county high school, provided that in the event construction of said buildings is delayed for a period longer than six (6) months due to court action or other causes beyond the control of the trustees, the trustees may direct that interest earned be credited to the fund from which the money was withdrawn. The trustees may authorize expenditures from interest earned, except as provided above, for furnishing and equipping the buildings for which the bonds were sold.

(3) No provision of this section may be construed to prevent the investment of county or county high school moneys under the state unified investment program established in Title 79, chapter 3."

Section 2. Section 16-2618, R.C.M. 1947, is amended to read as follows:

The treasurer shall take from such bank, building and loan association or savings and loan association such security as the board of county commissioners, in the case of a county, or the council in the case of a city or town, may prescribe, approve and deem fully sufficient and necessary to insure the safety and prompt payment of all such deposits, together with the interest on any time or savings deposits, provided that said board of county commissioners or city or town council is hereby authorized to deposit such public moneys not necessary for immediate use by such county, city or town with any bank, building and loan association or savings and loan association authorized hereinabove in a savings or time deposit; provided that the bank or banks or building and loan association or savings and loan association in which the money is deposited shall pay on the moneys no less than the rate of interest as is paid on money from private sources on the same terms. Refusal of any bank, building and loan association or savings and loan association to pay said interest rate shall constitute a waiver of that institution's right to participate in the ratable distribution of said moneys as set forth in subsection (4) of this act, and provided that said board of county commissioners, or city or town council is hereby authorized to invest such public moneys not necessary for immediate use by such county, city or town, in direct obligations of the United States government, payable within not to exceed one hundred eighty (180) days from the time of such investment.

All warrants or other negotiable securities must be properly assigned or endorsed in blank. It shall be the duty of the board of county commissioners in the case of county funds, or the council in the case of funds of a city or town, upon the acceptance and approval of any of the above-mentioned bonds or securities, to make a complete minute entry of such acceptance and approval upon the record of their proceedings, and such bonds and securities shall be reapproved at least quarter annually thereafter.

(4) (a) Demand deposits shall be placed only in banks. When more than one bank is available in any county, for the deposit of such county funds, or in any city or town for the deposit of such city or town funds, such demand deposits shall be distributed ratably among all of such banks qualifying therefor, substantially in proportion to paid-in capital and surplus of each such bank willing to receive such demand deposits under the terms of this act, and it shall be the duty of said county, city or town treasurer to prorate all such demand deposits among all of the banks qualified to receive the same as in this act provided, to the end that an equitable distribution of such demand deposits shall be maintained.

(b) Such public moneys not necessary for immediate use by such county, city or town which are not invested in direct obligations of the United States government as authorized herein shall be placed in time or savings deposits with any bank, building and loan association or savings and loan association in the county, city or town. (5) Whenever it shall come to the attention of the department of intergovernmental relations that the funds of any county, city or town are not properly distributed as provided in this act, the department of intergovernmental relations shall order the treasurer of such county, city or town to distribute said funds in accordance herewith, and if such treasurer

HeinOnline -- 1975 vol. I 586 1975

shall refuse or neglect to comply with such order, it shall be the duty of the department of intergovernmental relations to institute proceedings against such treasurer at the cost of the county, city or town of which such treasurer is an officer, on the official bond of such treasurer. Any banks, building and loan associations or savings and loan associations receiving such deposits, shall, through its president and cashier or secretary, make a statement quarter annually of account, under oath, showing all such moneys that have been deposited with such bank, building and loan association or savings and loan association during the quarter, the amount of daily balance in dollars, and the amount of interest by such banks, building and loan associations or savings and loan associations credited or paid therefor, and showing that neither such bank, building and loan association or savings and loan association nor any officer thereof, nor any person for it, has paid or given any consideration or emolument whatsoever to the treasurer or to any other person other than the interest provided for herein, for or on account of the making of such deposits, with any such bank, building and loan association or savings and loan association. All such deposits shall be subject to withdrawal by the treasurer in such amounts as may be necessary from time to time, and no deposit of funds shall be made, or permitted to remain in any bank, building and loan association or savings and loan association, until the security for such deposits shall have been first approved by the board of county commissioners in the case of county funds, or by the council in the case of city or town funds, and delivered to the treasurer.

(6) *All* interest paid and collected on such deposits or investments shall be credited to the general fund of the county, city or town to whose credit such funds are deposited. The collateral so substituted shall be approved by the governing body of the county, city or town at its next official meeting. (4) The board shall have power and authority to enter into, and do any acts necessary or proper for the performance of any agreements with any state, county, district of any kind, public or private corporation, association, firm or individual, or any number of them, for the joint acquisition, construction, leasing, ownership, disposition, use, management, maintenance, repair, or operation of any rights, works or other property of a kind which might lawfully be acquired or owned by the irrigation district, and may acquire the right to store water in any reservoirs or to carry water through any canal, ditch, or conduit not owned or controlled by the district, and may grant to any owner or lessee of the right to the use of any water the right to store such water in any reservoir of the district or to carry such water through any canal, ditch or conduit of the district.

sum be paid without the written consent or petition of at least a majority in number and acreage of the holders of title or evidence of title to the lands within the district. Any splitting or division of such purchase, lease or contract with the purpose or intention of avoiding or circumventing the provisions of this section shall render such divided or split contract or contracts absolutely null and void.

(6) For the purpose of acquiring control over government land within the district and of complying with the provisions of the act of Congress of August 11, 1916, the board shall have authority to make such investigations, and base thereon such representations and assurances to the secretary of the interior, as may be requisite.

(7) The board may enter into any obligation or contract with the United States for the construction, operation, and maintenance of the necessary works for the delivery and distribution of water therefrom, and of the necessary drainage works; or for the assumption, as principal or guarantor, of indebtedness to the United States on account of district lands, under the provisions of the Federal Reclamation Act and all acts amendatory thereof or supplementary thereto, and the rules and regulations established thereunder; or the board may contract with the United States for a water supply under any act of Congress providing for or permitting such contract, and in case contract has been or may hereafter be made with the United States as herein provided, bonds of the district may be deposited with the United States at ninety per cent of their par value, to the amount to be paid by the district to the United States under any such contract, the interest on said bonds of the district and regularly paid to the United States to be applied as provided in such contract, and if bonds of the district are not so deposited, it shall be the duty of the board of commissioners to include as part of any levy or assessment provided for in section 89-1801, an amount sufficient to meet each year all payments accruing under the terms of any such contract; and the board may accept, on behalf of the district, appointment of the district as fiscal agent of the United States, or authorization of the district by the United States to make collections of moneys for or on behalf of the United States in connection with any federal reclamation project, whereupon the district shall be authorized to so act and to assume the duties and liabilities incident to such action, and the said board shall have full power to do any and all things required by the federal statutes now or hereafter enacted in connection therewith, and all things required by the rules and regulations now or that may hereafter be established by any department of the federal government in regard thereto, including the power to require the prompt payment of all charges as prerequisite to water service.

(8) Said board may also construct and maintain the necessary dams, reservoirs, and works for the collection and distribution of water for the district, from one or more sources and from different and additional sources, and operate such works, and may secure in any of the manners in this act provided additional water supplies from the same or different sources, and do any and every lawful act necessary to be done in order that sufficient water may be furnished for irrigation purposes to all the lands in the district included at the time of its organization or at any time thereafter.

HeinOnline -- 1975 vol. I 594 1975

(9) The board is hereby authorized and empowered to take conveyances or other assurances for all property acquired by it under the provisions of this act, in the name of the district, to and for the uses and purposes herein expressed.

(10) The board is hereby authorized and empowered to institute and maintain any and all actions and proceedings, suits at law or in equity, necessary or proper in order to fully carry out the provisions of this chapter, or to enforce, maintain, protect, or preserve any and all rights, privileges, and immunities created by this act, or acquired in pursuance thereof, and in all courts, suits, or proceedings, the said board may sue, appear, and defend in person or by attorneys, and in the name of such irrigation district.

(11) The board may adopt rules and bylaws governing the calling and holding of meetings of the board, the manner of transacting business thereat, and the publishing or posting of the orders, resolutions, and proceedings of the board. It shall be the duty of said board to pass or adopt bylaws, rules and regulations for the apportionment and distribution of water to the lands of the district, and for the protection and preservation of the works and other property of the district, which shall be printed in convenient form for distribution in the district; and may therein require the prompt payment of all taxes and assessments delinquent for not to exceed two years as a prerequisite to water service. All orders and resolutions shall be passed or adopted by a majority of the commissioners by a yea and nay vote, to be entered upon the records of the board.

(12) For the purpose of purchasing or constructing the necessary irrigation canals or works, or acquiring the necessary property and rights therefor, and otherwise carrying out the provisions of this act, the board of commissioners of any irrigation district must, as soon after such district has been organized as practicable, formulate a general plan for such purchase, construction, and acquisition of such property, and shall cause such surveys, examinations, and plans to be made as shall demonstrate the practicability of such plans, as well as of procuring water from other and different sources, the amount of land that can be irrigated thereunder, and furnish the proper basis for an estimate of the cost of carrying out such plan and the value of any canal, works, property, or system of irrigation proposed to be purchased. All such surveys, examinations, maps, plans, and estimates shall be made by or under the direction and supervision of an irrigation engineer of well-known standing and competency, and all such necessary surveys, examinations, maps, plans and estimates must be certified to by him. When all such are completed, he shall submit them with all proper field notes to, and file them with, the board of commissioners, accompanied by his report and recommendation thereon. This report shall include a discussion of said plans by him submitted to said board, of the question of water supply, of the sufficiency of the works proposed to accomplish the desired results, of the practicability of the proposed system from an engineering standpoint, of the probability of being acquired or constructed within the estimate of the cost stated, and such general discussion and recommendation in regard to the engineering and financial features of the whole matter as in the judgment of such engineer shall be desirable for the information of the people of the district.

HeinOnline -- 1975 vol. I 595 1975

Such report shall be accompanied by a map, when such is necessary for a proper explanation or understanding of the same.

Upon receiving such report, said board of commissioners shall proceed to determine the amount of money necessary to be raised for the purchase or construction of said proposed property, canals, or irrigation works, and system, and within ten days after arriving at such determination shall cause the secretary of said board to notify all persons or corporations holding title or evidence of title to lands within said district (ascertained as provided in section 89-1201) of the filing of said report and their determination thereon. Said notices shall be given through the United States mail by letter addressed to such person or corporation at the last known post-office address of each person or corporation aforesaid. A certificate of the secretary of the board as to the fact of mailing said notice, affixed to a copy of said notice and recorded in the record book of said board of commissioners, shall be sufficient and conclusive evidence of such fact.

(13) Said board shall have power generally to do and perform all such other acts as shall be necessary or appropriate to fully carry out the purposes of this act."

(5) Certificates. Each certificate must be a separate paper. All certificates must be of uniform size as determined by the county clerk. Each certificate must contain the name of one signer thereto and no more. Each certificate shall contain the name of one candidate and no more. Each signer must be a qualified elector owning or leasing or residing upon real property within said district, must not at the time of signing a certificate have his name signed to any other certificate for any other candidate for the same office, or, in case there are several places to be filled in the same office, signed to more certificates for candidates for that office than there are places to be filled in such office. Each signer must verify his certificate and make oath that the same is true, before a notary public. Each certificate shall further contain the name and address of the person to whom the petition is to be returned in case said petition is found insufficient.

(6) Presentation of petition. If the district lies in more than one county, such petition for nomination shall be presented to the county clerk whose county contains the largest percentage of the territory of said district and said county clerk shall fulfill all duties assigned to county clerks in elections under this act.

(7) Examination of petition. When a petition of nomination is presented for filing to the county clerk, he shall forthwith examine the same, and ascertain whether or not it conforms to the provisions of this section. If found not to conform thereto, he shall then and there in writing designate on said petition the defect or omission or reason why such petition cannot be filed, and shall return the petition to the person named as the person to whom the same may be returned in accordance with this section. The petition may then be amended and again presented to the clerk as in the first instance. The clerk shall forthwith proceed to examine the petition as hereinbefore provided. If necessary, the board of commissioners shall provide extra help to enable the clerk to perform satisfactorily and promptly the duties imposed by this section.

(8) Signer may withdraw name. Any signer to a petition of nomination and certificate may withdraw his name from the same by filing with the county clerk a verified revocation of his signature before the filing of his petition by the clerk, and not otherwise. He shall then be at liberty to sign a petition for another candidate for the same office.

HeinOnline -- 1975 vol. I 600 1975

(9) Candidate may withdraw. Any person whose name has been presented under this section as a candidate may, not later than twenty-five (25) days before the day of election, cause his name to be withdrawn from nomination by filing with the county clerk a request therefor in writing, and no name so withdrawn shall be printed upon the ballot. If, upon such withdrawal, the number of candidates remaining does not exceed the number to be elected, then other nominations may be made by filing petitions therefor not later than twenty-five (25) days prior to such election.

(10) Petition filed. If either the original or amended petition of nomination be found sufficiently signed as hereinbefore provided, the clerk shall file the same twenty-five (25) days before the date of the election. When a petition of nomination shall have been filed by the clerk it shall not be withdrawn or added to and no signatures shall be revoked thereafter.

(11) Petitions preserved. The county clerk shall preserve in his office for a period of two years, all petitions of nomination and all certificates belonging thereto, filed under this section.

(12) List of candidates. Immediately after such petitions are filed, the county clerk shall enter the names of the candidates in a list, with the offices to be filled, and shall not later than twenty (20) days before the election certify such list as being the list of candidates nominated as required by the provisions of this act, and the board of commissioners of each county in which the district lies shall cause said certified list of names and the offices to be filled, to be published in the proclamation calling the election at least ten (10) successive days before the election in at least one (1) but not more than three (3) newspapers of general circulation published in each county in which such district is located. Such proclamation shall conform in all respects to the general state law governing the conduct of general elections now or hereafter in force, applicable thereto, except as otherwise herein provided.

(13) Ballots. Form. The county clerk shall cause the ballots to be printed and bound and numbered as provided by said general state law, except as otherwise required in this act. The ballots shall contain the list of names and the respective offices as published in the proclamation and shall be in substantially the following form:

GENERAL (OR SPECIAL) DISTRICT ELECTION
.....District,
(Inserting date thereof.)

Instructions to Voters: To vote, stamp or write a cross (X) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election, and obtain another.

(14) How printed. All ballots printed shall be precisely on the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right-hand side for questions to be voted upon at district election, as provided for

HeinOnline -- 1975 vol. I 601 1975

(15) No candidate omitted. The name of no candidate who has been duly and regularly nominated, and who has not withdrawn his name as herein provided shall be omitted from the ballot.

(16) Office. The offices to be filled shall be arranged in the following order: "For director vote for (giving number)."

(17) Voting squares. Half-inch square shall be provided at the right of the name of each candidate wherein to mark the cross.

(18) Spaces below printed names. Half-inch spaces shall be left below the printed names of candidates for each office, equal in number to the number to be voted for, wherein the voter may write the name of any person or persons for whom he may wish to vote.

(19) Votes necessary to elect. In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast for all the candidates for that office, shall be declared elected; in case there are two or more persons to be elected to an office, as that of director, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected.

(20) Failure to qualify. If a person elected fails to qualify, the office shall be filled as if there were a vacancy in such office, as hereinafter provided.

(21) Mode of appointment by mayor. The mode of appointment of director or directors by a mayor, or by a board of commissioners, shall be by certificate of appointment signed by said mayor or mayors, or issued by said board of commissioners, and transmitted to the board of directors of said district.

(22) Informality not to invalidate. No informality in conducting district elections shall invalidate the same, if they have been conducted by directors to fill a vacancy, or appointed by a mayor or by this act."

Approved April 8, 1975.

(3) Before ordering the parole of any prisoner, the board shall interview him. A parole shall be ordered only for the best interest of society, not as an award of clemency or a reduction of sentence or pardon. A prisoner shall be placed on parole only when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. Every prisoner while on parole shall remain in the legal custody of the institution from which he was released, but shall be subject to the orders of the board.

(4) The board may adopt other rules it considers proper or necessary, with respect to the eligibility of prisoners for parole, and the conduct of parole hearings or conditions to be imposed upon parolees. When an order for parole is issued it shall recite the conditions thereof."

CHAPTER NO. 316

AN ACT AMENDING SECTION 46-801.2, R.C.M. 1947, TO PERMIT CATTLE USED AS RODEO STOCK TO BE ISSUED TRANSPORTATION PERMITS, AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-801.2, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1975 vol. I 608 1975

"**46-801.2. Inspection of livestock before change of ownership or removal from county — transportation permits.** (1) Except as otherwise provided in this act, it is unlawful to remove or cause to be removed from a county in this state any livestock, or to transfer ownership by sale or otherwise or for an intended purchaser or his agent to take possession of any such animal subject to title passing upon meeting or satisfaction of any conditions unless the livestock has been inspected for brands by a state stock inspector or deputy state stock inspector, and a certificate of the inspection has been issued in connection with and for the purpose of the transportation or removal or of such change of ownership as provided in this act. The inspection must be made in daylight provided, however, that the change of ownership inspection requirements of this subsection shall not apply when such sale or change of ownership transaction involves five (5) or less such animals.

(2) It is unlawful to sell or offer for sale at a livestock market any livestock originating within any county in this state in which a livestock market is maintained, or transported under a market consignment permit until the livestock has been inspected for marks and brands by a state stock inspector, as provided in this act.

(3) It is unlawful to remove or cause to be removed any livestock from the premises of a livestock market in this state unless the livestock has been inspected for marks and brands by a state stock inspector and an inspection certificate for the livestock has been issued in connection with and for the purpose of the removal from the premises of the livestock market, as provided in this act.

(4) The person in charge of livestock being removed from a county in this state, where inspection thereof is required by this act, or where change of ownership has occurred or when moved under a market consignment permit shall have in his possession the certificate of inspection or market consignment permit issued in connection therewith, and shall exhibit the certificate to any sheriff, deputy sheriff, constable, highway patrolman, state stock inspector or deputy state stock inspector at the request of either of them. Section 46-803 shall be extended to livestock transported or sold under the above-mentioned permits.

(5) The following transportation permits may be issued:

(a) If a saddle, work, or show horse is being transported from county to county in this state by the owner for his personal use or business, or where a purebred cow is being transported from county to county in this state by its owner for show purposes, and where there is no change of ownership, the inspection certificate as required by this act, may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for a period not to exceed one (1) year for the horse or cow described thereon. The permit becomes void upon any transfer of ownership or if the horse or cow are to be removed from the state. In such instances an inspection must be secured for removal and the endorsed certificate surrendered.

(b) The owner of a saddle, work, or show horse may apply for a perma-

HeinOnline -- 1975 vol. I 609 1975

nent transportation permit valid for both interstate and intrastate transportation of the horse until there is a change of ownership. To obtain a permit a horse must have either a registered brand that has been legally cleared, or a lip tattoo, or the owner must present proof of ownership to a state stock inspector. A written application, on forms to be provided by the department, must be completed by the owner and presented to a state stock inspector together with a five dollar ($5) permit fee for each horse. The application shall contain a thorough physical description of the horse and list all brands and tattoos carried by the horse.

Upon approval of the application by a state stock inspector, a permanent transportation permit shall be issued by the department to the owner for each horse and such permit shall be valid for the life of the horse. If there is a change of ownership in a horse the permit shall automatically become void. The permit must accompany the horse for which it was issued at all times while the horse is in transit. This permit shall be in lieu of other permits and certificates required under the provisions of this section. The state of Montana shall recognize as valid permanent transportation permits issued in other jurisdictions to the owner of a saddle, work, or show horse subsequently entering the state. Such a permit shall be automatically void upon a change of ownership.

(c) When livestock owned by and bearing the registered brand of a bona fide rodeo producer are being transported from county to county in this state by the owner for rodeo purposes, and where there is no change of ownership, the inspection certificate required by this section may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for the livestock described thereon. The certificate is effective only between April 1 and October 31 of the year for which it is issued. The certificate shall be issued by a state stock inspector."

Section 2. Effective date. This act is effective on its passage and approval.

Approved April 8, 1975.

CHAPTER NO. 317

AN ACT DIRECTING THE DEPARTMENT OF NATURAL RESOURCES TO MAKE RECOMMENDATIONS AND PROPOSE LEGISLATION TO PROVIDE FOR THE CONTROL OF URANIUM SOLUTION EXTRACTION AND THE PROTECTION AND REHABILITATION OF LANDS AND WATERS AFFECTED BY URANIUM SOLUTION EXTRACTION; AND TO PROVIDE AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 50-1701 that reads as follows:

HeinOnline -- 1975 vol. I 610 1975

50-1701. Statement of legislative findings and policy. The legislature, noting that the energy shortage has prompted a widespread search for energy resources; that there is substantially increased prospecting, exploration and land acquisition for uranium in Montana; that rising world prices make previously uneconomical uranium deposits economically recoverable; that many Montana uranium deposits are so deep or have such a configuration that economic recovery is only possible through extraction in-place; and that extraction and energy companies have shown interest in utilizing in-place leaching in Montana to recover uranium; and further noting that pilot projects involving solution extraction are being seriously undertaken in other states and that contamination of fresh water resources is occurring, finds that solution extraction of uranium constitutes a technologically feasible method of uranium extraction which threatens Montana's land and water resources to the detriment of existing and projected agricultural, recreational, domestic, and other uses. The legislature, pursuant to its mandate and authority under Article IX of the Montana constitution declares that it is the policy of the state to provide for the protection of the lands and waters of the state and therefore to make provisions for the control of uranium solution extraction and rehabilitation of lands and waters affected by this extraction.

Section 2. There is a new R.C.M. section numbered 50-1702 that reads as follows:

50-1702. Definitions. Unless the context clearly requires otherwise, in this act:

(1) "department" means the department of natural resources and conservation;

(2) "solution extraction" means any part of the process followed in the extraction of uranium by injection of a solvent into zones below the earth's surface and subsequent withdrawal of the solution and processing of uranium;

(3) "person" means a person, partnership, corporation, association, or other legal entity, or any political subdivision or agency of the state;

(4) "operation" means all of the premises, facilities, railroad loops or spurs, roads, injection or extraction wells, associated facilities, equipment, or any other surface or subsurface disturbance associated with or used in the process of solution extraction and processing uranium from a designated area.

Section 3. There is a new R.C.M. section numbered 50-1703 that reads as follows:

50-1703. Review by department. (1) The department shall review its authority and the authority of other state and federal agencies to control or regulate solution extraction of uranium.

(2) Upon completion of the review, the department shall prepare a report and make recommendations to the governor and to the 1977 legislature to accomplish the policy set forth in this act.

HeinOnline -- 1975 vol. I 611 1975

Section 4. There is a new R.C.M. section numbered 50-1704 that reads as follows:

50-1704. Suspension of action. No person may propose, initiate construction of or in any way undertake an operation for the purpose of solution extraction of uranium for a period of two (2) years from the effective date of this act.

Section 5. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 6. **Effective date.** This act is effective upon its passage and approval.

Approved April 8, 1975.

(a) provide the hospital, medical-surgical and other health services made available to its members and beneficiaries, and

(b) meet all costs and expenses.

(2) In addition, reserves of a health service corporation in cash, certificates of deposit, obligations issued or guaranteed by the government of the United States or other assets approved by the commissioner shall be maintained in an amount not less than:

If the corporation challenges the commissioner's disallowance of a form it shall request a hearing on that issue. The commissioner shall schedule a hearing as soon as practicable but not less than fifteen (15) days from the date of the request. If the commissioner finds, after the hearing, that the form is not in compliance with this act he may disapprove the form and issue a final order to that effect. Notice of disapproval, including the grounds for disapproval, shall be presented to the corporation not less than thirty (30) days after the hearing. The final order is effective thirty (30) days after the hearing.

HeinOnline -- 1975 vol. I 615 1975

(a) the appointee is a competent and suitable person who intends to hold himself out in good faith as the corporation's enrollment representative, and

(b) he qualifies under the provisions of this section, the commissioner shall issue to that appointee a license which states that the person named is a constituted enrollment representative of the corporation in this state.

(2) For appointees who have not acted as an enrollment representative for a health service corporation for a period of two (2) years prior to the effective date of this act, if he considers it desirable, the commissioner may, require an appointee to submit to an examination to determine the qualifications of the appointee to act as an enrollment representative in this state. This examination shall inquire into an applicant's knowledge of the provisions of this chapter and of the forms submitted and utilized by the employing corporation.

(3) Upon receipt by the commissioner of notification from a health service corporation that the corporation desires a particular individual to be appointed as its enrollment representative, that person has a temporary enrollment representative's license until the commissioner notifies the corporation of action taken upon the application. annually upon payment of the annual license renewal fee as prescribed in section 40-5917.

(3) The commissioner may suspend, for not more than twelve (12) months, or revoke or refuse to continue any license issued under this act if he finds that as to the licensee any one or more of the following causes exists:

(a) any cause for which issuance of the license could have been refused had it then existed and been known to the commissioner;

(b) obtaining or attempting to obtain a license through misrepresentation or fraud;

(c) violation of or noncompliance with applicable provisions of this chapter, or willful violation of any lawful rule, or order of the commissioner;

(d) misappropriation or conversion to his own use, or illegal withholding, moneys or property belonging to the health service corporation, its members, beneficiaries, or others and received in conduct of business under the license;

If an application consists of two (2) or more facilities, the filing fee shall be based on the total estimated cost of the combined facilities. The estimated cost shall be determined by the agency and the applicant at the time the application is filed.

(3) No fee as prescribed by this section may be assessed against any person, corporation, partnership, firm, association, or other private entity filing an application for a certificate under the provisions of the Montana Utility Siting Act, Title 70, chapter 8, R.C.M. 1947.

(4) In adopting rules prescribing fees as authorized by this section, an agency shall comply with the provisions of the Montana Administrative Procedure Act, Title 82, chapter 42, R.C.M. 1947.

(3) The hearings officer shall make a summary of what transpires at the hearing in terms of the responses of the parolee and the substance of the documents or evidence given in support of parole revocation and of the parolee's position. Based on the information given to him, the hearings officer must determine whether there is probable cause to hold the parolee for the final decision of the board of pardons as specified in section 95-3217.

If the hearings officer determines that there is probable cause to believe that the prisoner has violated a condition of his parole, the probation and parole officer shall immediately notify the board and shall submit in writing a report showing in what manner the prisoner has violated the conditions of release and this report shall be accompanied by the findings of the hearings officer. Thereupon, the board shall cause the prisoner to be promptly brought before it for a hearing on the violation charged, under such rules and regulations as the board may adopt. If the violation is established, the board may continue or revoke the parole or conditional release, or enter such other order as it may see fit.

CHAPTER NO. 337

AN ACT AMENDING SECTION 7-113, R.C.M. 1947, TO PERMIT STATE CHARTERED BUILDING AND LOAN ASSOCIATIONS TO CHARGE AN AMOUNT NOT TO EXCEED FIVE DOLLARS ($5) AS LATE PAYMENT PENALTY ON ANY PAYMENT MORE THAN FIFTEEN (15) DAYS LATE; TO CHARGE INTEREST ON THE LATE PAYMENT AT A RATE NOT TO EXCEED THE HIGHEST LAWFUL RATE AND TO ADD THESE LATE PAYMENT CHARGES TO ANY PAYMENT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-113, R.C.M. 1947, is amended to read as follows:

"**7-113. Powers and duties of building and loan associations.** Every building and loan association is a creature of the law having certain powers and duties of a natural person and as such has power:

(1) Of continual succession, by its corporate name;

(2) To sue and be sued, in any court;

(3) To make and use a common seal and alter same at pleasure;

(4) To appoint such officers or agents as the business of the corporation may require, and to allow them suitable compensation;

(5) To enter into any obligations or contracts essential to the transaction of its ordinary affairs, or for the purposes of the corporation.

(6) Such associations shall have power to issue stock to members on such terms and conditions as the constitution and bylaws may provide, but no association shall issue preferred stock.

(7) To assess and collect from members dues on stock and interest on loans at the times and in the amount as provided for in the constitution and bylaws. The combined total of the amounts paid to an association for interest, commission, bonus, discount and other similar charges, less a proper deduction for all dividends, refunds, and cash credits of all kinds, shall not create an actual net cost to the borrower in excess of the maximum lawful contract rate of interest in this state. Interest not exceeding the maximum lawful contract rate may also be charged on unpaid

HeinOnline -- 1975 vol. I 657 1975

interest, *principal* payments *or both,* from the time such payments are due. Interest, not exceeding the lawful contract rate, may also be charged and collected on delinquent stock payments when such unpaid payments are credited with dividends. Said interest shall in no event be at a rate exceeding the rate *percent* of the dividend declared on the same unpaid stock payments. No association shall charge or collect from any stockholder, member or borrower, any fines, premiums, or penalties of any kind whatsoever*; except that a late payment penalty not to exceed five dollars ($5) may be charged for payments more than fifteen (15) days late.* Any officer, agent or employee of any association collecting or attempting to collect any penalty, fine or premium of any kind whatsoever *except the late payment penalty* or any interest at a rate higher than provided in the note or other evidence of debt *or* in this act, shall be guilty of a misdemeanor.

(8) To permit members to withdraw all or part of their stock credits at such times and upon such terms, as the constitution and bylaws may provide; provided that no charge or fee, except as herein provided, shall be made against any member who withdraws his stock, after having given thirty (30) days' notice of such withdrawal; provided, also, that no fine of any description shall be made upon the par value of such stock or upon the declared dividends because of such withdrawal. Any member who withdraws his stock or whose stock is matured, shall be entitled to receive all dues paid in and all dividends declared less interest, if any, as provided in subsection (7), less a reasonable membership fee not exceeding two *percent (2%)* of the par value of each share of stock and less a prorata share of all losses, if any, which have occurred, and no other fine or assessments shall be made against such stock. Applications for withdrawal are to be registered on the books of the association in the order received and one-half of all cash collections, not required to meet outstanding contracts, must be used for the payment of the matured stock and of the withdrawals in the order registered; provided, however, that the other half of such collections each month may be used for the payment of withdrawals other than in the order registered, but no member shall receive more than one hundred dollars ($100.00) in any one month other than by payment of an application for withdrawal in the order registered. The term "outstanding contracts" includes the costs and expenses of operation, completion of loans, payment of taxes and assessments and necessary remodeling and repairs on properties owned by or mortgaged to the association, repayment of all borrowed money and all fixed charges.

(9) To cancel shares of stock upon which all credits have been withdrawn, or upon which loans have been canceled or stock upon which no payments have been made for a period of six (6) months, by returning to the stockholders all credits, if any, and reissue such shares as new stock.

(10) To issue stock to minors and permit the same to be withdrawn as other stock, and the receipt of such minor shall be a valid acquittance if his rights have been fully secured to him.

(11) To acquire, hold, encumber and convey such real estate and personal property as may be necessary for the transaction of its business, or necessary to enforce or protect its securities. Provided, not over ten

HeinOnline -- 1975 vol. I 658 1975

percent (10%) of the assets of any association shall be invested in home office buildings, furniture and fixtures. Also ownership of other real property acquired in any manner or for any purpose shall not be held for more than five (5) years, except by permission of the superintendent of banks.

(12) To borrow money, only when necessary not exceeding twenty *percent (20%)* of its assets except when borrowing from the federal home loan bank as hereinafter provided, and issue its promissory note therefor; provided, that the assets and securities of an association shall not be pledged or hypothecated to secure its borrowed money or for any other purpose, without the consent of the superintendent of banks. However, if the superintendent of banks determines that it is advisable to pledge assets in order that funds may be secured he may authorize such pledging or hypothecation; but in no event shall the margin of security pledged exceed twenty-five *percent (25%)* of the funds so borrowed except when funds are borrowed from the federal home loan bank; an association may borrow money from the federal home loan bank upon such terms as may now or hereafter be required by the federal home loan bank, and to execute the promissory note of the corporation therefor, and to pledge or hypothecate any of the assets of the corporation to secure the repayment of said loan, with interest, in accordance with the Federal Home Loan Bank Act, and the rules and regulations adopted or to be adopted thereunder.

(13) To make loans to members on the security of the shares of the association, and also on their notes secured by first mortgages on improved real estate, including suburban homes, but not on farm lands or mining property, for not to exceed seventy-five *percent (75%)* of the actual value of such real estate, and upon such terms and conditions as may be provided in the constitution and bylaws; provided, however, that in all cases where the promissory note, or other written evidence of the loan made by any building and loan association required the payment of said loan, or total aggregate sum of principal and interest in periodic installments, said promissory note, or other written evidence of debt shall specifically state the actual interest rate charged the borrower upon the unpaid balance of the principal amount at each periodic payment; provided, further, that when the note or other evidence of debt does not require the payment of said loan in periodic installments, the note or other evidence of debt shall specifically state the actual rate of interest to be charged the borrower.

Provided, however, that in all notes and mortgages now in force which do not specify the actual rate of interest charged the borrower upon the unpaid balance of the principal at each periodic payment, all payments made on the said notes must be distributed by crediting the same, first, upon the interest on the unpaid balance of the loan at the rate actually earned under the terms of the notes and mortgages, and the remainder upon the principal of the loan, and no charges or deductions from any of said periodic payments shall be permitted by any such association not specifically provided for in said promissory note or other evidence of such loan *except the late payment penalty and the additional interest charge on late payments.*

(14) To cancel such loans and release the securities on such terms as the board of directors may provide. But any borrower may have his loan canceled upon the following terms, to wit:

HeinOnline -- 1975 vol. I 659 1975

By paying all the interest up to date of cancellation and the sum actually borrowed, less payments on principal, dues paid in and the dividends credited.

(15) To invest the money of the association in:

(a) The bonds and securities of the United States, bonds and other obligations guaranteed as to interest and principal by the United States, and the stocks, bonds, debentures and other securities and obligations of any federal home loan bank created under the laws of the United States;

(b) The bonds and warrants of any state and of any county, city or school district of the state of Montana;

(c) The obligations of the federal savings and loan insurance corporation lawfully issued pursuant to Title IV of the National Housing Act;

(d) Improved real estate which has been sold under contract, including suburban homes, but not including farm lands or mining property; provided, however, that the total amount remaining so invested, excluding real estate otherwise acquired, shall at no time exceed fifteen *percent (15%)* of its assets; and provided further, that in no specific case shall the amount so invested exceed eighty-five *percent (85%)* of the price stipulated in the contract of sale or eighty-five *percent (85%)* of the value of the property so purchased, whichever is the lesser;

(e) Not to exceed ten *percent (10%)* of the association assets in other bonds and securities.

(16) To loan money to other building and loan associations;

(17) To make such semiannual distribution of all the earnings after payment of expenses and setting aside a sum for the contingent funds as herein provided;

(18) To amend its articles of incorporation by changing the name, place of business, the number of directors; to increase or decrease the capital stock and provide for its own continual succession by a majority vote of its directors; provided that no such amendments shall be effected until first approved by the superintendent of banks;

(19) To dissolve the corporation in accordance with the provisions of this chapter;

(20) To provide by constitution and bylaws, adopted or amended, by its board of directors for the proper exercise of the powers herein granted and the conduct and management of its affairs;

(21) All such other powers as are necessary and proper to enable such corporation to carry out the purpose of its organization.

(22) Any two (2) or more building and loan associations, by and with the consent and approval of the superintendent of banks, may consolidate and unite and become incorporated in one (1) body, with or without any dissolution or division of the funds or property of any such association, or any such association may transfer its engagements, funds and property to any like association upon such terms as may be agreed upon by a major-
